BUSINESS COLLEGE

It is a GOOD TIME to enter for a Shorthand or Commercial Course. For full particulars apply to Lt. Colonel W. J. Osborne, President, Fredericton, N. B.

MAY FIND ANOTHER JOB FOR RIDEOUT

Sydney, N. S., June 25.—Immediate steps to secure the appointment of George R. Rideout as chief inspector for the Island of Cape Breton under the N. S. T. A. were decided upon at a general meeting of the Social Service Council and other citizens held in the Y. M. C. A. Wednesday night. Further public meetings and a monster petition to the provincial government is planned by the executive in Sydney proper, and the movement is already under way in Glace Bay and other towns of the island.

At Glace Bay the petition is already in circulation and over 1,200 names have been appended. A big public meeting takes place there tonight.

Dominion No. 6 is also signing almost solidly for the proposed appointment.

Arrangements for the circulation of the petition in the city have been left in the hands of the executive of the S. S. C. and all details will be rapidly completed.

Simultaneously, the city council will probably be given another chance to redeem its character and save itself from annihilation next March.

MAY VOTE ON AUGUST 15

Toronto, June 25.—It is said that the West York by-election has been tentatively fixed for Monday, August 15, and that the date fixed for the Conservative convention to select a candidate is Saturday, July 9.

It is understood that these dates are subject to change in case Premier Meighen is unable to return from England in time to take part in the election of August 15. It is said that he will make his first speech in West York upon his return from the imperial Conference in London.

Len, Wallace, warden of York County, brother of the late Capt. Tom Wallace, whose death has created the vacancy in West York, and A. J. Anderson, a former alderman of this city, are said to be candidates for the party nomination.

LUMBER AND THE TARIFF

We believe that lumber ought to be left on the free list. Our own forests are so depleted and our own prices so high that all building and most lines of manufacture are handicapped. All building and most manufactures which use lumber either in their product or in shipping will be assisted by keeping it on the free list in order that we may buy from the vast supply available across our northern border. Such an arrangement is for the good of the vast majority. Certainly to advocate such a good is not against Republican principles.

BANDITS LOST THIS TIME

Elgin, Ill., June 25.—Three bandits who attempted to rob the Farmers' Bank of Schaumburg, near here, today not only obtained no loot but left one dollar of their own money.

The bandits were foiled by H. W. Freise, president, who, although shot by one of the robbers, set off the burglar alarm. The robbers, who had given Freise a dollar to change and then commanded him to hold up his hands, when he turned his back ran from the bank when the alarm sounded.

ROBIN BROUGHT DOLLAR BILL

Brockville, Ont., June 25.—Frank W. Logan, Grand Trunk locomotive engineer and member of the town council, was sitting on his veranda last night when a robin approached with a piece of green paper in its bill. This the robin dropped in the lawn. It was found to be a one dollar bill, carefully folded and evidently taken by the bird from a milk bottle at some nearby house.

Great Britain is selling old warships cheap. They are going to the junk dealers. A warship is unlike a decrepit horse. It cannot be turned out to pasture, to revel in a heaven of clover until such time as it passes on to fertilizer.

An optimist is a man who doesn't become a pessimist when he is broke.

THE HUNTER
knows
the value of
MINARD'S

ELLISON Gray, a well known Nova Scotia guide, writes:

"Have used MINARD'S LINIMENT in my home, hunting and lumber camps for years and consider it the best white liniment on the market. I find that it gives quick relief to minor ailments, such as Sprains, Bruises and all kinds of wounds. Also it is a great remedy for coughs, colds, etc., which one is liable to catch when log driving and cruising during the winter and spring months. I would not be without MINARD'S LINIMENT and cannot recommend it too highly."

YARMOUTH, N.S.

HARVEY STATION.

Harvey Station, June 21.—Robert Swan, of Commox (B.C.), accompanied by his wife arrived on Thursday to make an extended visit to relatives and friends at Tweedside. Mr. Swan left Tweedside forty-six years ago and has been a resident in the western provinces ever since. Several here remember him well and extend to him a welcome.

James Hunter, who has not been in good health for some weeks went to Fredericton on Tuesday to undergo a course of treatment in the hospital. The recent rains have been of much benefit to the crops in this section and grain and root crops in are likely to be fairly good, but the drought has shortened the hay crop considerably.

Rev. J. F. McKay, who has been pastor of the Presbyterian congregation of Harvey and Acton for the past two years, has resigned his charge and will take charge of the congregation at Millford (N.S.), next week. Mr. McKay was formerly pastor here for several years.

KILLED ON TH. RAIL

Campbellton, June 24.—The Ocean Limited was thirty minutes late reaching Campbellton Wednesday. The delay was caused by the train running into a horse and wagon at St. Germaine near Drummondville Tuesday evening. The driver was so badly injured that he died before reaching Drummondville, and the horse was instantly killed and cut to pieces. The carriage was also broken into kindling wood.

IS YOUR STOMACH SOUR? DO YOU BELCH GAS?

If you have sour risings from the stomach, feel bloated and uncomfortable, just try twenty drops of Nerviline in sweetened water. Relief will come quick. Nerviline dispels the gas, sweetens the stomach, makes you fit and fine in a few minutes. As a general household remedy for many of the ills that constantly turn up, nothing is more useful in every home than a 35-cent bottle of good old "Nerviline."

"More thought is our greatest need in meeting the problems of today," according to the president of Harvard University. Many had not stopped to think of that.

Ideal June weather takes the mind of man off next winter's coal supply.

Canadian Pacific

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjanga" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.
