The new chimes, which have been presented to the Cathedral by Mr. James H. Dunn of London, England, a former resident of Bathurst, N.B., will be used tomorrow for the first time, being rung in connection with the morning service. The services will mark the restoration of the Cathedral after the disastrous fire of July 3, 1911, which partially destroyed the edifice. The consecration of the Cathedral took place August 31, 1853.

DETAILS OF RESTORATION.

The Mail has been furnished with the details of the restoration of the Cathedral by Very Rev. Dean Schofield, who has labored without ceasing in connection with the rebuilding of the church and to whom is due much credit on that account. The Cathedral spire has been heightened twenty feet to bring it in accord with the original plans of the late Bishop Medley, which were departed from because of weakness of the tower foundation. The base of the spire has been joined to the tower by flying buttresses of wood covered with copper and the tower has been altered to meet the change by the insertion of a stone gable on each face.

UNIQUE FEATURE.

One unique feature of the restoration has been the covering of the roof with copper. There are few buildings in the world of the size which are roofed with that material and the fact has been commented upon by visitors to the city.

INTERIOR RESTORATION.

One chief structural change has been at the west end of the building, where by a skillful device, the architect has placed a chimney in a double arch about the great west window. The plaster has been entirely removed from the walls, except in the south transept, and the whole has been sheathed with matched boarding, covered with beaver-board and canvas, making a magnificent wall for the climatic conditions. The interior of the roof is of Douglas fir brought from Vancouver and is an exact reproduction.

TWO ADDITIONS.

There are two additions to the usefulness of the Cathedral. The old library-vestry has been changed into a chapel, simple but beautiful. In the choir-vestry on the north side a satisfactory library and robing room has been made.

IN THE CELLAR.

In the cellar an engineering feat of no small skill has been accomplished. Mr. Delancey Robinson, the architect in conjunction with Mr. E. Lee Street of Boston, a former member of the congregation, by a system of inverted arches of concrete blocks forced into place by steel wedges, has made practically a new foundation for the great tower. Cement has also been extensively used about the furnaces so that the edifice is now protected from fire in every possible way.

OTHER IMPROVEMENTS.

The organ has been entirely overhauled and considerably added to and is generally recognized as being more beautiful than the former instrument. The pulpit, the gift of Mrs. Fellows granddaughter of Hon. John R. Partelow, a noted citizen of Fredericton, of handsome white English stone, makes a beautiful addition to the already fine furniture of the Cathedral.

THE NEW BELLS.

No account of the restoration would be completed without reference to the bells, so generously presented by Mr. James H. Dunn of London, England, in memory of his grandmother. A brass tablet has been erected on the southeast tower-pier commemorating this presentation. The citizens of Fredericton in general will be forever grateful along with the Cathedral authorities to the donor of this beautiful gift.

THE INSCRIPTION.

The old bells, eight in number, which were destroyed in the fire, had each a line of Latin inscription, the whole making a hymn to the Trinity. The thought has been carried out in the following inscription: "Gloria Patri, Et Filio, Et Spiritu Sancto Sicut erat in Principio, Et in Saecula Saeculorum. Amen." The new bells number fifteen and were cast by John Warner & Sons of London. The largest stands four feet high and weight 3700 lbs.

COST OF RESTORATION.

Some \$60,000 in all apart from the cost of the bells, have been expended upon the restoration at this date. Of this \$50,710 was received from the insurance companies out of the total insurance of \$55,000 on the building. Something over \$300 has been received on interest for the deposit receipts on the insurance before it was expended and over \$8,000 has been subscribed or contributed in various ways. There still remains a debt of some \$5,500 and the Dean is asking for generous contributions tomorrow towards this deficit.

CONSECRATION SERVICE.

The consecration service was held Wednesday, August 31, 1853. The (Continued on page five.)

