

BOTH SIDES HOPEFUL OF WINNING

Battle of Chateaugay will Be Fought Tomorrow--- Hon. Mr. Fisher Picked As the Winner

CABINET MINISTERS NOW IN THE RIDING

Montreal, Oct. 9.—Usually before a prize fight, or a political combat, both sides are optimistic. In Chateaugay, the Conservatives have been quiet for days but in view of the big meeting at Ormstown tonight, Hon. Robert Rogers is in a most effervescent mood, advising Conservatives to put their money on Morris, but Liberal faith in the result is unshaken thereby.

The first real effort of the campaign on the Conservative side is tonight's big meeting, the ministers at last coming out of obscurity. There are three of them announced to speak, Hon. Mr. Pelletier, Hon. Mr. Burrell and Hon. Mr. Coderre. While they are seeking to offset the effect of the Laurier meeting last night, the Liberal chieftain is addressing two meetings, one at St. Martin's, the other at Chateaugay. More than 1,000 Montreal Liberals travelled by special train to attend the former.

So far not a note of doubt has been heard in the Liberal ranks, the latest to report being N. P. Walleette, president of the Chateaugay Village Liberal Association.

"We are certain of a majority here," he said, "and it is likely to be greatly increased over what the parish gave Mr. Brown in 1911. Of course we are not stopping work because we are certain."

Not a single accusation of graft or bribery has been thrown against the Liberals yet. This does not indicate entire innocence in the opposition camp, apparently, for the Liberals claim that the Conservatives are arriving in the county with suit cases and grips filled with whiskey, which is thus being introduced into a prohibition county.

Point is given to the Conservative complaint of lack of support from the minister by the announcement today that Hon. Messrs. Foster, Crothers, Meighen and Burrell will speak in Middlesex and South Face.

"Why could they not come to Chateaugay?" despairingly exclaimed a Conservative organizer.

GOT MOOSE WITH 62 INCH SPREAD

(Newcastle Advocate)

Mr. T. P. Lindsay and wife, of Southbow, Mass., and Elton Clark, of Framingham, Mass., who have been enjoying a three week's hunting trip in the Miramichi forests, left for their home Saturday morning, with the honor for having taken the largest moose head that has been shipped for a number of years, having a spread of 62 inches.

Besides securing a magnificent head, Mr. Lindsay got an exceedingly fine Caribou with 36 points. He also got a bear. Mrs. Lindsay was successful in getting a moose and caribou, and Mr. Clark also got a moose and Caribou.

The heads were brought to town on Friday evening, and those who saw them say they were the finest they have seen for some time. They were shipped by the Maritime Express Monday morning.

GOVERNMENT CONTINGENT HAS BEEN INCREASED

The strong contingent which gathered here for the meeting of the Provincial Government has been increased by the arrival of T. J. Carter, M.P.P., and J. L. White, M.P.P., representatives for Victoria. Departmental business has largely occupied the attention of the members and delegations have also been heard. Hon. John Morrissey, who has been on a tour of inspection of the St. John & Quebec Railway, has discovered several matters connected with the Public Works Department that need attention at once and in addition the Fredericton Bridge is still a source of worry.

ATONEMENT DAY FOR JEWS

Will be Observed by the Church People in Fasting and Penitence

Celebration Begins at Sunset and Ends When Two Stars Appear Tomorrow

New York, Oct. 10.—There is no greater and more generally observed holiday in the Jewish calendar than Yom Kippur, the Day of Atonement, the observance of which will begin at sunset today and continue, with the orthodox, without interruption until the first stars become visible in the sky tomorrow. It is the tenth day of the month of Tishri and ends the period of ten days penitence that began with Rosh Hashona. No day is holier to the Jews than this, the most rigorously observed of all the days of fasting and penitence.

Beginning with sunset today all orthodox Jews suspend their work and congregate in their temples and synagogues where they will spend day and night, fasting and praying, until sundown tomorrow. From this rigorous fast are exempt only the sick, children of tender age and very old persons who would break down under the long fast. Before this is disposed of all repair to the synagogue for the "Nol Nidre" service, which is the most beautiful and impressive in the Jewish ritual. The ultra orthodox remain in the synagogue through the night and the following day, while the less strict observers and those who by age or sickness are exempt from fasting return to their homes, where they remain quietly until the day of fasting is ended. One of the features of Yom Kippur is its general observance by Jews all over the world. Even the so-called Reform Jews observe the day, although as a rule, they do not abstain from food and do not spend the whole night and day in their houses of worship.

