HANDLING FIELD CROPS COMPETITION FOR 1921

The Department of Agriculture Takes Steps to Encourage the Growing of Good Seed—Generous Prizes Offered for the Best Crops of Grain and Potatoes—Rules Which Govern the Contest.

Field Crops Competitions will be conducted in the Province of New Brunswick during the season, 1921, on the following crops:—Wheat, Oats, Potatoes and Clover.

These competitions are conducted for the sale purpose of encouraging the growing of good seed, and incidentally, better crops. Farmers who do not plan to save their own seed supply, or who do not plan for a surplus for sale as seed, have no right to participate in competitions of this kind.

In accordance with the wishes of the Federal Seed Division, a number of the competitions will be of a dual nature—combined field and bin inspection, for which there must be at least fifteen entries in any particular crop in a county to constitute a competition. Prizes will be based thirty-five per cent. on the awards of the judges for the Standing Seed Crop, and sixty-five per cent. on the awards of the judges for the cleaned seed, the latter to be judged either in the sack or bin on the premises of the competitor on or after December 1st following harvest, and before March 1st, 1922. The stock seed must be of origin, approved by the Superintendent, Soils and Crops, N. B. Dept. of Agriculture.

The minimum quantity of cleaned seed that competitors must be prepared to submit to the judges on their premises in order to qualify for awards in the bin inspection are:—

First Crop Clover for seed will be judged early in August, second crop in September.

General Rules.

- (1) The variety must be named and source of seed designated when making entry.
- (2) Entry fee of twenty-five cents per crop will be charged.
- (3) Entries will not be received for more than one variety of wheat or oats from one farm.
- (4) Entries accompanied by the stipulated entry fees must be lodged with the Secretary of Agricultural Society, located in the competitor's district, before July 15th, 1921.
- (5) The Secretary of each Agricultural Society will forward all entries and one-half of fees thus received to the Superintendent of Agricultural Societies, Fredericton, N. B., on or before July 20th, 1921.
- (6) Entries not lodged with the Department of Agriculture before July 25th, 1921, and entries not accompanied by the specified entry fee will not be judged.
- (7) A prize will not be awarded on any crop that does not score 85 points out of a possible 100 points.
- (8) In the case of dual competitions, field and bin inspection, bin inspection will not be given in any case where the field inspection does not show a score of 85 points or over.

Dual Competitions are conducted in counties where there is a possibility of establishing seed-producing centres. The plan worked splendidly in Westmorland County in 1920, with the Oat Crop, and as a result a considerable quantity of grain was graded and sold for seed purposes at a premium over the ruling market prices for ordinary commercial grades. Pass this information on to your neighbors and help to boost the growing and grading of better seed in New Brunswick. Save this notice for future reference.

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjinga" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.

Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulations in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no opium or other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c. a bottle at druggists.
