CANADIAN PACIFIC HAS HAD A SUCCESSFUL YEAR

Report of President Beatty Comes as a Gratifying Surprise to the Country—Earnings of Big Corporation Amounted to Slightly Over 11 Per Cent—Surplus Left After Dividends.

Montreal, March 20—The annual financial statement of the Canadian Pacific Railway for the year ended December 31 last, has come as a gratifying surprise to the country generally, and is striking evidence of the efficiency of private management of public utilities even in the face of lessened industrial activity and financial uncertainty. President E. M. Beatty and those associated with him in the direction of this great enterprise are to be congratulated on the success of their efforts and must be accepted as in the nature of excellent advertisement for Canada. It must have been no easy task for the executive of the Canadian Pacific to have achieved these happy results which are revealed in the statement when railways all over the continent running through densely populated areas and centers of the greatest industrial activity continuously show deficits. The report shows that the company earned slightly over 11 per cent. on

been deducted and the balance added to previous surplus the present surplus at credit of special income account amounts to \$18,580,291.

Other features in this statement show gratifying results all over the system and with the success achieved in a year or more or less uncertainty, the Canadian Pacific can look forward to still greater achievements in the future, when business normality is restored.

WILL WATCH FINANCIERS OF THE CITIES

(Financial Post)

Throughout Canada business men are taking a much closer interest in civic finance during the present year than they have displayed for a number of years. The day of easy profits is past; manufacturers, retailers and other business men see that they must fight for prosperity, and they realize that every dollar they save on business expense means many dollars more in the ultimate profit reckoning. Their taxes municipal taxes as well as Federal taxes, have been steadily increasing since the beginning of the war and they are now taking an active interest in civic finance with a view to injecting more business system into their local assessment and taxation matters.

Boards of Trade from coast to coast in Canada have detailed committees to check over civic budgets and demand of their finance committees and city councils that appropriations be kept to the absolute minimum, that capital expenditures be postponed wherever possible, and the economy be more than an election cry.

Practical Co-operation

In St. John, for instance, the Retail Merchants' Association sent a delegation to the City Council to point out that as this will be a year of small profits or no profits in business the tax-paying ability of the people will be less, and that new burdens should not be imposed. In Calgary the Board of Trade heard a series of addresses from leaders of the civic government on the finances of the city. In other cities similar bodies of business men have been working along the same lines.

Hubby—I wish you'd stop this everlasting picking flaws in your friends! Wife—That's just like you! Never wait me to have the least pleasure.

A bachelor says that love turns out more pessimists than optimists.

E. W. BEATTY,
PRESIDENT
CANADIAN PACIFIC RAILWAY

its \$26,000,000 common stock. Last year earnings on the common outside of special income equalled 7.17 per cent., in 1919 about 7.32 per cent in 1918 7.85 per cent., and in the previous year 11.78. In 1919 earnings from special income amounted to 3.48 per cent as against 4.32 per cent for 1920, which is the largest in the periods mentioned.

Gratifying Feature.

The outstanding feature of the report is gross earnings which create a record and amounted to \$216,641,349, against \$176,929,060 the preceding year, and \$157,537,698 in 1918. Operating expenses at \$183,48,305, however showed an almost corresponding increase and with an increase of over \$600,000 in fixed charges and deducting the usual \$500,000 pension fund reserve, the balance left for dividend distribution amounted to \$21,877,635 about \$393,891 down from the preceding year.

After dividends, a surplus of \$450,359 compared with \$844,250 the preceding year, and \$2,203,621 in 1918. Special income at \$10,966,448 showed an increase of over \$1,900,000 and after dividends of 3 per cent. had

INFANTICIDE CHARGED.

St. John Girl Will Face Serious Charge—Now Under Medical Care at McAdam.

Miss Margaret Long of St. John who had been employed about a week as a domestic at the C. P. R. Hotel at McAdam will face the serious charge of infanticide as soon as her physical condition will permit. She is at McAdam at present, under the care of a physician. The body of a child with a shoe-string tied about its neck was found in a bathroom at the hotel in McAdam Sunday morning. The young woman admitted that she had given birth to the child. Her arrest will follow as soon as possible. A coroner's inquest was held by Dr. B. H. Dougan of Harvey on Sunday night and a verdict of infanticide was returned.

Rheumatic Pains?

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no opium or other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c. a bottle at druggists.

A dollar saved is a dollar earned. And a dollar spent is a dollar yearned.

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjanga" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.

The Cause of Colds

Men who work indoors—in offices, stores, factories and warehouses, are in constant danger of contracting coughs and colds, through over or under heated buildings and cold draughts. Their most reliable protection is

HAWKER'S Tolu and Cherry BALSAM

which quickly and effectively checks these colds, preventing dangerous complications.

Mont McDonald, Barrister, St. John, says:—"For three months I suffered with a severe bronchial cough which baffled all treatment. Hawker's Tolu and Cherry Balsam was suggested and less than two bottles completely eradicated the cough. I recommend it to all similarly afflicted."

25c. and 50c. bottles, at all drug and general stores.
