

# TWELVE YEARS HORRIBLE TORTURE

Ontario Lady Suffered Tortures for 12 Years  
with Burning Eczema. "Fruit-a-tives" and  
"Sootha-Salva" Completely Cured Her.

MISS LAURA E. MATTICE

NEWINGTON ONT., Jan. 21st. 1913

"I was a dreadful sufferer from that awful complaint Eczema, or Salt Rheum, and this trouble bothered me for about 12 years. My hands and arms were chiefly attacked, and the pain and irritation were terrible. I consulted several doctors and tried every remedy I heard of, but nothing did me any good. Last June, when in Ottawa, a friend asked me to try "Sootha-Salva" Ointment and to take "Fruit-a-tives" at the same time. I had little hopes that this would be any better than the other remedies, but after I had taken two boxes of "Fruit-a-tives" and used one box of "Sootha-Salva", I was entirely cured and all the irritation and annoyance left me. My hands have been, ever since, perfectly free from the Salt Rheum, and I have had no return of the disease. I look upon the cure as wonderful, inasmuch as no physician was able to cure me, and I had tried every remedy that I had been told about, yet without the slightest benefit, until I used "Sootha-Salva" Ointment and took "Fruit-a-tives". "Fruit-a-tives" cooled the blood, and practically relieved the disease and the Ointment completed the cure. I cannot sufficiently thank the proprietors of these medicines for my relief and I make this statement with the hope that some sufferers from Chronic Eczema or Salt Rheum, will read my testimony and try this wonderful ointment and "Fruit-a-tives", and get well. No one can estimate the torture of this terrible disease who has not suffered from it, and I want the good news, that a remedy has been found, to be known everywhere."

(Miss) LAURA E. MATTICE

"Fruit-a-tives" and "Sootha-Salva" will cure any case of Eczema, no matter how severe or how long you have suffered. Eczema is caused by impure blood, chronic indigestion, constipation and nervousness, but there is usually a tiny parasite or germ which attacks the skin and causes the burning and itching. "Fruit-a-tives" removes all impurities from the blood, tones up the stomach, improves digestion, and regulates the bowels. "Sootha-Salva" kills the germs of Eczema, allays the burning and inflammation, and stops the intense itching. If you are suffering with Eczema, no matter what you have tried for it, take the advice of Miss Mattice and use the wonderful combination of "Fruit-a-tives" and "Sootha-Salva".

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50, trial size, 25c. "Sootha-Salva" is 50c box. Sent on receipt of price by Fruit-a-tives Limited, Ottawa.

## GOLD CURES BALDNESS

Nature Steps In and Provides Protection for Head

Can baldness be cured by cold atmospheric treatment? This is a question that has been occupying the attention of scientists.

Sir Ernest Shackleton, the explorer, laid stress upon the fact that many of the men in his expedition before their sojourn in the Antarctic regions were remarkable for the thinness of their locks. They had barely been a few weeks in the frozen South, now, however, than their hair began to grow, and when they returned from their expedition all had hair remarkable for its thickness and luxuriance.

It has been remarked also that nearly all the men who work the greater part of the day in cold storage rooms have good heads of hair.

The laws of Nature would seem to emphasize the fact that cold is favorable to the growth of hair. Take the case of the animals. In no countries of the world is their fur so thick and luxuriant as in the frozen Arctic regions. By a special dispensation of Providence the animal dwellers there are given an extra thick warm covering to protect them from the cold. In the brief spell of warm weather they cast their coats for a lighter one more suitable for the season.

## DIVER'S BOTTLED AIR

New Outfit Does Away With the Pump and Tube

An important improvement has been made by a German inventor which makes it possible for the diver to remain several hours under water without any connection with the upper world. The innovation is a self-contained diving suit in which a supply of fresh air is generated and supplied to the diver as wanted, the supply being entirely under his own control. The expired air is purified automatically by passing over cartridges of chemical which absorb the impurities. In the place of the usual lead ballast, the diver carries on his chest a weight constituted by steel bottles where compressed air or highly compressed oxygen is accumulated. Whenever the diver wishes to reach the surface without any outside help, he simply opens the valve of these bottles, thus causing air to flow into his outfit and to impart to the latter the required buoyancy. This is how, in cases of emergency, he will from any normal depth reach, in a few moments, the surface of the water. A safety valve actuated with any excess pressure prevents the diving outfit from bursting with any accidental rise from considerable depths. The apparatus worked satisfactorily under the most severe tests.

