Garry Herrmann Threatens To Call Off World's Series

National Baseball Commission Puts Ban on Writing of Special Articles by Players—Players' Fraternity Says it Will Back up any Player Who Writes an Article

Cincinnati, Sept. 33.—Chairman August Herrmann of the National Baseball Commission declared emphatically today that the commission would go so far as to call off the World's Series altogether if players who participate in the series refuse to refrain from writing newspaper articles.

When the commission meets in New York next Monday it is likely that the players known to have contracts as newspaper writers will be summoned before the commission and told they will be heavily fined if their names appear signed to baseball articles. Then managers McGraw and Mack will be formally asked to tell the players again of the ruling.

If, after the first game, signed articles by players in the series appear, the Commission may step in and call off the series until the players confine their efforts strictly to playing ball.

"The Commission will enforce the rule prohibiting series players from allowing the use of their names over newspaper articles," said Mr. Herrmann. "And it is probable the series will be called off if the players refuse to live up to the rule. The commission will however, protect the newspapers that have secured the contracts of players to write articles."

It may be stated, however, that there is not the slightest danger of the series being called off on any pretext.

FRATERNITY WILL SUPPORT.

New York, Oct. 1.—Baseball players who write articles for newspapers on the coming world's series will have the support of the Baseball Players' Fraternity, it was announced today by David L. Fultz, lawyer, who is president of the organization. Fultz made a statement regarding the rule laid down by the National Commission prohibiting players of the competing teams from writing on championship games or allowing their names to be signed to articles written by others.

"We do not pass upon the status of the player-author as in our opinion that matter rests entirely with the player and the paper itself," said President Fultz, referring to the fraternity's attitude toward the National Commission's rule, "but if our support should become necessary to enable one of our members to carry out a contract which he has had a perfect right to enter into and which another has entered into with him in good faith, we would back him up to the limit."

Fultz characterized as "absurd" all talk that the series would be called off by the National Commission if players refused to heed the ban against their efforts as writers.

The attitude of the players toward the rule will be taken up on Monday, when the National Commission meets here to complete arrangements for the world's series. L. E. Constance, secretary of the Pittsburgh National League Club, and representative of the National Commission, arrived here today to prepare the way for the meeting of Chairman August Herrmann of Cincinnati, Ban Johnson, president of the American League, and Thomas J. Lynch, president of the National League, the three members of the commission.

CONNIE MACK TALKS.

Washington, Oct. 1.—Connie Mack, manager of the Athletics, in a statement here last night, declared that he would not prevent two of his players, Baker and Collins, from writing special newspaper articles on the world's series, against which a ruling was recently issued by the National Baseball Commission.

"It seems that the commission is making the ruling entirely too late," said Mr. Mack, "and if any such action is contemplated the players should have been notified long since."

He expressed the opinion that the players would go ahead with their plans without serious opposition.

SPORTS OF ALL KINDS

For several years the Western Canada champions have challenged for the Dominion championship. Perhaps the decisive defeat administered to the westerners by the Hamilton Jungle Kings will act as a deterrent this fall.

Catcher Jack Roche of the Calgary team of the Western Canada League, who was picked up by Scout Eddie Herr for the St. Louis Cardinals, made the record of catching every game his team played. Not satisfied with that, he immediately proceeded to California to get a job playing winter baseball and says he hopes to have caught 200 games for the year before he joins the Cardinals in the spring.

Yale has now scored 1,826 points to 12 for Wesleyan in the 41 games that the two Connecticut colleges have played. Do you wonder that all down through Connecticut they still consider Yale to be the big college in football and regard Harvard's triumph of last fall as a mere flash?

It is rumored in Hamilton that some of the players who made the western junket trip with the Tigers will turn out with the Hamilton Rowing Club. The statement is made that certain of the gladiators will play with the Tigers at the cost of the positions they now occupy. It behooves some of the unions and the Interprovincial is not the only one, to place a little less liberal interpretation on the definition of an amateur.—Toronto Globe.

Clark Griffith says that another winning pitcher like Johnson would have meant the pennant for Washington. Sure and there are a lot of people who think that a team that could not win a pennant with one Walter Johnson must be a pretty bunk lot of ball players.

looks good for the full-back position. He comes from London, Ont., and has played the Canadian game. He is an exceptionally strong punter.

Report has it that the Boston club has asked waivers on First-Baseman Hap Myers and Third-Baseman Fred Smith, with the idea of sending them to Rochester. Manager Gangel of the Rochester team, also hopes that Boston will be able to waive Pitcher Dick Rudolph out of the league for him.

Capt. Bridges shifting from half-back to quarter on the Fredericton High team, has strengthened the line considerably.

AMERICAN HORSE

WON AT NEWMARKET

Newmarket, Eng., Oct. 1.—H. P. Whitney today had the unusual honor of taking first and third places in the Great Eastern Railway handicap, with his horses Harmonicon and Borrow, ridden by Jockeys Maher and Martin, respectively.

Sixteen ran in the event, which is a six furlong race for three-year-olds and upwards for a sweepstakes of \$50 each for starters and \$2,500 added.

OFFERS OF \$200,000

FOR BELMONT'S TRACERY

New York, Sept. 30.—What would you do if you owned a horse and an offer of \$200,000 was made for him? Sell him? Well, such an offer was made to August Belmont for his great racer Tracery and the tender did not even cause him to blink his eyes. He merely laughed at it.

This is the greatest amount ever offered for an American-bred and raised thoroughbred. It was made by cable by W. Allison of England, probably acting in behalf of one of the wealthy patrons of the English turf.

George F. Morris arrived from Lancaster this afternoon and with Messrs. Shurtliff, Martin and Doniger will begin in the morning the composition of the brief to be filed in behalf of Thaw by Oct. 6.

With the officers in charge, Thaw went on a motor drive to Manchester and return. The news of his coming was not sent in advance and although he was driven about the principal streets of Manchester, the fugitive was not recognized. The party returned to the hotel at 6.30 o'clock.
