

That Persistent, Hacking Cough

is not only wearing, disagreeable and dangerous—it is unnecessary, too, for you can quickly stop it by taking

NA-DRU-CO

Syrup of Linseed, Licorice and Chlorodyne

This remarkable combination of these three standard cough and cold remedies loosens the phlegm, promotes expectoration, relieves that exasperating tickling in the throat, and the cough disappears. Of course it is better still to take Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne when you first feel the cold coming on, and check it at once. Get a 25c. or 50c. bottle from your Druggist and keep it on hand, ready.

NATIONAL DRUG AND CHEMICAL CO. OF CANADA, LIMITED. 318

WELL DESERVED PRAISE FOR CARLETON'S MEMBER

(Hartland Observer.)

About six weeks ago somebody started a rumor that F. B. Carvell, M.P., was so thoroughly convinced that he could not again be elected in Carleton County that "he would seek a safe constituency in the west." Conservative papers far and near gave voice to this report, their great desire that he should remove himself and be out of the way, encouraging them to print the matter as genuine news instead of the unalloyed buncombe that it was. The rumor went as far west as Moose Jaw and reverberated to St. John, N.B. The Standard seized upon it and was pleased. That paper reprints what The Moose Jaw News has to say and makes the comment that "if Mr. Carvell decided to locate in Moose Jaw it is not likely that he will be met at the depot with a brass band or anything of that sort." Few men in the province have been more frequently met with brass bands and cheers than has Mr. Carvell—and right in the town where he has spent the whole of his political and business career. The greatest demonstration Woodstock ever witnessed was in honor of Mr. Carvell, only a little more than two years ago. He need not go to Moose Jaw for things of that sort. No more need he go to

Canada. The statesmen who are the leaders of the Liberal party hold him an indispensable lieutenant. Thoroughly well do his political opponents know this. Just as well, also, all the people of the county know this. And if his opponents, failing in any other way to defeat him, give voice to such silly twaddle that Mr. Carvell dare not "face the music" in another election, they only display their own trepidation.

There is little doubt that Mr. Carvell will be the chosen candidate of the Liberals of Carleton, when an election comes round again. And no one seriously doubts his election. Day by day he grows more and more in favor, more in esteem and more in the confidence of his constituents. His native county is proud of "our own Mr. Carvell" and will continue to put her trust in her son and the principles he stands for.

Liberalism is not dead in Carleton County, even though some puffed-up Conservatives try to make it appear so. That one small Tory can make more noise than a score of Liberal voters is no sure evidence of the decadence of the people's party.

It is said that 90,000,000 broom handles are used annually in the United States; one for each man, woman and child.

Troubled With Weak Back and Kidneys For 10 Years.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills will strengthen the weak back, and prevent any form of kidney trouble entering the system.

Mrs. Ed. Boyer, Nokomis, Sask., writes:—"I have been troubled with weak back and kidneys. I had terrible dizzy headaches, and could not sleep at night. In this way I suffered for ten years, until I read about Doan's Kidney Pills. I purchased two boxes, and as they helped me, I sent for two more; they put me on my feet, and I have been able to work ever since."

Doan's Kidney Pills are 50 cents a box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

A HUGE UNDERTAKING

Before the building of the C.P.R. tunnel, five miles long, at Rogers' Pass, B.C., in connection with the double-tracking work between Calgary and Vancouver is complete, it will cost in the neighborhood of \$10,000,000. Thirty feet of boring per diem is the estimate. Sometimes railway tunnellers make as much as forty and fifty feet per day; but, again, when they strike a difficult piece of rock they are lucky if they make thirty feet in the day. It will take three years to complete the bore, from which about 250,000 cubic yards of material will be taken out by way of the pioneer tunnel. One of the features of the work, which will be of the greatest interest and value, considering that it means the piercing of the heart of a great mountain range and is on a parity with the boring of the Alps many years ago (a feat which held the world breathless), is the erection of model villages at the two portals of the tunnel at a cost of \$50,000. The floors of the houses at Glacier are to be eight feet from the ground, with bridges to connect the houses with the work. The undertaking is full of picturesque possibilities. The men will be poised in mid air, so to say. The immemorial silence of the everlasting hills will be broken by a great utilitarian organization which, although it may poetically affirm that the Olympian gods have taken up their abode in the Rockies, has its eye on the dollar. For three years cut off from the world, working by shifts day and night, the mountain will be pierced bit by bit until, after 1,035 days and nights, daylight will creep through the blackness of the long passage and the tunnel will be completed. This is the biggest single feature the railway company has undertaken.

