STOCK MARKET APPEARS TO BE IN THE DUMPS

Canadian Pacific and Other Standard Issues Are off From One to Four Points

LITTLE DEMAND FOR STOCKS FROM INVESTORS

New York, Oct. 16.—The course of yesterday's Stock Market indicated no change of conditions, technically or otherwise, from those which have prevailed for some weeks past. The recent decline, as a whole, has been due to lack of demand for stocks rather than any appreciable supply from any source except the bear element. The causes of absence of outside support are so familiar to all that they need not be discussed. Large interests seem to be adhering strictly to the policy of letting the market take care of itself and until there are some definite indications of support from this source the public is likely to remain apathetic.

A MOOSE YARN FROM OVER THE LINE

The wonderful experience of a resident of Damarastotta with a bull moose is related by a Bath woman who returned home this week from a visit over east, relates the Bath Times. The Damarastotta man while driving through the woods was overtaken by a large bull moose. The man was not armed and for a time he had an exciting time. The moose attacked him from the rear and seemed to take pleasure in pushing the cart ahead, using his head just as an elephant does. The horse became frightened and jumped the fence. The driver held to the reins and when the horse cleared the fence the wagon was left behind, but, the driver was hauled clean over. When he landed he managed to release his hold on the reins and had a chance to look at the moose, who was standing over the wrecked cart snorting quite vigorously. The moose then disappeared in the woods. The man later found his horse in the woods. The man later found his horse in the woods. The man later found his horse in the woods. He said that it was an experience he would not care to go through again, and could not imagine a reason why the moose should have attacked him.

FEAST OF TABERNACLES BEGINS TODAY

New York, Oct. 16.—The Jews of New York City, like those living elsewhere, throughout the world, began today their celebration of Succoth, the Feast of Tabernacles, which lasts a week and concludes the cycle of autumnal Jewish holidays. Succoth is celebrated in commemoration of the period which the children of Israel spent in the wilderness after their exodus from Egypt, and when they lived in booths constructed of branches and foliage. Aside from the biblical origin of the feast there is another interpretation placed upon it. There is but little doubt that the feast originally was the harvest feast of the Jews, a season of thanksgiving following the garnering of their crops. For this interpretation clearly speaks the fact that Succoth is also known as "The Feast of Ingathering." Succoth is essentially a season of joyful thanksgiving. Orthodox Jews erect little bowers of branches and foliage in their houses and outside of their synagogues, where they say their prayers of thanksgiving.

WILL PROTEST CHATEAUGUAY

This was Decided Upon at Conference of Liberals in Montreal

Montreal Tory Organ Hears That a General Election Will Follow a Short Session

Montreal, Oct. 15.—"The election of Chateauguay will be protested," said the Hon. Sydney Fisher, after a lengthy conference of the leaders of the Liberal party and prominent Liberals of Chateauguay, held at the Windsor Hotel this afternoon. Action for the appeal will be taken at once as there is a strong feeling among the Chateauguay Liberals in favor of a protest and they firmly believe that when the revelations, which are bound to result, have been made, at the next election the country will become Liberal again.

"We have evidence that will undoubtedly quash the election," said Mr. Fisher.

"Will there be any prosecutions?" Mr. Fisher was asked.

"I do not see how the guilty can escape when the evidence at the hearing has been given," said Mr. Fisher. "The prosecution will follow as a matter of course."

Those attending the conference were Sir Wilfrid Laurier, Hon. Rodolphe Lemieux, Hon. Sydney Fisher, James Robb, M.P. for Huntingdon; Mr. McGreggie of Ormstown, Mr. Coutin of Ormstown, Robert Brown of St. Chrysostom, James Cowan of Drysdale, A. F. Leggett of Chateauguay Basin, Mr. Collard of Ottawa, A. Toume, A. Mahon, Thomas Gibbie of Howick, N. Sangster of Ormstown, R. L. Calder of Montreal, Severin Letourneau, Mr. Papineau, M.P.; Mr. Rutherford, Hon. H. Mercier, James Bryon and Wm. Bryson of Ormstown, Fred Kay, M.P., and Marcel of St. Clothilde, Messrs. Robertson, Elliott, Ogilvie, Alex. McCarth and Robert Ness of Howick.

The Patrie, French Conservative organ, today publishes an interview with a prominent Conservative who states that encouraged by Chateauguay results the Conservatives are preparing to hold a general election soon. The House of Commons, he says, will meet November first and after a short session of three weeks will be dissolved and a general election will follow immediately.

The latest report about Hon. Bruno Nantel is that he will be appointed to the board of railway commissioners.

At a meeting of Conservatives at St. Jerome, Hon. Thomas Chase Osgreen was chosen candidate in the next election in Terrebonne in view of expected resignation of Hon. Bruno Nantel, which is thought will take place in two weeks.

