SECRET SERVICE MEN WATCHING ORANGEMEN

Ottawa, Oct. 6.—Under instructions from the Government the Secret Service agents attached to the Dominion police are watching the development of the Ulster movement in several Canadian cities, notably in Toronto and Winnipeg. Any attempt in Canada to aid the proposed Carson rebellion will likely land the Dominion conspirators in the criminal court and possibly in the penitentiary for long term sentences. The government is much concerned over reports that at several points in Canada money is being raised in aid of the rebellion movement in the north of Ireland and that there is a likelihood of Canadians being quietly enlisted and sent forward for the Ulster fight.

There has even been talk of a Canadian volunteer contingent. The Government of Canada has determined to stifle such movements at the beginning and for the purpose of obtaining the earliest information the Dominion secret service has been put upon the watch. The laws are very severe against participation or in aiding such disorders at that proposed by the Ulster objectors to Home Rule. The acts are set down in the criminal code of Canada as treason with liability to punishment in the form of imprisonment for life.

LIABLE TO LIFE SENTENCE

A part of the law which the Minister of Justice has determined shall be upheld provides that everyone is guilty of an indictable offence and liable to imprisonment for life who forms an intent to levy war against His Majesty within any part of the United Kingdom or Canada in order by force or constraint to compel him to change his measures or counsels in order to put any force or constraint upon, or in order to intimidate or overawe both houses or either house of Parliament of the United Kingdom or Canada, and manifests any such intention by conspiring with any person to carry it into effect.

This is a portion of section 78 of the criminal code of Canada. Frequent reports are being received from the secret service agents in various parts of Canada who have been set to watch the development of this movement.

WEDDING STATIONERY.

We have a fine stock of wedding stationery on hand and are prepared to execute all orders promptly. Send in your orders for invitations or announcements.

ADVERTISING TALKS.

One hundred cents make one dollar.
Yet when you spend your dollar how efficient is it? Do you get 60c., 80c. or 100c. worth?
The answer is squarely up to you. It depends upon your method of spending.
If you are alive and interested in finding out for yourself the "what, when and where" of money spending, every purchase, every investment you make brings you the fullest possible returns for your dollar.
The man or woman who reads advertising intelligently and continually makes a dollar do its full stint of work.
If you are not already a careful reader of Mail ads begin today and be one.

THE GREAT LAKES

We all know in a general way that Lake Superior is the largest and Lake Ontario the smallest of the Great Lakes, but the relative facts are scarcely known to the average person. While Lake Michigan ranks second in size, being forty-five miles shorter than Lake Superior, it is twice as deep as its greatest depth, the figures being 900 feet for Lake Superior and 1,800 feet for Lake Michigan, so that in cubical contents the latter far out-reaches Superior. Lake Huron's greatest depth also is a hundred feet more than that of Lake Superior, so that the greatest is not superior to everything after all.

Lake Erie and Lake Ontario are comparatively shallow, with maximum depth of 204 feet and 412 feet, and yet we should not like to fall overboard in either of them. In width—maximum figures—Lake Superior comes first with 160 miles, Huron second with 105, Michigan third with 84, Erie fourth with 60, and Ontario last with only 52 miles of greatest breadth.

In comparison with its area, Ontario leads with a drainage of 29,769 square miles for its area of 6,700, the others being Erie, drainage, 39,680, area 23,000 square miles; Michigan, drainage, 70,000, area, 22,400 square miles; and Superior, drainage, 85,000, area, 32,000 square miles. Drop in elevation is very gradual, Lake Superior being 600 feet above sea-level, Michigan 678 feet, Huron 574 feet, Erie 564 feet, and then comes a big drop to 234 feet for Lake Ontario.

Expected a Deluge

An extraordinary case of religious mania was found in Panama. An individual who had proclaimed himself the Messiah predicted the destruction of the world by a deluge in a short time, and some of his eighty adherents engaged in building an ark, while others collected in pairs animals of all species found in their region.

Money Multiplier

A deposit of \$25 per annum made persistently for 20 years, and compounded at 3 per cent. amounts to \$631.

Fireproof Paper Chimney

A paper chimney, 50 feet high, and fireproof, is a curiosity to be seen at Breslau, Germany.
