

TURK CHARGED WITH FRAUD

New York, Oct. 8.—Hussen Avin, who for some weeks has had the distinction of being the only Turk among the cosmopolitan population of the Lombis prison, was arraigned before United States Commissioner Shields today in extradition proceedings on the complaint of the Ottoman vice consul here. It is charged that last summer Avin, while employed by the Department of Posts and Telegraphs at Constantinople, falsified a number of telegrams and cable despatches, and appropriated the money paid by the recipients of the bogus messages.

ARTIFICIAL PEARLS

Most of Them Merely Glass Balls With Lustrous Coating Inside

The industry of manufacturing artificial pearls has developed enormously of late years, both in extent and in the remarkable degree of perfection which these imitations of the natural gem have attained, some of them almost defying detection save under the close scrutiny of the keenest experts.

The simplest forms are uniformly spherical and are merely glass balls blown by means of tubes of varying sizes. More ingenious and more natural-looking are the irregular pearls or perles goitrenses. To produce these the workman sometimes merely touches the ball momentarily with the end of a red-hot tube, thus melting the glass at the point of contact and drawing it out irregularly. In other cases he touches one spot or another of the ball to a flame, at the same time blowing gently in the tube. The ball is pierced by two holes, one of which is caused by the breath of the workman, and the other by the hollow in the tube at the moment when this is detached from the pearl by means of a slight tap.

These balls are then merely coated inside with a preparation known as "essence of the Orient." This, despite its elaborate title, consists merely of pure water holding in solution the scales of the little fish known as the bleak-fish. The operation consists in the sucking of the liquid into a tube drawn out to a fine point and then blowing it into the glass bead, which is then given a rotary motion to spread the coating evenly.

The beads when coated are placed in a sieve whose bottom is covered with parchment and shaken incessantly till dry. Finally they are filled with wax so as to be less fragile and a little heavier.

ADVERTISING TALKS.

One hundred cents make one dollar.

Yet when you spend your dollar how efficient is it? Do you get 60c., 80c. or 100c. worth?

The answer is squarely up to you. It depends upon your method of spending.

If you are alive and interested in finding out for yourself the "what, when and where" of money spending, every purchase, every investment you make brings you the fullest possible returns for your dollar.

The man or woman who reads advertising intelligently and continually makes a dollar do its full stint of work.

If you are not already a careful reader of Mail ads begin today and be one.

A MAN WHO KNOWS

Says GIN PILLS Are Good For Pain In The Back

WHEN your grocer tells you he uses a certain tea in his own home, you feel pretty sure it's good tea.

And when a prominent druggist takes GIN PILLS for his own Backache, you can feel quite sure there is nothing else quite so good.

Winnipeg, May 19th, 1912.

"In the autumn of 1911, I suffered with a continual pain in the back. As a druggist, I tried various remedies without any apparent results. Having sold GIN PILLS for a number of years, I thought there must be good in them, otherwise the sales would not increase so fast. I gave them a fair trial and the results I find to be good."

GEO. E. ROGERS.

GIN PILLS have well earned the confidence which druggists, as well as the public, have in them. For years they have been relieving the pain of Rheumatism, Lumbago and Kidney Troubles generally, and changing tortured cripples into strong, supple men and women.

Why should you go on suffering when there is a remedy so easily obtained and so reliable? GIN PILLS cost but 50c. a box, 6 for \$2.50. Money back if they do not help you. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto. 150

The industrial welfare commission of ortland, Ore., has recommended that all women workers in manufacturing establishments in that city shall receive a minimum weekly wage of not less than \$8.66, and that they shall be employed not more than nine hours a day, or 54

Tenders for Fire Station

Sealed tenders addressed to the City Clerk and endorsed "Tender for Fire Station" will be received at the office of the City Clerk, City Hall, Fredericton, N. B. until twelve o'clock noon, on Monday next, October 17th instant, for the erection of the new Central Fire Station on King Street, Fredericton.

Plans and specifications for the said work may be examined at the office of the City Clerk and forms of tender obtained from him. Each tender must be accompanied by a certified cheque for \$200 in favour of the city of Fredericton, which will be forfeited to the City in case the party whose tender is accepted fails to execute the contract and file the required bond. Otherwise the cheque will be returned.

For further particulars apply to Kenneth M. Campbell, Architect, at City Hall.
