King-Richardson Trophy Entering on Second Decade

Much Coveted Silverware
First Put up for Competition for Rugby Season of 1903--Record of Trophy-winners and of Scores in Matches--Plain-looking Trophy Has Produced Much Hard Football

The King Richardson Trophy, emblematic of the championship of the Intercollegiate Rugby League of the Maritime Provinces, is now in competition for the eleventh year. The college which wins it five years becomes its permanent owner. Acadia has won the trophy four years. Should she win again this year the cup will find a permanent resting-place at Wolfville. Advanced dope upon intercollegiate games has been astray several times since the King Richardson Cup was put up, so let it suffice to say that both Mount A. and U.N.B. are out to prevent Acadia from getting a strangle-hold on the silverware.

THE CUP RECORD.

The cup record is:
U.N.B., '03.
Mt. Allison, '04, '05, '10.
Acadia, '08, '09, '11, '12.
Not awarded, '07.
Three cornered tie, '06.
In 1907, Hughes, one of Acadia's forwards, was protested by U.N.B. because he was under suspension by the M.P.A.A.A. The protest was sustained by that body, which ordered the game replayed. The difficulty was settled by the trophy being withdrawn for that year.

PLAIN LOOKING TROPHY.

The King Richardson Trophy, which has been in the custody of Acadia for the past two seasons, is a small, two-handled cup of silver with little ornamentation. It was put up for competition by the King, Richardson Company, a United States book firm, students from the three colleges working as agents for that company during the summer vacations. It reached the Maritime Provinces early in 1904 and by agreement of the three colleges was awarded to U.N.B. on the showing made by that college's Rugby team during the preceding autumn. The local college has never had the custody of the trophy since, although coming near it on several occasions.

SYSTEM OF GAMES.

Under the present system of competition, each college plays each of the others one game each season. Home-and-home games would be fairer to all teams, but expense is the obstacle in the way. In even years U.N.B. plays Mount A. at Sackville and Acadia at Fredericton and Acadia and Mount A. play at Wolfville. In odd years U.N.B. plays Mount A. at Fredericton and Acadia at Wolfville, and Acadia and Mount A. play at Sackville.

The coming of the King Richardson Trophy did not mark the beginning of Rugby games among the three colleges. U.N.B. and Mt. Allison have played against one another almost from the introduction of the Rugby game in these parts, early in the '90's, and the same is true of Acadia and Mount A. U.N.B. and Acadia played here in 1895, Acadia winning 12 to 0, but regular games between the two colleges did not begin until 1902.

RECORD OF SCORES.

The record of scores in the King Richardson Cup games for the past decade are as follows:

1903.
U.N.B. 6, Mt. Allison 0.
U.N.B. 0, Acadia 0.
Acadia 3, Mt. Allison 3.
1904.
U.N.B. 6, Mt. Allison 0.
U.N.B. 3, Acadia 0.
Acadia 0, Mt. Allison 0.
1905.
U.N.B. 0, Mt. Allison 6.
U.N.B. 0, Acadia 1.
Acadia 6, Mt. Allison 8.
1906.
U.N.B. 0, Mt. Allison 9.
U.N.B. 1, Acadia 0.
Acadia 8, Mt. Allison 0.
1907.
U.N.B. 3, Mt. Allison 0.
U.N.B. 3, Acadia 6.
Acadia 0, Mt. Allison 8.

TOMMY MURPHY LEADS LIST OF WINNING DRIVERS

Frank Bogash Jr. Greatest Pacing
Winner---Tenara First Among
Winning Trotting Horses

(By Frank G. Trott in Boston Globe)
Statistics of the Grand Circuit performers, horses and drivers, are now in order, and money-winning tables are as numerous as "All-America" teams will be at the close of the football season.

With the varied conditions prevailing down the big line, keeping accounts correct in a single state is something of a task, so it is not strange that the several tables compiled by outsiders are not exactly alike. There is not a great deal of difference, however, and the ranking of the money-winners is the same.

Tommy Murphy stands at the head of the winning drivers' list, with Walter Cox second, Ed Geers third, Billy Andrews fourth, Lon McDonald fifth and Will Snow sixth. The Poughkeepsie reinsman has \$72,000 to his credit, which is \$9000 more than the tall Yankee.