STORE COLLAPSES; FIVE PEOPLE KILLED

Peterboro, Ont., Aug. 28—A gloom has been cast over the city by one of the worst, if not the worst, disasters in its history. With no more warning than a few ominous cracks that were immediately followed by a rending of timbers and a crashing of bricks and mortar, a big section of the largest departmental store in Peterboro collapsed this morning, killing five persons and injuring more or less seriously almost a dozen.

MORE IMPROVEMENTS AT THE EXHIBITION

Mail Service on Grounds---Western Union to Have Office---Arrangements for Excursions

Among the many new features that will prove of convenience to the public at this year's exhibition will be the introduction of a city mail service.

Work on the construction of the new office building at the exhibition is well under way. The Western Union Telegraph Company have decided to run their wires to the fairgrounds and will have their office in the new building.

One noticeable improvement at the exhibition this year is the addition of over fifty feet to the promenade on the lower floor of the main building. This was made possible by the removal of the stairs leading to the Amusement Hall.

Mr. C. Fred Chestnut is trying to make arrangements for the running of an excursion train by the C. P. R., over the Central and Fredericton & Grand Lake Railways from Norton to this city during the exhibition. It is expected that the effort will be successful. The C. P. R., through Mr. W. B. Howard, district passenger agent, of St. John, has arranged special excursion rates for the Fredericton exhibition on all lines east of Port Arthur, Ont.

SOLDIER SETTLERS REACH BRANDON

Brandon, Man., Aug. 30.—The arrival in Brandon this week of a number of soldier settlers direct from the Old Country has aroused special interest in view of the belief expressed by them that this city will eventually become an important Canadian military centre as well as an agricultural and industrial centre.

MR. WILLIAM A. GIBSON DIED AT ST. JOHN

Was a Native of Marysville and Formerly Resided in This City

The news of the death at St. John last night of Mr. W. A. Gibson was heard with deep regret by his many friends in this city, where he formerly resided. Heart trouble was the cause of his demise and he had been ill for some weeks.

The deceased was a son of the late Mr. John Gibson of Marysville, and a nephew of the late Alexander Gibson. He was a native of Marysville and was for some time a resident of this city. He was for a time associated with his father in business but ultimately engaged in the life insurance business. Eight years ago he became provincial manager of the Imperial Life and took up his residence in St. John, but his business called him frequently to Fredericton. He was a man of fine appearance and was possessed of a kindly and genial disposition, which won for him many friends.

The deceased was forty-five years of age and is survived by a widow, formerly Miss Ida Miles of Oromocto, and four children. The latter are Grace, Miles, William and Marion. He is also survived by one brother, Arthur M. Gibson of this city, one sister, Mrs. George Thompson Bliss of Dorchester, Mass., and one half brother, Fred H. Gibson, bank clerk of Quebec.

The late Mr. Gibson was a member of the Methodist church and was identified with the Masonic order and the Knights of Pythas.

The body will be brought to this city for interment, arriving on Monday morning. The funeral will take place from the C.P.R. station to the Rural cemetery.

JEROME IS CONFIDENT

Thinks That Thaw Will Ultimately go Back to Matteawan Asylum

"Gentleman" Rogers, the Dare-devil Chauffeur Positively Declines to Squeal on Thaw

Sherbrooke, Aug. 29—It was reported in Sherbrooke early today that Superior Judge Hutchinson, returning from his vacation, has agreed to grant to Canadian lawyers, acting for New York State, a writ of habeas corpus, calling for the production of Harry K. Thaw in court at once.

Sherbrooke, Aug. 29—New York State made no step forward today in its fight to return Harry K. Thaw to the Matteawan Asylum for the Criminal Insane. He remains in the Sherbrooke jail on a commitment which will not bring him into court until the King's Bench convenes in October, and William Travers Jerome, conferring with Canadian counsel, has as yet been unable to secure the throwing of the bolt that detains him.

Roger Thompson, erstwhile Times Square chauffeur, lounged about the hotel corridors this afternoon, lunching near Jerome, wrote letters to friends, walked the streets unmolested and kept quiet as regards the Thaw case. He was released on \$500 bail today on the double charge of having entered Canada "by stealth" and of having aided an undesirable, Thaw, to cross the Dominion border. He will be tried on these charges, barring further postponements, on Wednesday.

