WHERE THE MONEY GOES

A few days ago a brief paragraph appeared in a number of Tory papers announcing that the government had let several contracts. Naturally the majority of these were for drill halls, to be added to the collection of over fifty that Col. the Hon. Sam Hughes had already got through. The order in which these contracts went, with the populations of the places which got the works, make interesting reading as an exemplification of the manner in which Mr. Borden is not carrying out his promises of economy. These are the places favored with the last bunch of public works.

Beauport, Que., contract let for a \$30,000 drill hall. According to the census of 1911, Beauport's population was 3,546, of which 1,775 were males. In 1901, Beauport's population was 2,800.

Red Deer, Alta., contract let for drill hall to cost \$36,000. The census

Toronto Globe.—The Hon. J. D. Hazen has been speaking of Sir Wilfrid Laurier out on the Pacific Coast as "a ruined gamster." There will be statues of Laurier in most Canadian cities long after Brother Hazen has sunk into the lower left hand corner of oblivion. Let him talk.

of 1911 gave Red Deer 2,118.

Kemptville, Ont., contract let for drill hall to cost \$11,800. According to the census of 1911, Kemptville had a population of 1,192 as against 1,523 in 1901.

Greenwood, B. C., contract let for public building to cost \$41,000. Greenwood's population according to the census of 1911 was 778, as against 1,359 in 1901.

With huge expenditures of this kind for such small places—and these are merely typical of similar public works expenditures of the present year—it is small wonder that Canada has the highest tax rate of any country in the world, without spending the vast sums on defence and offence that the old countries of Europe have to provide for.

The Liberals during their fifteen years of power at Ottawa, filled some vacancies on the New Brunswick Supreme Court bench. They appointed Sir Frederic Barker chief justice, and gave puisne judgeships to Hon. George F. Gregory, Hon. A. S. White, Hon. H. A. McKeown and Hon. J. H. Barry. The Borden government which is very strong on civil service reform, has promised judgeships to Hon. W. C. H. Grimmer, Mr. O. S. Crockett, M.P., and Mr. F. D. Robitoux, M.P.

The Nationalists are not the only supporters of the government who heard the "rustle in the hay," at Sir Wilfrid Laurier aptly put it at St. Hyacinthe. But the trouble down this way is that the "rustle" has not come up to the expectations of the "boys."

The Borden government has purchased a \$26,500 residence at Moncton for Mr. F. P. Brady. This would seem to indicate that Mr. Brady is in no immediate danger of losing his job.

other. He considered that there are relations possible within such a group that are not possible for nations more isolated and lacking identity of history and spirit.

Canada, Great Britain and the United States, with common language, common interests, common ends, resemble a single society, which might develop a foundation for international faith of a kind new in the history of the world. The English visitor urged lawyers to assist in the freshening of the conventional atmosphere which surrounds men in public life by omitting no opportunity to think rightfully and to contribute to the fashioning of a more hopeful and resolute kind of public opinion. It was the chance of laying before the audience at the American Bar Association at Montreal this thought that induced him to obtain permission from King George V to visit this meeting.

Continuing, Lord Haldane presented the following message from King George V:

"I have given my lord chancellor permission to cross the seas, so that he may address the meeting at Montreal. I have asked him to convey from me to that great meeting of the lawyers of the United States and of Canada my best wishes for its success. I entertain the hope that the deliberations of the distinguished men of both countries who are to assemble at Montreal may add yet further to the esteem and good will which the people of the United States and of Canada and the United Kingdom have for each other."

SOCIALIST LEGISLATOR
COMMITTED FOR TRIAL

Nanaimo, B. C., Aug. 28.—John Place, the Socialist member for Nanaimo in the Provincial Legislature, was committed for trial yesterday by Magistrate Simpson on the charge of being in the possession of stolen property, the said property being a pistol which was taken from Provincial Constable Harry Taylor by the mob on Wednesday, August 13, during the progress of a riot on the C. P. R. wharf, this city. Harry Greave testified as to seeing a man hand a pistol to Place, the latter putting it into an inside coat pocket then drawing his coat together and advancing in the direction of the mob.

Chief Constable Neen gave evidence as to having searched the room tenanted by Place, in the Gibson Block, and of finding in a bureau drawer a pistol which was identified by Harry Taylor as being his property. Place's defence for his being in possession of the pistol was that while standing on the outskirts of the mob on the day in question he saw a man with a pistol and fearing bloodshed requested the man to hand over the gun, which he did. After securing the weapon Place put it into his pocket, afterwards placing it in his bureau drawer, it being his intention to make a trip to Victoria, enter a protest to the attorney general at his sending special police into Nanaimo and show him the kind of death-dealing weapons he was arming the special constables with. It was his intention to go to Victoria on the Monday following the riot of Wednesday but he was unable to get away owing to other business and had decided to go on Tuesday, but his arrest Monday night had put a stop to his plans.

In committing the accused for trial Magistrate Simpson remarked that in his opinion there could be no clearer case and he had no hesitation in committing him to stand trial and would commit him to the country jail of Nanaimo at Victoria pending his trial.

CURED BY DR. HAMILTON'S PILLS

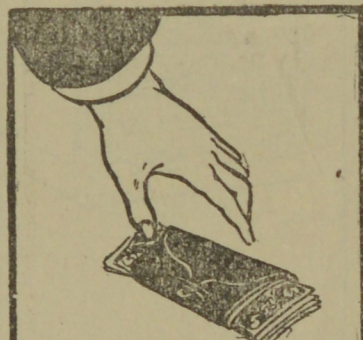

Mr. Clemmons' experience is not unusual. Nowadays poor stomachs are more the rule than the exception. But the proper treatment is sure to make a quick cure. You can always depend on Dr. Hamilton's Pills, they reach the trouble at once, go right to business, work while you sleep and have you feeling better if not cured next morning.

"My food seemed to decompose in my stomach," writes Mr. Ralph Clemmons of Newbridge P.O. "I had a stomach that failed in some way to perform its work. Digestion seemed more or less arrested and I grew thin, yellow, nervous. The stomach became distended and impeded apparently the action of the heart, for often at night it would do great stunts. At times I would vomit a mucous mass and at these times my head ached most terribly. A friend who had been cured of a similar condition, advised me to take Dr. Hamilton's Pills regularly, which I did. The result in my case was simply marvelous. Dr. Hamilton's Pills removed the cause, strengthened the stomach, excited the liver to normal action, the kidneys were released of excessive work. Health soon grew within me. I can now eat, sleep and live like a live man."

Be advised—use Dr. Hamilton's Pills—they are sure to do you good. 25c. per box, five for \$1.00, at all druggists and storekeepers or by mail from The Catarhazone Co., Buffalo, N.Y., and Kingston, Canada.
