CHURCH CONFERENCES TO BE HELD NEXT MONTH

Bishop Clergy of the Protestant Episcopal Church of the United States to Gather in New York--Attitude of the Church on Marriage and Divorce to be Defined--Catholic Missionary Congress to be Held in Boston

New York, Sept. 20--Several unusually important church conferences or conclaves will be held during the coming month and in view of the vital questions to be discussed and decided at some of these gatherings their outcome is awaited with a great deal of interest in church circles throughout the country.

Bishops and clerical and lay deputies of the Protestant Episcopal church in the United States will gather in New York City on October 8, to the number of about eight hundred to attend the forty-third triennial general convention. It is twenty-five years since a general convention has been held in New York City and the leading clergymen and laymen of the diocese have made every effort to make the occasion notable in the annals of the church.

The completion of the new Synod Hall, at Amsterdam avenue and 110th street, will afford a magnificent meeting place for the House of Deputies. The House of Bishops sits separately from the House of Deputies and will hold its sessions in Old Synod Hall. The delegates will come from every part of the United States and will represent the communicants of the Protestant Episcopal church in this country, of whom there are about 1,000,000. The convention will include 100 bishops and 600 deputies, 300 of whom are clergymen and 300 laymen.

One of the proposed changes in church law which will come up at the convention and which, it is expected, will be debated with great forcefulness by the advocates of both sides, will affect the representation in the convention, so that such representation in the convention shall be based on the number of communicants in any

diocese instead of being the same for all regardless of the number of communicants.

Another matter which is expected to give rise to considerable discussion is the question of changing the name of the church. This matter has been agitating for a long time but the views concerning the name to be substituted for the present designation of the church are widely divergent. A majority of those who are dissatisfied with the present name, seem to favor the name of American Catholic Church. Another subject of considerable importance to be considered is the attitude of the church to marriage and divorce.

The second American Catholic Missionary Congress, under the auspices of the Catholic Church Extension Society, which will open its session in Boston on October 19, is looked upon as one of the most important Catholic church gatherings held in this country for many years. Eighty bishops from different parts of the United States, Canada, Mexico and other countries, hundreds of minor members of the Catholic clergy and thousands of laymen will attend the gathering.

The Catholic missionary work of the world will be discussed at the coming congress and plans will be formulated for carrying on this work with even greater zeal than heretofore. The necessity for this is realized and appreciated by the entire Catholic clergy. The Holy See has appointed the Most Rev. John Bonzano, D.D., Archbishop of Milan, and Apostolic delegate to the United States, as his special pontifical delegate to this congress, a most signal tribute to the importance of the gathering.

Trade Reviews of Commercial Agencies Show Expansion of Business During the Week

New York, Sept. 20--There is no market in London today. In banking circles there is discussion of the possibility that gold may be engaged for shipment to New York in the coming week, when the arrival of the metal from South Africa will reach 1,250,000 pounds, the largest amount ever received in open market.

Trade reviews of the week are favorable, the commercial agencies reporting a considerable expansion of business.

The latest theory regarding the outcome of the new Haven investigation is that the company will obtain permission to issue its debentures but without the convertible feature.

THE WEEK-END MARKET.

The market this morning was not quite up to that of last Saturday, although it was quite a large one. There has been a good supply of farm produce brought to the city during the week, therefore the demand this morning was not quite as brisk as usual. Prices were as follows: Potatoes per bbl., \$1; apples per bbl., \$1.50 to \$3; butter per lb., 30c; eggs per doz., 30c; turkeys per bbl., 50c; carrots per bbl., 75c; cucumbers per doz., 12c; green tomatoes per peck, 25c; lamb per quarter, \$1 to \$1.25; geese per lb., 7 to 9c; pork per lb., 10 to 12c; chickens per pair, \$1; ducks per pair, \$1.25.

THE WRONG JUDGE.

The Montreal Star of Wednesday, published a portrait of the late Hon. George F. Gregory of this city, together with the following inscription: "British Columbia jurist, formerly of New Brunswick, who surprised his friends by secretly marrying Miss Nan Thompson, daughter of Senator Thompson on Sunday."

ONE FOR HONEST JOHN

St. John New Freeman: Old man Pinder, of York county, has recently been chiding our gracious Premier for allowing Mr. Morrissey to be chief in his own department, and insinuates that some of our Cabinet ministers are afraid of the strong man from Northumberland. We think the Premier and his colleagues understand the situation well enough to know that Honest John's record is silver clean, and accordingly he would be a dangerous man to arouse at the present juncture. Northumberland may well feel proud of her stalwart chieftain.

All Attendance Records Broken at the Exhibition

Total Number of Paid Admissions up to Last Night was Close to the Thirty Thousand Mark--Directors and Officials Have Received Many Congratulations on the High Character of the Show--More Fakirs Given the Run by the City Marshall

The attendance at the Fredericton exhibition passed the 30,000 mark this morning and a new record for attendance at a six-day exhibition has been made. With fine weather today and an official Children's Day, it is probable that the total attendance will come near 35,000, surpassing that of the ten-day fair. Yesterday the turnstiles registered 7,918 paid admissions.

Secretary W. S. Hooper has issued strict orders that everything is to be left on the fair grounds until 10.30 p.m., the hour at which the exhibition of 1913 closes officially.

GOOD ORDER KEPT.

A very gratifying feature of the exhibition which will close tonight has been the good order kept during the week. The police on duty in the city had no trouble that was at all extraordinary and at the fair grounds excellent protection was afforded by the special officers and in spite of the fact that the concession men and other denizens of the midway included in their number some of the toughest characters that have been in Fredericton.

DROPPED THEIR MONEY.

In spite of the constant vigilance of City Marshal Roberts and his specials at the fair grounds, some of the fakers succeeded in separating the unwary from their cash. A number of these fakers were run off the grounds but those who stayed were up to their tricks whenever the police were not watching. Yesterday Lewis Avery of Carleton county, bucked the three-card game to his sorrow. He paid for his experience with seventy dollars, the fakers getting away with the money. Another man approached a French fortune-teller and had his future so well explained that he permitted the lady to tell him how much money he had in his pocket-book. The pocketbook of course, had to be shown to the lady. After the fortune-telling was over the victim found to his amazement that there was just forty dollars missing. He made a complaint to the City Marshal, who made the French lady disgorge and leave the grounds. A number of other fakers were run off the grounds yesterday.

THE PRIZE-MONEY.

Of the \$15,000 put up in premiums \$8,000 has been paid out to prize-winners. There were no contestants for the balance. The amount awarded was divided according to territory as follows:

New Brunswick	\$4400
Nova Scotia	2000