According to the Talmud, each man's conduct is judged and his destiny decided on New Year's Day and the decree of Heaven is sealed on the Day of Atonement. The ten penitential days, beginning with Rosh Hashona and ending with Yom Kippur, are therefore devoted by orthodox Jews to prayer and to settling their accounts with one another for it is the ancient belief that all sins committed by Israel against the Divine commands are forgiven on the Day of Atonement, but the wrongs committed by man against man do not receive Divine forgiveness unless attempts have been made to right these wrongs.

ST. JOHN DELEGATES ARE STILL IN OTTAWA

Patiently Waiting for Information for Terms of the Contract Entered Into Between General Manager Gutelius and C. P. R.—Some Hope Entertained of Finding a Solution of the Difficulty—To Interview Sir Thomas Shaughnessy

Ottawa, Oct. 9.—After two days of waiting the St. John delegation sent here to protest against injustice to Messrs. Hazen, Thorne and Robinson then went to Premier Borden's office and there were shown two telegrams received from Gutelius. The first acknowledged Mr. Borden's telegram of today asking, in response to the delegation's request, that Gutelius wire him the text of the agreement. The second telegram set out that, while a memo if the agreement had been drawn up by himself for the Intercolonial, and by C. M. Bosworth of the C.P.R., it merely covered the heads of the agreement and that the formal document had never yet been prepared.

The memo now existing, he said, was in railroad phraseology and not easily understood by the ordinary layman and he would prefer not to wire it. But in the course of a few days it would be made public when it would be submitted to the minister of railways for his approval. The telegram stated that a copy of the memo had gone forward to Hon. Mr. Cochrane.

SIX MONTHS' AGREEMENT.

Mr. Borden sent to the latter department for the memo and it was brought in and read. It covers six months, from November 15 this year to May 15 of next year. Mr. Robinson reported these matters to the delegation in a session which lasted till nearly half past six. He gave from memory, and in confidence, some details of the terms and they were discussed freely.

All agreed that, in so far as they had been able to examine the details, they appeared to be discriminatory against St. John.

This sentiment was finally embodied in a resolution moved by Senator Danjel and seconded by John Keefe, and it will be handed to Hon. Mr. Hazen.

There is a division of opinion among the delegates as to whether or not the memo of agreement between the Intercolonial and the C.P.R. is binding in its present form. No official expression of opinion, however, can be had at present.

The following message was received by Mr. Robinson today from W. H. Hayward Company, Limited:

"Citizens are anxiously waiting for something tangible. Surely the government will do its duty to St. John."

That was the first thing they wanted to know and they thought two days rather long to wait for it, whatever the reason was that it had not come from the I.C.R. manager. Finally, an adjournment was made till four o'clock, as under Premier Borden's promise of yesterday it was felt that the terms should surely be available by this afternoon.

A MISTAKE, SAYS HARRIS.

Hon. Mr. Hazen sent for J. M. Robinson about two-thirty this afternoon at the Rideau Club and Senator Thorne and A. H. Harris of the C.P.R. were present. Harris said that the schedule of sailings of C.P.R. steamers dated September 23 was

CELEBRATE BLOWING UP OF DYKE

San Francisco, Cal., Oct. 10.—San Francisco, which expects to reap immeasurable benefits from the opening of the Panama canal, today indulged in a joyous celebration of the blowing up of the Gamboa dyke, which marks the practical completion of the great waterway connecting the Atlantic and Pacific oceans. The celebration began upon the receipt of a telegraphic signal from the canal zone announcing the destruction of the dyke. Flags were thrown to the breeze, salutes were fired by the warships and the harbor forts, whistles were blown throughout the city and public ceremonies were held in the Union Square. Later in the day a large crowd gathered at the exposition grounds, where the site for the Republic of Panama building was formally dedicated by Joseph Lefevre, first secretary of the Panama Legation at Washington.

ENJOYABLE SOCIAL.

The congregation of Christchurch Cathedral entertained the students of the various educational institutions of the city last night at the Church Hall. The social was attended by about two hundred and proved very enjoyable.