## CLOTHES DRYING RACK

Attached to Ceiling and Can be Lowered or Raised Again

One of the best of all devices for drying clothes indoors is the rack shown in the illustration. It is 6 feet long and 3 feet wide and can be attached to any kitchen or laundry ceiling. It is lowered and raised by means of pulleys. When the garments are to be hung on the rack it is lowered to a convenient height and then raised when filled. This carries the clothes

CLOTHES NOT IN THE WAY.

to the top of the room, where they are not only out of the way, but where the air is warmer and drier and where they dry more rapidly and more thoroughly. This rack is also useful to air clothes on after they have been ironed, as many laundresses like to do rather than fold them up while still smelling of the iron. Even when in use it is not an incumbrance and at other times is scarcely noticeable.

## Tar Eats Into Iron

Tar as a covering for iron work must be used with great care, inasmuch as the crude material contains sulphuric acid and ammonia. This may cause serious pitting and rusting. Furthermore, it does not adhere well to bare metal and should never be applied except as a covering for other pigments. The refined product offers the advantage of great resistance to foul atmospheres and corrosive gases. On account of its dark color the presence of rust cannot be easily detected.

## Heavy Cost of Big Battles

It is a little curious that some of the most far-famed battles—Titanic struggles we are accustomed to call them—have really been less destructive than less well-known battles. We look upon Sedan as a battle of giants but it was less costly in life and limb than Plevna, and both of them were much less murderous than Blenheim or Waterloo, which in their turn are surpassed in the gruesome list by the little-advertised battle of Assaye, when thirty-one per cent of the British troops were placed hors de combat.

Atlantic City, N. J., Aug. 23.—Famous as the oldest of the several piers here and valued at \$1,500,000 prior to its almost complete destruction by fire a year ago, the Ocean Pier was sold at auction today now being discussed.

## BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during the hot weather than at any other time of the year. Darrhoea, dysentery, cholera infantum and stomach disorders come without warning and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the home where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes on suddenly the prompt use of the Tablets will cure the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## SORE BACK, NO FUN, CURE IT TO-DAY, RUB ON "NERVILINE!"

It Will Cure Your Aching Back, Stop  
Stop Your Suffering, Keep  
You Well

## BACK SUFFERERS READ BELOW

"I am just so delighted with the comfort Nerviline brought me that I want to talk about it all the time," writes J. C. Caughlan of Saskatoon. "For ages I have been subject to an aching, dragging feeling at the base of the spine. When attacks came on it made my whole body ache. It appeared as if I had taken cold and a soreness developed all through my muscular system. When in Winnipeg one day a friend spoke to me of Nerviline and I bought a 50c. bottle. That was the best half-dollar I ever spent, it did so much for me. It is hard to convince some people of what a really good medicine can do but there will be no sceptics after they try out Nerviline. I use it for everything now. It's fine for rheumatism and neuralgia and all sorts of muscular pain it cures quickly. But internally, if possible, Nerviline is even better. It cures a cramp in ten seconds and, as for gas and upset or sour stomach, nothing could excel Nerviline. I think it should be kept in every home as a protection against sudden ills and also to cure ills that resist other treatment."

Family size bottles, 50c., trial size 25c., at all storekeepers and druggists. The Catarthozone Co., Buffalo, N.Y., U.S.A.

## FOLDING ELECTION BOOTHS

Group Collapses Into Flat Space Like Ordinary Screen

New York State has adopted the folding election booth shown in the illustration. These folding booths are hinged together at backs and sides like the ordinary folding screen and collapse in just the same way. They

DOORS AND DESKS ALSO FOLD UP.

have swinging doors in front which also fold in flat and the writing desks fold up against the backs of the booths when not in use. When collapsed a whole group of booths take up no more room than a space the height and width of one booth and about a foot through.

## Depends on Canada

Speaking at Washington, Senator Hammond of Minnesota said: "We have to look to Canada for paper, and must treat that country well, or our paper will cost us a good deal more than it does at the present time. We are at the mercy of Canada with regard to pulp and paper and we must remember that we import one million cords of wood every year from that country, free of all restrictions. We also import large quantities of ground-wood from Canada."

## Trooper and Financier

Trooper Thos. Duffy, of the Royal Canadian Dragoons, St. John's, Que., expert sign writer, champion fancy handwriter of the Dominion, is a man of purpose.

When he found that he could not get his land grant without proving that he was a soldier he re-enlisted, and after getting his grant watched the price go up from \$100 to \$1,250. At the latter point he sold and took a holiday on his profit.

When the Prince of Wales was at the Quebec Tercentenary, Pte. Duffy was his groom, and the now King rode Pte. Duffy's big black horse, Bill Bailey.
