PROVINCIAL MINISTERS

(Continued from page one) HIGHWAYS AID TO PROVINCES.

the British North America Act will be introduced at the conference by Premier Gouin probably tomorrow. In the resolution it will be urged that all iederal grants to highways shall be in the nature of subsidies to be administered by the provincial authorities and by them alone. It will be contended that any proposal of Dominion aid to highways, which contemplates federal control of expenditures and federal direction of methods by which it is used in the provinces is in contravention of the British North America Act, which placed the question of highway improvement in the hands of the prov-

The question bears directly upon the highways bill introduced by Hon. Frank Cochrane and dropped by the government on account of amendments safeguarding provincial rights which were inserted by the senate. It is contended by several of the provincial premiers, who will back the proposed resolution, that even if the bill had succeeded in passing in its original form it would have been

AGRICULTURAL GRANTS.

A similar resolution in connection with grants to agriculture will be introduced by the psemier of Quebec tomorrow. Western premiers are expected to concur in these resolucions together with at least one of

PROVINCIAL SUBSIDIES.

A committee has been struck to draw up a resolution in connection am well ever since. with provincial subsidies. It is considered probable that the conference will pass an unanimous resolution, similar to that passed in 1906 and favoring an increased per capita zone lasts two months, price \$1.0 grant to each of the provinces. Most smaller sizes 25c. and 50c. A a of the provinces have about their present limit of raising money and

HEAVY DOCKET

(Continued from page eight.)

EVIDENCE TAKEN.

In the case of Stevensys Stevens, evidence was taken. The plaintiff, Mrs. Annie B. Steviens, went on the stand and swore concerning her marriage to the defendant and her living with him until she left on account of cruel treatment. She told also of having heard that the defendant was living with another woman.

Archibald McDonald of Sydney, N. , a boarding-house keeper, swore that the defendant had come to his touse with a woman whom he said All lighes were burning. Saw nothwas his wife and both had occupied ing of the body either time. the same room for some time. woman was not the plaintiff, whom he had never seen until yesterday.

The court adjourned till three p.m.

CATARRH OR COLDS NEVER QUICKLY CURED BY SWALLOWING DRUGS

Cough Syrup, Tablets, etc., go to the Stomach, Perhaps Sicken It, But Don't Kill the Germs of Catarrh

THE DIRECT BREATHING CURE IS BEST

To cure an ailment in the throat or chest, to rout out Catarrh or Asthma, It is essential that the medicine be conveyed direct to the affected parts. This is why no other remedy has achieved such world-wide success as Catarrhozone, which alone can be breathed in one second to every air cell in the breathing or-gans. The healing vapors of Catar-rhozone mix with the breath and descend through the throat, down the bronchial tubes, to the deepest aircells in the lungs-all parts are saturated with the rich piney essences that ease, heal and cure

"No one ever contracted a more obstinate attack of nasal catarrh than I suffered a month ago," writes Mrs. G. E. Root, a well-known resident of Bridgetown, W.I. "My head ached terrifically, I sneezed about every three minutes but still my nostrils were entirely closed and I could not breathe through them. Ten minutes inhaling Catarrhozone gave me a little relief, so I continued to use Catarrhozone every hour and before the day was out I had improved. Catarrhozone quickly cured me.

There is no remedy so certain and safe as Catarrhozone, but being good remedy it is imitated. Bewar of the substitutor. Large Catarrho storekeepers and druggists, or Catarrhozone Co., Buffalo, N.Y. and Kingston, Canada.

mangled condition about ten o'clock Friday morning, October 24. It was at the end of Campbell's Cut at the right side of the track. Did not know how the body came there. Witness came to Gibson Thursday night with the lengine and one car at 8.50. Engine was running with tender in front with light burning on rear of tender. Witness rangthe beli from the pit to Gibson, also blew whistle where he thought necessary. Witness returned to pit about 10.45 with light engine and observed the same rules. Witness returned to Gibson at 6.05 Friday morning after the crew

ALBERT ASHFORD.

Albert Ashford of Fredericton, was next sworn. He is conductor on the Minto Railway. Did not know the deceased. Came up Thursday night to Nashwaak Crossing. The first he knew of the accident was Friday morning when taking the crew down to work. He noticed what he thought was an old coat in the contre of the track between the rails. Went back about 6.45 Friday morning and found it was the body of a man lying face downward. Both legs were off. Witness left the body there and notified the coroner. Did not know where or how the accident oc-

JAMES SARGENT.

James Sargent of Bangor, Me., superintendent for Trites & Son on the railway, knew deceased by sight. He had worked on the railway. Wednesday, October 22, was last day he worked. His evidence was about the same as Mr. Ashford's.

The coroner then addressed the jury, who in a short time brought in the following vesdict:

'We find the man was accidentally killed by being run over by an engine while under the influence of liquor and that no blame is attached the construction company.