Furnished with counsel by the Thaw family and provided with spending money, presumably from the same source, Thompson flatly and repeatedly refused to tell what transpired on and after the Sunday morning on which he drove Thaw away from the asylum gate after Stanford White's slayer had whisked past Howard Barnum, the aged gate-keeper.

THOMPSON WON'T SQUEAL NOW.

"I would not squeal if you gave me the whole town of Sherbrooke," said Roger. "I believe Thaw is sane and I wouldn't say one word to hurt his case. I want to see him get away. I won't jump my bail. I can't go back to New York because they have a warrant out charging me with conspiracy. That worries me a whole lot. My old mother is worried about me, too. But I wrote her today, telling her not to be worrying. I am a British subject and I hope to beat this case."

ASKS GOVERNMENT TO RETURN THAW.

Ottawa, Aug. 29—Attorney General Carmody of New York, has petitioned the Canadian government for the return of Harry K. Thaw to the authorities at Matteawan. Mr. Carmody cites the deportation of a dozen or more insane persons from Canada under the immigration act, as to which no question has been raised. These, he considers, should be taken as a precedent in the return of Thaw to the New York State authorities.

EMINENT LAWYERS GATHER AT MONTREAL

Annual Meeting of the American Bar Association to Open in That City on Monday---List of Speakers Will Include Lord Haldane, Ex-President Taft and Maitre Labori---First Meeting Held Outside of the United States

Montreal, Aug. 30.—Men who make, interpret and expound laws, men who have served their country in the highest executive, judicial, legislative and diplomatic positions; men who bear on noble foreheads and furrowed faces the indelible marks of intellectuality, and whose thoughtful glances and positive speech betoken the trained mind and judicial temperament—these are the competent parts of the distinguished company now assembling in this city for the annual meeting of the American Bar Association and the conferences of the several affiliated organizations.

This will be the first occasion on which the convention of the American Bar Association has been held outside the United States. Great importance is attached to this fact, in calling attention to which the announcement of the executive committee says: "The meeting undoubtedly will tend to cement more firmly the already warm relations between the members of the bar of the United States and Canada, and will be a fitting forerunner of the celebration in February, 1914, of the centenary of peace between the two great English-speaking nations of the world."

NOTED MEN PRESENT

The association has been fortunate in securing as speakers and guests of the convention three men who are eminent as representatives of the bench and bar of three of the leading nations. These men are the Rt. Hon. Viscount Haldane, Lord High Chancellor of Great Britain; William H. Taft, former President of the United States, and Maitre Labori, Batonnier of the bar of Paris, famed for his defence of Major Dreyfus and Emile Zola.

The convention will hold its opening session in the assembly hall of the Royal Victoria College. The opening address will be delivered by the president, Frank B. Kellogg, of St. Paul. Monday afternoon Lord Haldane will deliver the annual address before the association at the Princess Theatre, being introduced by Chief Justice White of the Supreme Court of the United States.

The session of Tuesday morning will be devoted to the reports of standing and special committees. Tuesday evening there will be a symposium on "The Struggle for the Simplification of Legal Procedure," discussed under three sub-topics, as follows: "Some Causes," by Judge W. C. Cook, of the Federal Circuit Procedure and Social Unrest," by Judge Charles Burke, of the Maryland Court of Appeals, "The Goal and Its Attainment," by William A. Blount, of Pensacola, Fla.

The feature of the Wednesday morning session will be a paper by former President William H. Taft. The Tuesday and Wednesday sessions will be held at the Royal Victoria College.

The convention will be brought to a close Wednesday evening with a grand banquet at the Windsor Hotel. Senator Elihu Root of New York will preside and former President Taft and Maitre Labori will respond to toasts.

In addition to the sessions of the convention proper there will be meetings of the Comparative Law Bureau, the sections of Legal Education and Patent Law, the Association of American Law Schools, and the American Institute of Criminal Law and Criminology.
