

CHANGE OF CLIMATE DID NOT HELP

But GIN PILLS Conquered
His Rheumatism

THE fact that men of standing and responsibility do not hesitate to come out and state frankly how much good GIN PILLS have done them, speaks volumes for this good old remedy.

Mr. W. G. Reid, of Hamilton, whose statement we publish below, with his permission, is one of the best known commercial men in Canada. His many friends throughout the country will be delighted to learn that he is quite himself again. He says:

"I have been for the last two years a cripple with Muscular and Inflammatory Rheumatism. I have tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS and I have since taken eight boxes and am now cured. I consider GIN PILLS the conqueror of Rheumatism and Kidney Disease".

(Signed) W. G. REID.

Muscular and Inflammatory Rheumatism, Lumbago, Sciatica and all other troubles arising from weak, inactive or diseased kidneys, have little chance against GIN PILLS.

The curative properties in these pills go straight to the root of the trouble—the failure of the kidneys to keep the blood free from the irritating Uric Acid which is continually being formed in the body. GIN PILLS help the kidneys to perform this function properly, and the train of troubles vanishes.

Just try it and prove it to your own satisfaction. There is no risk—money back if GIN PILLS do not help you.

FROM THE RURAL DISTRICTS

CENTRAL KINGSCLEAR.

Central Kingsclear, Oct. 20.—The autumn has been very much like the summer and gives promise of being very pleasant.

Mrs. John Webster and little daughter of Fairbanks, Alaska, is visiting her father, Mr. Charles I. Kilburn, at The Elms.

Rev. J. S. and Mrs. Gregg of Welsford, are visiting relatives here this week.

Miss Estella Fox, who is attending the Provincial Normal School, has been home ill for a week. We are glad she is able to return again to her school now.

Mr. and Mrs. Gallagher, who have been ill, are both recovering.

Miss N. Kitchen, who had the misfortune to injure her knee quite badly when returning from her school at Hammondville, is slowly progressing but is still confined to her bed.

The schools here are being closed for the York and Queen Counties Institute, which meets in Fredericton this week.

Mr. and Mrs. Alex. Martin are receiving congratulations on the arrival of a boy at their home.

SOUTHAMPTON.

Southampton, Oct. 21.—Miss Crissie Hull of Millville, is visiting her uncle Deacon A. A. Wright.

Letters from Miss Gladys Grant give very interesting accounts of the cities in Great Britain she and her party have visited.

J. F. Grant, merchant and millman, saw a black fox the other morning while going to the mill.

Miss Calla Brown of the Normal School, was home for Thanksgiving.

Mrs. Joshua Crawford of Houlton, Me., is visiting relatives here.

Mrs. Bertha Miller of Campbell Settlement, is visiting her son, Bartram Miller, here.

Rev. Mr. Rutledge preached his farewell sermon here Sunday. His next field will be the Doaktown circuit.

Lee Wright of the Normal School, spent Thanksgiving with his parents here.

Mrs. Stephen Patterson has returned from a month's visit to her son, Smith Patterson, who is in the hardware business in Portland, Me.

Two McGill students, Stanley Wright and Lee Brown, left here for Montreal on the 30th ult., to commence their second year's work.

The potato industry in this parish is going ahead at a lively pace. A number of diggers are owned, so that digging by hand here is like threshing by hand—a thing of the past. Asa Fox, with his new digger, dug 134 barrels in five hours for A. A. Wright.

While many had fine fields, planting from ten to twenty barrels, G. Inan Bros. & Burden, lumbermen and millmen have them all beaten. They planted 125 barrels and had more than 3,000 barrels. The great drawback is the price. A dollar a barrel was obtained for a few days, but the ruling price is ninety cents.

While Chipman Grant was reaping with his self-binder last week, he suffered a painful and most distressing accident. Reaching across in front of the machine, he attempted to pull some grain out of the canvass carrier without stopping the horses. His shirt sleeve immediately caught

We Would Like to Be YOUR MILLINERS

It matters not to us whether you are in the habit of spending much or little on hats—we want to be your Milliners.

Of course we like to see the expensive hats being sold—that's natural. But we recognize that everyone doesn't want an expensive hat.

Plenty of people who can afford them don't want them, and there are those who can't afford them. What we are aiming at is to do the Millinery work for the largest possible number of ladies. So we welcome you all.

GREAT POWER PLANT COMPLETED

Chattanooga, (Tenn.), Oct. 24.—The great Brady power plant on the Tennessee River, one of the biggest engineering projects yet undertaken in the South, is completed and ready for opening. The plant will furnish electric power sufficient for many years to come. The maximum horsepower which will be developed will be 56,000. The plant is located about 12 miles from Chattanooga. Two of the principal features of the plant are a dam nearly 1,500 feet long and a lock three hundred feet long and sixty feet wide inside the gates. The power house is on the river bank below the concrete and earth embankment, which forms an extension of the dam.

WORLD'S W. C. T. U. MEETS

New York, Oct. 24.—Delegates from many countries filled the Brooklyn Academy of Music this morning when the triennial convention of the world's Woman's Christian Temperance Union was formally opened. The visitors were welcomed in addresses delivered by Mayor Kline of New York, Borough President Pounds of Brooklyn and others. Lady Aurora Howard, of England, presided in the absence of her mother the countess of Carlisle, who is president of the world organization. The convention will hold daily sessions until next Tuesday.