STOCK MARKET OFF AGAIN

Persistent Liquidation and Short Selling Has a Depressing Effect

Union Pacific May Retain in the Treasury Proceeds of Sale of Southern Pacific Stock

New York, Oct. 10.—There were some evidences yesterday that persistent liquidation, accompanied by short selling, had established strong technical conditions in the Stock Market. On no other ground could the resistance to pressure at the lower level of prices be explained. General news was not favorable for a sustained recovery, although attempts to make the Union Pacific announcement a lever for depressing prices very properly failed. Conservative holders of this stock for investment will hardly be influenced by an indefinite retention in the treasury of a million dollars derived from the sale of Southern Pacific stock. They very likely feel that so long as this money is held the present dividend on the stock can be indefinitely maintained irrespective of a period of lean earnings.

Government reports of crops caused no surprise, although it was the smallest for ten years.

FINE WEATHER PROSPECT AT PHILADELPHIA TODAY

Eight Thousand Fans Assembled in Shibe Park Before 11.30—McGraw's Suicide Canard

Philadelphia, Oct. 10.—Shortly after ten o'clock this morning the sun broke through the clouds and at eleven-thirty it was estimated that about eight thousand fans were in Shibe Park. It is the belief that Bender will pitch for the Athletics while McGraw's choice rests between Marquand and Demaree. When asked for an opinion he said:

"We will even up the series this afternoon, then watch us take two straight and the world's championship."

Both Mathewson and McGraw laughed heartily at the rumor, which was in circulation here, that McGraw had committed suicide.

ASSULTED BY A SCOTCH DEGENERATE

Mrs. J. W. Penery, Aged Sixty-seven the Victim of a Fiendish Crime At Hamstead

ASSAILANT NOW IN JAIL AT GAGETOWN

Upper Hampstead, Oct. 9.—Brutally assaulted by a young Scotch degenerate named James Gibson, Mrs. J. W. Penery, a woman sixty-seven years of age, lies at the point of death in her home here and the whole community is horror stricken at the heinous character of the crime. Locked in a cell next the manslaugherer McIntyre, Gibson waits the issue of his crime.

Gibson, who is only sixteen or seventeen years old, has been employed at the farm of Alfred Slipp for some time. This morning, while Mr. Slipp and his family were away from home attending the funeral of their little girl, who set fire to her clothing while playing with matches the other day and was burned to death, Gibson went to the home of Mrs. Penery, who lives at the next farm, and told her she was wanted at the telephone at the Slipp residence. She accompanied the youth back to the house, but as she went to the telephone Gibson assaulted her and proceeded to lash her to the telephone, breaking her ribs in the struggle.

After the brutal assault, Gibson, unmindful of the piteous pleadings of the aged woman, left her lashed to the telephone and ran away. Steal

MUNICIPAL ELECTION IN SUMBURY COUNTY

George A. Perley M. P. P. Was a Quitter in Mauderville—M. A. Smith a Winner in Bliss-Ville

The Sumbury municipal elections took place on Tuesday and resulted in some surprises. There were contests in all the parishes except Mauderville and Sheffield. The Parish of Mauderville, which has been represented by Messrs. George A. Perley, M.P.P., and George F. Banks for thirty years, returns two new men this year. Coun. Banks voluntarily retired from municipal politics but Coun. Perley filed his nomination papers with the parish clerk. Upon learning that he was to have opposition, which was equivalent to defeat, he intimated to friends his intention of dropping out of the fight. He found it convenient to be absent from home on election day and no poll was held. It was a clear case of squawk on the part of the M.P.P. Ex-Sheriff Holden was a candidate in Burton but suffered defeat.

A CATHOLIC GOLDEN JUBILEE

Spokane, Wash., Oct. 10.—Under the auspices of the Gonzaga University of this city, an interesting celebration was held today in honor of the golden jubilee of the planting of the Catholic faith in this section of the country. The central figure in the celebration was the venerable Father Joseph Caruana, the first Catholic missionary among the Indians of the Pacific Northwest, and recognized as the founder of the Catholic faith in what was then known as Oregon. It was fifty years ago today that Father Caruana baptized seventy-five Indian children, members of the Coeur d'Alene tribe, the baptism being held on the site now occupied by the Northern Pacific Railway's passenger station in this city.

Mr. Frank Shute, manager of the Royal Bank at Yarmouth and his son, Master Arthur Shute, arrived in the city last night to spend a few days.
