### LALONDE LOST FOUR HUNDRED ON TOSS OF COIN

Will Play With Canadiens---Wanderers  
Showed Good Conditions in Their  
First Turn Out

Montreal, Dec. 20.—"Newsy" Lalonde will play with the Canadiens this season. Lalonde had a conference with Manager George Kennedy and before the talk was over Lalonde had attached his signature to a contract. However, Manager Kennedy had quite a time getting Lalonde to sign his name. "Newsy" and Manager Kennedy differed to the amount of about \$400. They had argued for quite a time when finally Manager Kennedy decided to end the discussion, and told the hockey player that he would toss whether he would pay Lalonde the salary he offered him or the salary he demanded. This was agreed upon by Lalonde. Thus the argument was settled by the tossing of a coin, which resulted in a victory for Manager Kennedy. Lalonde, therefore, lost some \$400 on the toss.

### WANDERERS AT PRACTISE.

The Wanderers held their initial ice practise last night at the Coliseum rink, when eight men were in uniform. The players showed remarkably good condition for the first turn-out. Carl Kendall, who was secured by the club in a deal with Patrick, made his first appearance on a Montreal team and created a favorable impression.

Boyes and Cadotte, who played with the team a year ago, took turns in defending the nets against a forward line composed of Ernie Russell, Odie Cleghorn and Gordie Roberts. Manager Dickie Boon put on a pair of skates and was out coaching the players, while President Lichtenhein watched the practise from the side. The list of players out were Boyes, Cadotte, Gordie Roberts, Walter Miller, Archie Atkinson, Carl Kendall, Ernie Russell and Lahue.

## Intercollegiate Games Here February 12 and 19

Question of Changing to Six-Men Hockey Was Not  
Decided at League Meeting But Will be Referred  
to Various Student Bodies---Three Periods of  
Twenty Minutes Each to be Played in Games

(St. John Telegraph)

To make plans for the coming year and arrange the schedule of matches in the Intercollegiate Hockey League for the coming winter, representatives of the four colleges in the league met at the Royal Hotel in this city last evening.

The question as to whether it would not be better to reduce the number on the teams to six each from the older system of teams of seven came up for discussion, but no decision was reached, as the representatives of U. N. B. and King's favored the change, while those of Mt. Allison and Acadia were doubtful as to its advantage. The matter will be referred to the student bodies of each university interested, and the decision will be made in accordance with the general opinion.

A by-law was passed, altering the rule with reference to the length of

periods of play. It was decided that three periods, each of twenty minutes should be played instead of two periods of half an hour, as has been the practice. This, it was thought, will make the game faster.

The following schedule was arranged.

Feb. 6—Mt. Allison vs. Acadia, at Acadia.

Feb. 9—Mt. Allison vs. King's at Windsor.

Feb. 12—Acadia vs. U.N.B., at U. N. B.

Feb. 26—U.N.B. vs. Mt. Allison at Mt. Allison.

Mar. 2—King's vs. Acadia, at Acadia.

Those present at the meeting were: F. S. Dunphy, chairman, of King's; W.A.S. Melanson, of U.N.B.; W. M. Farrer, of Mt. Allison, and E. P. Eveleigh, of Acadia.

### CARPENTIER, FRENCH FIGHTER WHO KNOCKED OUT WELLS

(Montreal Herald)

There is a fairly good possibility that Georges Carpentier, the great French fighter, who recently knocked out Bombills Wells, the English heavy weight champion, in such sensational fashion, will be seen in Montreal before long.

In New York plans are on foot to bring Carpentier to America, and have him hook up with Gunboat Smith or Jim Flynn. George Kennedy, manager of the Canadian Athletic Club, where weekly boxing bouts are now being held for the members said today that if Carpentier came over, he would use every effort to have him appear here against some good heavyweight.

Carpentier has already been offered a guarantee of \$10,000 to come to America to meet one of the American heavies. He is young and ambitious, and naturally confident of his ability after the summary manner in which he disposed of Bombardier Wells, which are reasons why he might cross the ocean.

Carpentier is not yet twenty years old and is regarded in France, where he lives, as an athletic wonder. Here he would be regarded as a box office bear. In his behalf it might be said that his defeat last year by Billy Papke might be ascribed to his weakened physical condition through making the middle weight limit for the American.

There is likewise a good chance that Carpentier will stick to France, which seems at the present time to be the Mecca of the big fighters, and there is no reason why he should not be considered a strong contender for the title now held by Jack Johnson. With the black champion himself in France now, as well as Langford, Jeanette, Jim Johnson, Frank Moran, and a few others now over there,

Carpentier can easily be accommodated to a bout at home.

An interesting commentary on the Carpentier-Wells fight is offered by Lord Decies, who arrived in New York Friday. His Lordship is regarded as one of the foremost sportsmen of Great Britain and Ireland, and his views on the present position of boxing in England will therefore be read with great interest.

"The result of the Well-Carpentier match at the National Sporting Club," he said, "was no surprise to me. I fully expected it. In my opinion Carpentier is one of the greatest white fighters in the world. I still and courage are simply amazing. I have seen him fight, and his speed, ing."

"But what is really the matter with British boxers?" Lord Decies was asked.

"It is this," replied Lord Decies. They are not up to the minute, as the Americans say. They are fighting and training on the old lines, sparring and standing just like our grandfathers did. They go in for off-fighting instead of in-fighting. It is essential that they adopt American methods. Carpentier has done this and so have the other French boxers with excellent results."

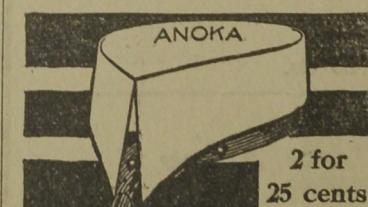

### TRAPPING ON FARMS

Chances For an Observant Country  
Boy to Earn Money

Over one hundred thousand dollars is paid to the farmer boys of Canada each year for raw furs," said Mr. John Hallan, a large Toronto fur dealer, "and many of these boys earn their first real money by setting out a line of traps and capturing the valuable fur-bearing animals."

Contrary to the popular impression, it is not necessary to go into the wilds in order to trap as muskrats, mink, skunk, raccoon, ermine or white weasel and other valuable fur-bearing animals abound throughout the farming communities of the Dominion, and it only remains for the observant, active trapper to capture the same and turn their pelts into the big money that they bring on the market to-day.

Not only does the following of the trap line well repay the boy for the time and energy expended, but it leads him to enjoy the healthful life in the open, and to become a lover of nature. It causes him to become observant and sharpens his wits, when he attempts to match his skill against the natural instinct and wariness of the wild animals, and offers an innocent safety valve to the natural exuberance inherent in every boy having good red blood coursing through his veins.

### BETS ON HORSE RACES, REACH THE COURTS

Toronto, Dec. 20.—Mr. E. B. Ryckman, K. C., obtained at the Supreme Court at Ottawa an order staying all proceedings in the action brought against him by Jack Scully, bookmaker, until an application made by him for leave to appeal to the Privy Council had been made and disposed of.
