

**Replaces Gold Beating**  
A new process for making gold leaf, invented in England, electroplates the metal in a thin paper layer upon nickel and a base metal.

The electric current is always cut off when King George passes along a street with overhead trolley wires.

#### REPAIRS

One of the world's largest church organs is an electrical instrument at Hamburg, which has 12,173 pipes, some of which are 37 feet long.

#### Helps the Dentists

Apparatus delicate enough to measure the roughness or softness of the enamel of the teeth, even in their slightest stages, has been invented.

## TO BENEFIT OTHER SUFFERERS

### You May Publish My Letter About "Fruit-a-tives"

Mr. Jones is proud to acknowledge the great debt of gratitude he owes "Fruit-a-tives". He is glad to have his letter published in order that other sufferers may be induced to try these wonderful tablets made of fruit juices.

SARNIA, ONT., FEB. 5th. 1911

"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but derived no benefit whatever. Finally, I read an advertisement for "Fruit-a-tives". I decided to give "Fruit-a-tives" a trial and they did exactly what was claimed for them. I have now taken them for some time and find they are the only remedy that does me good. I have recommended "Fruit-a-tives" to a great many of my friends, and I cannot praise these fruit tablets too highly."

PAUL J. JONES.

50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

### BOMBS FROM THE AIR

Dirigible Balloons Add to the Horror of Naval Warfare

The Zeppelin dirigibles are so constructed that they can come to rest on the sea, but they require special moorings. With even five of these airships searching specified areas from low or medium altitudes in the air, it is difficult to see how the battleship can remain undiscovered. The new rigids being built in Germany will, it is reported, have a speed of nearly sixty miles per hour, and a scope of action of thirteen hundred miles, so that one of these vessels would itself be quite capable of exploring a very large extent of sea and coast line. These aerial cruisers are to carry no less than eight tons of explosives and improved bomb-dropping appliances.

The moral effect of the dirigible in sea warfare of the future is bound to be very great. One can well imagine what an outcry there would be were a Dreadnought to be put out of action by the bombs of an airship, and yet such an occurrence is by no means impossible. The man in the battleship has already an anxious time of it, knowing as he does that he has to avoid the attentions of the submarine, the mine, and the torpedo. But now, that the airship has been added to all these terrors, the extra strain that will be thrown upon the sailor's nerves will be almost unbearable.—Chamber's Journal.

#### Aerial Fleet Wanted

It has been suggested by a British maritime league that every county in England, Scotland and Wales present an aeroplane to the government for military purposes.

#### Science in Restaurants

Electric mechanism similar to that of automatic telephones has been invented to enable a restaurant patron to order a meal by numbers from an index bill of fare.

Montreal's total debt, if divided up equally among its population, would leave everyone in the city in debt to the extent of \$112.

**Electric Restorer for Men**  
Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. Phosphonol will make you a new man. Price \$3 a box, or two for \$5. Mailed to any address. The Seabell Drug Co., St. Catharines, Ont.

Sold in Fredericton by A. J. Ryan.

### FEW RED-HAIRED MEMBERS

The red-haired men in the British House of Commons can be counted on the fingers of one hand. Captain Gilmore, the Scottish Whip, is included among them. Mr. Cecil Beck and the Hon. John Lyttelton are regarded by their fellow-members as being the same way inclined. "People with red-dish hair," says Mr. William Llewellyn, A.R.A., the painter who did the State portrait of the Queen, "usually have very fine flesh color, though I think, as a rule, they are not as good-looking as darker people. The features of the latter are of better form. In Wales and Cornwall people are either red or black, and often both in one family." It may be pointed out that Charles Dickens seems to have had a prejudice against red-haired people. He gave Uriah Heep hair of that color.

THE WELL-KNOWN ENGLISH LABOR LEADER  
TOM MANN

Manager Joe Tinker believes that Cy Morgan will prove a big help to the Reds' pitching staff. Cy was a star in the big yard for several years, and this season he has pitched brilliant ball for Kansas City.

### CHEAP FARES TO TORONTO EXHIBITION.

In connection with the Canadian national exhibition at Toronto, which will be held this year from August 23rd until September 8th, the Intercolonial Railway will give very low excursion rates which will give the opportunity to many to visit the Queen City on the occasion of its great annual fair.

The Toronto fair is the largest and most attractive of annual exhibitions in America, and this year new permanent buildings have been constructed and its extensive boundaries enlarged by new boulevards. Aside from the attractions of the exhibition a visit to Toronto at this season is sure to be enjoyable especially in view of the very low rates prevailing. From Fredericton the round trip will be \$22.90 good going August 21, 23, 25, 26 and 27 and Sept. 3 and 4. A special rate of \$16.45 will prevail on August 22 and 23 and on September 2. All tickets are good to return September 10. Maritime Province travellers will have their choice of two through vestibuled trains, the Ocean Limited and the Maritime Express, both of which connect at Bonaventure union station, Montreal, with the through Grand Trunk trains for Toronto. It will be well for intending travellers to apply early for reservations.

#### ADVERTISING TALKS.

◆ One hundred cents make one dollar.  
◆ Yet when you spend your dollar how efficient is it? Do you get 60c., 80c. or 100c. worth?  
◆ The answer is squarely up to you. It depends upon your method of spending.  
◆ If you are alive and interested in finding out for yourself the "what, when and where" of money spending, every purchase, every investment you make brings you the fullest possible returns for your dollar.  
◆ The man or woman who reads and advertises intelligently and continually makes a dollar do its full stint of work.

#### Strength of Insects

If you were as strong, proportionately, as the beetle is, and were a man weighing a couple of hundred pounds, you would be able to lift with ease 400,000 pounds. For a beetle can lift a weight that is just 200 times its own weight.

Or, if you could jump about with the same ease as the grasshopper, you could spring over a church without much effort.

Or, again, if you wanted to be nearly as strong as the bee, you would have to drag after you a load weighing 4,000 pounds.

It seems, apparently, from such observations made by naturalists, that the greater in size the animal the greater is the muscular energy needed to move it about, and that there is not much left for outside force.

#### A Costly Metal

Platinum is among the most precious metals in existence. It is now more than twice as expensive as gold. The metal has been utilized more extensively during the past few years than ever before in the jewellery industry, in the chemical laboratory and in the industrial world.
