The game was played on a rain-socked field. The ball was so slippery it could be handled with difficulty and dribbling was the mode of play generally followed. Freshmen made big gains by dribbling while Normal School seemed unable to use, or stop that kind of play. The Freshman backs got away on a number of nic runs but fumbling, due to the workball, spoiled much of their work Their forwards followed well and die better in the loose than the scrip

VanWart played well at fullback punting to great advantage. Millidge and Burden were the most prominent of the Freshmen backs, while Edgecombe at passing-quarter and Gibson who was one of the scrim quarters, showed up well. For Normal Bor nell put up a great offensive game and Drummie played well behind the scrim. Normal forwards were against a pack as heavy as they were and the advantage of weight, which they had over Fredericton High vanished. The team was defending continually and had no chance to attack.

The score yesterday was Freshmen 18, Normal 0. The college team had the others on the run at all stages, and it was merely a question of how large the score would be. Six tries were scored, none of which were converted. The beating, with that exception, was as bad as that given Fredericton High by Freshmen. Old ham lost the ball after crossing the Normal line or there would have been the atom of the game Gibson Normal line or there would have been the atom of the game Gibson Normal line or there would have been the atom of the game Gibson was received.
