

Children Cry for Fletcher's

CASTORIA

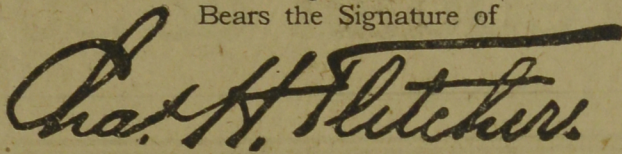

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The six best March photoplays, selected by Broadway critics, are listed thus: The Kid, Charles Chaplin's new six reel comedy; The Gilded Lily, Mae Murray's first starring vehicle; O'Malley of the Mounted, William Hart's new film; The Idol of the North, starring Dorothy Dalton; Ben Revel, a Thomas Inch production from a story by Louis Horsemann of the Apocalypse, the Metro picturization of the Ibanex novel.

WINSOME MARGUERITE

Marguerite Clark is the star of Scrambled Wives.

Is a petite creature four feet ten inches in height.

Is married to Lieut. H. Palmerson Williams of New Orleans.

Has a charming home near that city. Her picture was made from a successful stage comedy.

PAYS TO ADVERTISE

No less than 20 different manufacturers of automobiles offered to furnish a car for Earle Williams' next production, The Secret of the Silver Car, and to decorate it to correspond to anything required by the story. These offers were politely declined. To solve the problem without favoring any particular make of car, Vitagraph has constructed a special custom built car carrying no maker's trademark.

Anita Stewart's next is The Price of Happiness.

Neal Hart and company are now making sea scenes for Hart's next picture, God's Gold.

Percy Marmont has just completed filming What's Your Reputation Worth? a Co-Edna Griffith picture for Vitagraph.

Priscilla Dean will play two roles in False Colors, her new Universal picture.

Doris Kenyon will be Thomas Meighan's leading woman in The Conquest of Canaan. Booth Tarkington's story transferred to the screen. Others in the cast will be Diana Allen, Ann Eggleston and Alice Fleming.

Kate Bruce, who played the mother in Way Down East, will play the role of Youth's mother in the George Fitzmaurice production of Experience for Paramount.

Milton Sills is Gloria Swanson's leading man in her first starring picture, The Great Moment.

Gladys Walton will appear next in the Universal film The Man Tamer, a circus drama.

Anna Q. Nilsson, is the featured player in Without Limit, a new film made from the Saturday Evening Post story, Temple Dusk by Calvin Johnston.

LAPORTE MAY
SUCCEED AMES

Ottawa, March 18—Sir Herbert Ames' resignation as member of parliament for the constituency of St. Antoine, Montreal, announced after considerable delay, will in all probability be availed of by the government in its effort to get a representative from Quebec. This constituency has been uniformly Conservative since 1896 and Sir Herbert Ames has been getting increasing majorities ever since 1904. His opponent in 1917 was not very strong politically in that constituency, though an alderman in the Montreal city council. Sir Herbert Ames won by a majority of 3,114.

It is understood to be the intention of the Conservatives to have Sir Horridas Laporte run if he can be induced to do it. As an ex-mayor of Montreal, an old Conservative, wealthy and respected and one more over who has never withdrawn from active association with the government his chances for election are conceded to be better than those of any other Conservative French-Canadian. It is only a question of inducing the

LOCAL TRACK
REPRESENTED
AT MONCTONP. S. Watson Holds Proxies of
Four Tracks in the New
Brunswick and Maine
Circuit.

P. S. Watson left this morning for Moncton to represent the Fredericton Trotting Park Association at the meeting of the New Brunswick and Maine Harness Racing Circuit to be held in that city today. That circuit conducted the organized racing in this Province in the 1920 season and is still in existence although several of the tracks which hold membership in it have joined the newer organization formed by Aroostook County and New Brunswick tracks.

Mr. Watson will hold proxies from the tracks at Houlton, Woodstock, St. Stephen and Fredericton. Chatham which will be represented will take the same view of matters as Mr. Watson and the five tracks form an overwhelming majority of the membership. Moncton and Springhill, N. S., were in it with St. John a semi-member.

The tracks represented by Mr. Watson and Chatham are willing to dissolve the circuit or in the dates selected by the new circuit will be accepted by the older to retain their membership. Moncton has been the disruptive influence. If it is suppressed the N. B. and Maine Circuit may continue partially merged with the other.

HAS A CURE
FOR MALADIES
OF EUROPE

Special to Daily Mail. Copyright 1921 by Cross Atlantic News Service.
Vienna, March 16—S. S. McClure the former publisher of McClure's Magazine recently in Vienna, discusses Austrian conditions which he has been studying. He says:

"Europe is suffering from the effects of the most artificially created impediments ever conceived by human minds. Europe looks toward America, but it has to learn one lesson which accounts for America's prosperity and success: In the utilization of its natural resources. America thinks in continents and if Europe refuses to scrap her antiquated ideas and theories if she persists in considering political barriers and 'Communism,' an unparalleled catastrophe is inevitable. "There are 'Communists' in the United States, but their number is too small to influence our social and economic organization. The bulk of our people belongs to a race characterized by self-confidence; they do not ask for favors or help. The minority which lacks this quality we style 'the whining breed.'"

Mr. McClure stated that he was aware of Austria's precarious conditions, the accidental distribution of natural resources having starved Austria. Other nations suffered too, though in a lesser degree.

"There is one remedy," he said, "establish relations between the Euro-

NEARLY CRAZY
WITH ECZEMA

No rest day or night for those who are afflicted with that terrible skin disease, eczema, or as it is often called, salt rheum.

With its unbearable burning, itching and torturing, relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no remedy that has done, or can do more for those who are almost driven to distraction with the terrible torture.

Apply it externally and it takes out the stinging, itching and burning and promotes a healthy healing.

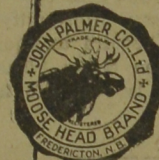

Take it internally and it gets at the source of the disease in the blood—for eczema is a blood disease—and drives it out of the system.

Miss L. M. Boutilier, 89 Victoria Road, Halifax, N. S., writes: "I have suffered for years from eczema. I could not rest day or night. I suffered great agony and was nearly crazy with the itching and burning. I used all kinds of salves, but nothing seemed to help me. I saw Burdock Blood Bitters advertised, and was advised to try a bottle. I found great relief, and I really cannot recommend it highly enough for what it has done for me."

Burdock Blood Bitters has been on the market for over forty years, and during that time has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

pean countries which will reduce these obstacles to a minimum. There must be no restrictions; trade, transport and distribution of material must be unfettered."

Germany isn't too poor to pay the indemnity. She's too stubborn.
