

Cities Need Good Design
London, in a design made by Sir Christopher Wren after the fire of 1666, was tendered a great plan for rebuilding the city, which the people failed to have executed, and thereby lost a great asset. Now the people of London are spending hundreds of millions to carry out some of the suggestions of Wren, knowing that it will be a paying investment for the city.

Paris spent two hundred and sixty millions in the revision of the city-plan made under Napoleon III., and has found it such a paying asset that it is going to spend two hundred and fifty millions more in similar improvements.

Child's Narrow Escape

When a train which had left Otawa reached the bridge over a tributary to the Gatineau and just beyond Hull, the engineer noticed a small child on the track. Before he could stop his train the engine had passed over the child. When the train stopped the engineer descended from his cab to look for the youngster's body, when he found that the little one had lain down flat on the trestle work of the bridge where there was just room for the outer edge of the engine to pass over his body without hurting him. In this way he escaped uninjured. He was taken out by the engineer and sent safely home. He did not seem much frightened when taken from his perilous position under the train.

Saving Hotel Carpets

For handling baggage in hotels there has been invented a truck with rubber tired wheels to save the carpets and with handles that fold when used in crowded spaces.

Concrete Bridge Floors

Mr. L. C. Smith, engineer for the Michigan State Highway Commission, advises the use of concrete wherever possible in the replacing of floors on old steel or wrought iron bridges, even though this may necessitate the laying of new steel stringers.

Analyzes the Gas

An Englishman invented apparatus by which the percentage of oxide of carbon present in illuminating gas is automatically registered.

The total of the church and other property exempted from taxation in Montreal amounts to \$120,119,419.

ADVERTISING TALKS.

One hundred cents make one dollar.
Yet when you spend your dollar how efficient is it? Do you get 60c., 80c. or 100c. worth?
The answer is squarely up to you. It depends upon your method of spending.
If you are alive and interested in finding out for yourself the "what, when and where" of money spending, every purchase, every investment you make brings you the fullest possible returns for your dollar.
The man or woman who reads advertising intelligently and continually makes a dollar do its full stint of work.
If you are not already a careful reader of Mail ads begin today and be one.

CHEAP FARES TO TORONTO EXHIBITION.

In connection with the Canadian national exhibition at Toronto, which will be held this year from August 23rd until September 8th, the Intercolonial Railway will give very low excursion rates which will give the opportunity to many to visit the Queen City on the occasion of its great annual fair.

The Toronto fair is the largest and most attractive of annual exhibitions in America, and this year new permanent buildings have been constructed and its extensive boundaries enlarged by new boulevards. Aside from the attractions of the exhibition a visit to Toronto at this season is sure to be enjoyable especially in view of the very low rates prevailing. From Fredericton the round trip will be \$22.90 good going August 21, 23, 25, 26 and 27 and Sept. 3 and 4. A special rate of \$16.45 will prevail on August 22 and 28 and on September 2. All tickets are good to return September 10. Maritime Province travellers will have their choice of two through vestibuled trains, the Ocean Limited and the Maritime Express, both of which connect at Bonaventure union station, Montreal, with the through Grand Trunk trains for Toronto. It will be well for intending travellers to apply early for reservations.

BLINDING HEADACHES FROM CATARRHAL IRRITATION NOW QUICKLY CURED

The New Inhaler Breathing Treatment Does Away With all This Sort of Thing

"A stuffy cold in the head or an old-fashioned attack of Catarrh are simply ancient history to me nowadays," writes S. Nathan Smith from Cornwall, Ont. "I used to have the worst kind of blinding headaches. They were torture to me on damp days when my catarrh was bad. I would still perhaps be suffering but for the fact that I saw a friend inhaling Catarrhozone with apparent pleasure, and I got the dollar outfit in the Windsor Hotel Pharmacy in Montreal. I could scarcely believe the way Catarrhozone cleared out my head. It let me breathe easier than I had breathed for five years. Catarrhozone has cleared away every vestige of catarrh from my system. My breath used to be rank—now it is sweet. My digestion was constantly disordered, but since the catarrh is cured I have no stomach trouble. I am a perfectly well man and Catarrhozone did it all."

For speakers and singers and persons troubled with an irritable throat, bronchitis, asthma, catarrh or la grippe, Catarrhozone is of inestimable value.

The inhaler can be carried in your pocket and may be used at any time or in any place.

Large size, guaranteed, and sufficient for two months' use, costs \$1.00 smaller size, 50c., sample size, 25c., all storekeepers and druggists or The Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.

CLASSIFIED