CENTENNIAL OF BATTLE OF LEIPSI

Leipzig, Saxony, Oct. 16.—Sovereign rulers of the German states, military officers of renown and a host of other dignitaries have gathered here for the celebration of the centennial anniversary of the battle of Leipzig, which had its beginning one hundred years ago today. The conflict, which is known to history as "the battle of the nations," was between the French army and its allies, commanded by Napoleon, and the Austrian, Russian and Prussian armies. A total of 400,000 men participated in the battle, which raged for three days. The French were beaten, chiefly owing to seventeen Saxon battalions, their allies, turning upon them in the heat of the engagement.

VOPEIKA OFF FOR BUCHAREST

Chicago, Ill., Oct. 16.—Charles J. Vopeika of this city, who was recently appointed United States minister to the Balkan states, left today for New York, whence he will sail for Europe next Tuesday. He expects to reach Bucharest, where he will be stationed, on Nov. 18.

RUMORED CHANGES IN THE BORDEN CABINET

Premier Will Get Rid of Some of the Weak Brethren at the First Opportunity—Minister of Labor Will be Cheerfully Appointed to the Bench—Hon. Bruno Nantel for the Railway Commission—A New Portfolio to be Created

Ottawa, Oct. 15.—It is generally understood in government circles here that Premier Borden intends to get rid of some of the weak brethren in his cabinet at the earliest opportunity and to bring in at least four new ministers with a view to strengthening the ministry, especially in regard to debating talent in the Commons and in platform oratory for the stump, in which the cabinet is now admittedly weak.

WHO ARE TO RETIRE.

The ministers slated for retirement are:

Hon. Bruno Nantel, minister of inland revenue.

Hon. Louis Coderre, secretary of state and minister of mines.

Hon. T. W. Crothers, minister of labor.

Hon. Mr. Nantel is to be appointed to the Railway Commission in place of Hon. J. E. Bernier, whose ten-year term of appointment expires next February.

Hon. Louis Coderre is to take a Quebec judgeship, as was the original plan when he entered the ministry temporarily instead of Mr. L. T. Marchand, K.C., of Montreal, after the retirement of Hon. F. D. Monk.

Hon. T. W. Crothers will be cheerfully elevated to the Ontario Bench by Premier Borden at the earliest opportunity to make way for minis-

ter of labor who can at least make some effort to command the favor of the Labor interests.

THE PROSPECTIVE SUCCESSORS

To succeed Mr. Nantel the young member for Dorchester, Mr. Albert Sevigay, is the probable choice.

To replace Mr. Coderre, the man in view is Mr. L. T. Marchand.

To replace Mr. Crothers, as western Ontario representative in the cabinet, the call is going forth for Hon. Adam Beck.

NEW DEPARTMENT.

In addition to these changes a new department of government is to be established, namely, a Department of Public Health, with the Immigration Branch of the Interior Department attached thereto. Hon. Dr. Roche, according to present plans, is to leave the Interior Department and take charge of the new department.

Mr. R. B. Bennett, M.P. for Calgary, orator, Imperialist and statesman, is to be brought in to succeed Dr. Roche as minister of the interior. That will also give Alberta a representative in the cabinet.

It may be that these changes will be delayed until after the coming session of parliament, but these are good authority for stating that they are now contemplated by Premier Borden.

The report was placed in the hands of an audit committee and favorably received on motion of Ald. Osborne, seconded by Coun. Alexander.

Hon. John Morrissey was then called and after citing the beneficial results of the Union, pointed out the urgent need of more money being appropriated for the improvement of public works throughout the province.

He stated that although it was not his position to say, he was aware that the roads were not in good condition. This was due to the fact that not enough money was given to the public works department. He urged

POTATOES SCORE GAIN

OF TEN CENTS A BAG

Toronto, Oct. 15.—Potatoes are ten to fifteen cents per bag higher in the local wholesale market. Dealers say they have to pay more for New Brunswick stock on account of increased competition from United States buyers, who are showing greater interest in Canadian potatoes since the duty on shipments entering the United States was reduced to ten per cent.

Other country produce prices are unchanged.

Wholesalers are selling to the retail trade as follows:

EGGS—New laid, 33c. to 34c.; fresh 28c. to 30c.; storage, 27c. to 28c.

MISSING ST. JOHN MEN ALIVE AND WELL

(St. John Telegraph)

"Safe and all well," from the missing West Side men yesterday afternoon, was a most welcome message to the relatives and friends of the seamen, and to citizens throughout the city who had expressed deep sympathy in the long hours of fear and sorrow when disaster was hanging over the homes of those whom the sea had all but claimed.

The men were rescued at Whale Cove, Grand Manan, late yesterday morning, after their tiny boat had drifted in sight of the island, after a terrible experience in the stormy Bay of Fundy. They had left Crow Harbor near St. John late Monday night in a small gasoline boat, towing a scow loaded with gravel. They also had with them a very small row boat.

From midnight on Monday until 11 o'clock Wednesday morning nearly a day and a half, the men, Leo. McLaughlin, Edward J. McLaughlin, George D. Cripps and Charles Newcombe, were tossed about at the mercy of wind and wave, the greater portion of the time without food or drink, and the widest flight of imagination can scarcely over-estimate the suffering and anxiety of the hardy boatmen in the face of such trials.
