HOW TO ASCERTAIN IF YOU HAVE CATARRH

Look for Symptoms of This Treacherous Disease in the Following List

"Is your breath bad?"
"Is your throat sore?"
"Do you cough at night?"
"Is your voice raspy?"
"Does your nose stop up?"
"Have you nasal discharge?"
"Do you spit up phlegm?"
"Has your nose an itchy feeling?"
"Have you pain across the eyes?"
"Is your throat irritable, weak?"
"Do you sleep with mouth open?"
"Are you subject to sneezing fits?"
"Do your ears roar and buzz?"
"Are you hard of hearing?"

If you have any of these indications of Catarrh, cure the trouble now—stop it before it gets into the lungs or bronchial tubes—then it may be too late. The remedy is "Catarrhazone," a direct breathable cure that places antiseptic balsams and healing medication on every spot that is tainted by catarrhal germs.

"No one can know better than I the enormous benefit one gets from the very first day's use of Catarrhazone," writes T. T. Hopkins of Westvale, P.Q. "I had for years a stubborn case of bronchial catarrh, ear noises, headache, sore eyes, stopped-up nose and throat. It affected my appetite and made my breath rank. Catarrhazone cured quickly."

The dollar outfit lasts two months and is guaranteed; smaller size, 50c.; sample size, 25c., at all storekeepers and druggists, or The Catarrhazone Co., Buffalo, N.Y., and Kingston, Canada.

BATHING IS POPULAR

(Continued from page one.)

Waterloo Row some morning between the hours of eight and ten o'clock and look for yourself. You will no doubt be surprised to learn that there are many expert swimmers among the young ladies in Fredericton. Where they acquired a knowledge of the art we know not but they certainly can do a pretty tall stunt in this line.

Time was when it was considered immodest for women to don bathing suits and plunge into the water, but happily that day has gone past. Swimming is without a doubt the most healthful exercise known to man and every body who has the chance should acquire a knowledge of it. Women can learn to swim as well as men and all who go boating and canoeing about the river should acquire a knowledge of the law of self-preservation.

Fredericton is an inland town but there is no reason why its inhabitants, especially the young people, should not have all the fun that is coming to them. They have been brought up along side of the water and are fond of it. They should all be encouraged to learn to swim and in this connection it would be a wise plan another season for the City Council to provide a couple of public bathing-houses. On the fresh-water lakes of the upper provinces are many famous bathing resorts. The opportunity here for indulging in the health-giving pastime is equally as good and full advantage should be taken of it. The idea is growing in Fredericton and in the course of a few years it will be a common thing to see several hundreds of bathers of both sexes along the river-front between St. John street and Lansdowne avenue. The Publicity Committee of the Board of Trade might render a good service by elaborating in their literature on the splendid opportunities for safe boating and bathing which Fredericton affords.

CAPTURE OF WASHINGTON

Washington, D. C., Aug. 23.—It will be ninety-nine years tomorrow since a British army, under the command of Gen. Ross, entered Washington, having defeated 6000 American soldiers on their way. Plans for an appropriate observance of the centennial anniversary next year are now being discussed.

GAME PLENTIFUL

Mr. M. J. Poindexter and Henry Braithwaite, the veteran guide, returned today from a month's trip to the Miramichi woods. They report big game plentiful, they having seen during their stay in the woods eighty-seven deer and fifty-two moose. Mr. Poindexter caught in the Little Southwest Miramichi what he claims is the record trout for that stream. It weighed five pounds.
