(Continued on page four.)

### HIS FLESH HORRIBLY BURNT

His druggist sold him a cheap acid corn cure; what he should have bought was Putnam's Corn Extractor—it's purely vegetable and acts in 24 hours. Insist on only "Putnam's Extractor," 25c. at all dealers.

### GIRLS! THICKEN AND BEAUTIFY YOUR HAIR.

Bring Back Its Gloss' Lustre, Charm  
and Get Rid of Dandruff

To be possessed of a head of heavy beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness, and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little danderine and carefully deaw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

### CRUDE OIL ENGINE THE LATEST THING

A St. John Concern Exhibition  
One of them Near the  
Highway Bridge

One of the most interesting stands at the exhibition is that of Carmichael & Moore, agents or the General Import and Engineering Co., of St. John. Amongst their specialties should be mentioned a wickless and smokeless oil stove, a Swedish Cream Separator, the latest and best of its kind, Cuckoo Clocks, Gramophones at half the usual price, self playing Accordeons and a number of other interesting novelties.

In connection with this exhibit is also shown a Swedish crude oil motor installed in a boat lying at the highway bridge entrance. A company has just been formed in St. John and a factory built to manufacture these engines. At the head of this concern is Dr. E. J. Broderick of St. John formerly of this city. Many engines have been sold in St. John such as to Brown's Box and Paper Factory, New Brunswick Telephone Company and others.

The engines burn crude oil such as is obtained from Albert county, and the cost of operating is as low as ½ cent per hour per horse power.

To give an idea of the saving that can be effected it may be said that Brown's Box and Paper Factory formerly paid about \$5 a day for steam power, whereas they now only pay about \$15 a week after installation of a 20 h. p. crude oil engine.

Further information at the stand as above or from the Oil Motor and Manufacturing Company Limited at St. John.

### MOLASSINE MEAL

One of the most attractive places in the whole exhibition grounds is the tent of the Molassine Company which is situated on the lower side of the poultry house, in the rear of the Agriculture Hall. This company whose Maritime office is at St. John, are advertising the celebrated cattle, swine, sheep, horse and poultry feed, known as Molassine Meal, they also handle puppy cakes and chicken food. The company claims great things for the mash and say there is nothing in the market to compare with it, all leading cattle and horse men are using it. The company are issuing of this feed which is manufactured in England at the present time, but they expect to have a plant at St. John for the purpose. All visitors to the Big Fair should not fail to see this exhibit especially those interested in live stock. Messrs. A. F. Randolph & Sons, is the wholesale dealer in Fredericton for these goods while John Gibson, & Son, Currie Bros., C. W. White, E. G. Hoben, John McFright and M. K. Doohan will sell Molassine meal at retail.

## Everybody's Going to the Exhibition

A Special Word to the Hundreds who will be visiting Fredericton during Exhibition Week.