There are twin mountains that stand like sentinels to guard the city of Vancouver which are called "The Lions" for some say they resemble the recumbent lions sculptured by Landseer that stand in Trafalgar Square, London.

ORIGIN OF GOLD NUGGETS

Experiments Show That Their Structure Resembles Meteorites

An attempt was made by an investigator in Australia to discover how gold nuggets originate. The first thing done was to cut, slice and polish nuggets with the sole purpose of finding out just what was the nature of their structure.

Close observation revealed the fact that there is some curious points of resemblance between gold nuggets and meteorites. Both when polished and etched with chlorine water, exhibit a crystalline structure. In the case of meteorites the lines thus exhibited on the etched surface are called Widmannstatten figures, and their presence is said to be one of the most invariable characteristics of those metallic bodies that fall from the sky to the earth.

But it is not meant to be implied that gold nuggets have fallen from the sky because they exhibit a crystalline structure recalling that of meteorites. The resemblance is apparently only superficial, and the crystals of the nuggets differ in form from those of the meteorites.

Another curious fact is that when a nugget is heated in a Bunsen flame, explosions take place on its surface. Blisters are formed which continue to swell until they burst with a sharp report and bits of gold are violently scattered about.

It is evident that the nuggets contain either gases or some liquids or solids which are easily converted into the gaseous form, the expansion of which produces the explosions.

In Touch With the Infinite

The nearer you get to Nature's ways, the closer you are to the beginning of things, in lumber camp, or open prairie, the more you understand that blessed touch with the infinite which is more than legalities and rubrics and articles; and is in harmony with the will of the Infinite, which you can neither cabin in a creed, nor fathom with a traditional plummet.

MR. F. B. CARVELL, M.P.

Moose Jaw, Medicine Hat, Kamloops or any other place than good old Carleton county, N.B., to be elected—the fifth time—to the House of Commons. For thirteen years Mr. Carvell has represented this county with ability and to the great satisfaction of the majority of the voters. He has filled his place in parliament with distinction; as a keen debater he has gained a reputation wide as

RUMORS RIFE AS WAR CLOUDS HOVER OVER HEAD OF MEXICO'S RULER.

PRESIDENT VICTORIANO HUERTA

NATIONAL PALACE, MEXICO CITY

Rumors continue rife on the Mexican situation. One of the many startling reports emanating from Mexico City is that President Huerta is prepared to resign, and another is that General Blanquet will order the arrest of the Chief Executive and take possession of the palace himself.

Admiral von Hintze, the German Minister, declared in Mexico City that the American blockade of Mexican ports would begin within three days.

Manuel Garza Aldape, once safe aboard the steamship Espagne, told his followers that Señor Moheno was at the head of a plot to poison General Huerta.

Conferences continue between Secretary Escudero, of the constitutional Cabinet, and William Bayard Hale, representing President Wilson, and Señor Escudero expects the embargo on arms will be lifted within a few days.

GENERAL BLANQUET

Our Store For Useful Gifts

Everything for Ladies, Misses and Children to wear and all the Latest Useful novelties as they appear in the market. Come in and look over our Fancy Goods Counter.

R. L. BLACK - - - York St.
"LADIES' and CHILDREN'S STORE"

SPORTSMEN and HUNTERS

Send your Game Heads and Trophies of the hunt to me to be mounted.

Having in my employ Tom Emack, formerly of Emack Bros., together with my own long experience, I am prepared to do the very best of Taxidermy work in all its branches, including Heads, Birds, Fish, Fancy Tables, Feet, Rug Work and whole animals, large and small.

Prices as moderate as high class work can be done for. I solicit a trial order and will guarantee satisfaction on all work reaching me in good condition.
