A MILLION DOLLARS FOR GOOD ROADS

One of the most important of the many road improvement plans now under way in various parts of Canada is that just launched in Essex County, Ontario. At a meeting of the Council, on Thursday, October 16th, a by-law was drawn up for presentation to the voters next January. This by-law calls for the raising of a million dollars to provide for concrete roadways covering no less than 150 miles, and connecting all the important communities of Essex County. The proposed routes of the concrete roads will completely circle the county and afford the finest type of highway connection to the farmers for reaching Windsor or any of the smaller towns.

With the assistance of Engineer Huber of the Ontario government, the committee appointed at the last session of the council, went over the different roads proposed for paving. Basing his recommendation upon the fact that the route will be used for much heavy traffic, Mr. Huber made his report in favor of using concrete throughout.

An interesting feature of the plan as outlined, is the provision of a continuous route of good roads. There have been instances where otherwise excellent road development ideas were, in a measure, spoiled by failure to have the good road a continuous good road. The Essex County Council have shown their wisdom and far-sightedness by providing for the complete connecting up of the proposed concrete stretches, so that in the interruptions of unimproved or bad roads. While not in a straight line, the completed series of roads will be, in effect, one long continuous highway all of concrete, and taking in practically the whole of Essex County.

There would seem to be a peculiarly enterprising spirit in the vicinity of the Detroit River. On one side of the river we have Wayne County, Michigan (the county of which Detroit is the principal centre) with approximately one hundred miles of concrete county highways. This magnificent series of highways has been a model for other communities, and has attracted visitors on inspection tours from all over the world. Now comes Essex County, a sister community, on our side of the river, with a plan which bids fair to fully equal that of Wayne County, and which will perhaps, eventually eclipse the splendid road system that is the pride of Michigan. The building of 150 miles of concrete highways such as Essex County is to have, means a model county from the viewpoint of inter-communication between towns. Doubtless we will find deputations of municipal officers visiting Essex County to obtain pointers on how best to link together the farm communities with the market places. The eyes of all North America will turn toward Essex County and watch with growing interest the completion of this project.

LEAVING THIS EVENING

Ex-Ald. Hugh Calder is to leave this evening for California where he will pass the winter.

EVER HAVE CRAMPS, NAUSEA, VOMITING?

THEN USE NERVILINE

For Stomach Pains and Cramps No Remedy so Prompt as Nerviline

A WESTERNER'S EXPERIENCE RELATED

"It's in an unsettled part of the country like our far west that proves how valuable Nerviline is in the home," writes Mrs. Patrick M. Dehaney, from Fort Saskatchewan. "Chills are frequent—a hot drink of Nerviline sends life circulating through the body in three minutes. Cramps or sudden illness at night is one of our terrors. No druggist or doctor is near but if Nerviline is handy you can get relief. The worst cramps Nerviline has cured in my children in half a minute. I don't think any farmer's wife has any right to be without the protection of Nerviline. In our family we use it for a hundred ills and it cures them all. One night one of my kiddies had earache and the other toothache. Without Nerviline no one could have slept—I applied it as directed, and the children's pains disappeared. My husband uses Nerviline for lame back, rheumatism, aching joints and all sorts of pains. It is as good inside as outside and is as much a part of my home as my kitchen stove." You find a thousand uses for a good family remedy like Nerviline. Get the 50c. family size bottle; it's more economical than the 25c. trial size. Sold by all storekeepers and druggists, or The Catarrhzone Co., Buffalo, N.Y.