The Moko mare, Tenara, 2:05 1/2, is first among the trotters with \$24,140, next comes the three-year-old stallion Etawah, 2:07 1/2, with \$21,375, then Lord Dewey, 2:03 1/2, with \$17,500, while the four-year-old Judson Girl, 2:10, is fourth with \$15,710.

Frank Bogash Jr., 2:00 1/2, overtops all the other pacers, the Canadian-bred world having taken down \$20,340 in his fourteen circuit starts. Leota J., 2:03, from California, stands second with \$11,625; Del Rey, 2:04 1/2, third, with \$9,733, and the three-year-old Tillie Tipton fourth with \$8,020.

The following tables are from the New York Sun, and will be found as accurate as it is possible for outside compilation to be:

U.N.B. 3, Acadia 13.
Acadia 20, Mt. Allison 0.

1913.

?	?	?	?	?	?
---	---	---	---	---	---

The three colleges played one another in 1902, the year before the trophy was put up. The scores were as follows:

U.N.B. 0, Mt. Allison 9.
U.N.B. 0, Acadia 0.
Acadia 0, Mt. Allison 0.

To Rugby followers the fact that this score of "one" appears in the foregoing record may be mystifying. It is explained by the fact that after the season of 1904, at a conference of representatives of the three colleges it was decided that in the case of drawn or tied games, a majority of touchdowns for safety would count one point. This action was taken to avoid ties in the league but has not worked out well. Many think that straight Rugby scoring rules such as hold in any other games would be better.

ROAD MAINTENANCE

Various Suggestions as to Distributing the Cost of Good Roads

With the appointment of the three highway commissioners by the Ontario Government come various opinions and recommendations regarding the good roads movement throughout the province. In the hope of getting suggestions the secretary of Ontario good roads communicated with the Reeves of various townships scattered about the province, and the result was a decided tendency to ask more money from the government. The most common recommendation is that the government pay one-half the cost of good roads construction, instead of one-third, as provided under the Highways Act. A second common demand is that motorists be compelled to pay more towards the roads they help to destroy. Complaints are made that motors wear roads out faster than the townships can afford to keep them repaired, and that it is the motor and not the horse vehicle, which does the bulk of the damage. This seems to be particularly the case in townships lying close to the larger cities. Force motors to pay a high tax, proportionate to weight of the car, is the suggestion. From one county comes the recommendation that the roads leading from large centers of population, bear the full cost, and hold this out as an incentive to the more remote districts. Some districts are not inclined to favor the movement entirely, stating that more progress will have to be made at less cost, or the system will rapidly become unpopular among the people who are now paying the bills. The government, however, might absorb a good share of that cost. The suggestion of a frontage tax comes from another county. It is a recognized thing that improved roads increase the value of adjoining farms and the recommendation is that these farmers help pay for the roads in larger percentage than those whose farms are benefitted less.

SAM LANGFORD GAVE JACK LESTER BAD SHOWING UP

Referee Had to Stop Bout in Fifth
Round---Knocked Down Four Times
by Langford

Taft, Cal., Oct. 27--Sam Langford of Weymouth, N.S., the negro heavyweight, demonstrated today that Jack Lester of Old Elum, Wash., had no right to enlist in the army of white hopes. The two met in a boxing bout scheduled for twenty rounds. Lester was knocked down for the count of seven in the second round, and in the fourth he was knocked down three times, being saved from a knockout by the bell. When the going rang for the fifth he was still so groggy that he did not arise from his chair and the referee gave the fight to Langford.

SACKVILLE COMMENT ON FRIDAY'S GAME

(Sackville Tribune.)
And "Hump" Campbell says that U.N.B. will defeat Mt. A. at Fredericton on Friday next. Well, it's nice to be sure, but the Mount A. boys have something to say about that.

Mount A.'s team is a good one and should make it interesting for U.N.B. when they meet in Fredericton on Friday.

Sears and Godfrey appear to be favorites with the Mount A. team. They are surely good ones.

Mersereau of Chatham, a new addition to the Mount A. team, looks like a good one. Capt. Godfrey knows a good thing when he sees it.
