MADE FIERCE ATTACK ON MODERN SOCIETY

Hon. S. H. Blake Speaks out Plainly at Annual Meeting of the Church of England Synod of Ontario---More Christian Light Wanted in the Homes---Prodigal Fathers and Sons Should be Looked After---Five O'clock Teas and Bridge Condemned

Toronto, Sept. 20--After the report of the Committee on the State of the Church of the Provincial Synod of Ontario had been taken to the Convention, the Ven. Archdeacon Warren at yesterday afternoon's session, Hon. S. H. Blake made a speech, which, although brief, will live in the memory of those present.

The needs of the church in various directions had been pointed out by Archdeacon Warren and Chancellor Martin poured out eulogy upon the report but that was not sufficient for the veteran layman.

"What we want to touch is the remedy," said he. "I have here a list of things that ought to be dealt with."

Hon. Mr. Blake spoke of the wonders of the country with all its wealth pouring in and the brevity of the time set apart to thank God for the gifts poured upon the country, and he deprecated the time spent in sham fights which he characterized as an "outrage."

QUESTIONS FOR THE CHURCH.

Then he proceeded with the list:
1. Annual day of thanksgiving; a real service instead of desecration.

2. Love of the Lord's Day; here followed a fierce indictment of the steamboat traffic on Sunday with the crowds of young men going to Buffalo and other places.

"God knows what happens to them going to a city that is worse than Toronto," said the speaker.

3. Raising the standard of Christian light in our homes.

"We speak about our prodigal sons, we need to look after our prodigal fathers and mothers," said Mr. Blake.

Then followed a slashing attack on five o'clock teas and bridge parties.

4. Family worship.

5. Work among the Jews.

7. Work among the immigrants.

7. Teaching the sacredness of the marriage relations.

"Legislation is very good," said Mr. Blake, "but the church is the very place to inspire the people of what is right."

8. The admission of other bodies into our own church.

9. Universal peace.

"How can we talk of peace when people all over the world are taxed to such an extent that the life is crushed out of them; taxed to build dreadnoughts that are thrown into the junk shop in five or six years," was the comment.

10. Not a question of how many people go to church but how the church is going to the people.

11. Deterioration of spiritual life by balls, theatres, race courses and other amusements.

12. The doing of right because it is right and not for the sake of gaining a medal, an instance quoted being of a man rescuing a drowning person.

"If he did not do all in his power to rescue him he would be his murderer," was the comment.

The speaker received quite an ovation at the close of his address. Archdeacon Warren, in presenting the report, made a strong plea for young men to enter the ministry. He did not deprecate the coming of Englishmen to the country as clergymen but he thought that Canada ought to be able to minister to its own spiritual needs and to provide the men.

"The church welcomes every class to enter its ranks as ministers," said the Archdeacon, "and there are men from the working classes but those classes who are better able to take their sons and educate them for the ministry are not sending their quota of men to the church." (Loud cheers)

Dealing with the question of the ministry, the Archdeacon said that the future required men of sound education, who would be able to combat the effects made upon the rising generation by the study of sociology and other studies which deny the cross.

"The church is up against a tremendous problem," said the speaker, "and it needs men of the highest stamp to stand up for the Christian faith; the religion of mercy is the religion of truth and the cross is the solution of the world's problems."

LABOR CONGRESS OPENS

Record Breaking Attendance at the 29th Annual Gathering

Question of Members of the Militia Joining Labor Unions May be Considered

Montreal, Sept. 22--With a record breaking number of delegates in attendance the 29th gathering of the Trades and Labor Congress of Canada was opened here today. Never before in the history of the organization which is the parent or holding company of the labor organizations of Canada, similar in its position to that of the Federation of Labor in the United States and the British Trades Union Congress in Great Britain, has the meeting of the congress aroused so much general interest in organized labor circles.

The congress was called to order today by President James C. Waters and will probably remain in session for a week or more. Many important subjects will demand the attention of the congress. Among them may be mentioned the following:

Dominion and provincial legislation affecting labor interests; the repeal of the useless Alien Labor Law; Enforcement of the misrepresentation and monetary clauses of the immigration laws all the year round; Consideration of the proposed eight hour bill; Pronouncement on the administration of the Workmen's Compensation Acts in the various provinces; Amendments to the Industrial Disputes and Investigation Act; Fortnightly payment of wages on all railways; Proposed amendments to the Dominion Elections Act, abolishing the \$200 deposit now exacted, and making election day a public holiday; Consideration of the Old Age and Pensions Acts now pending before a special committee of the Dominion parliament.

In addition to these questions, which are scheduled for consideration there will be many other propositions which will be submitted by delegates of various organizations in different parts of the Dominion. The delegates representing the Brandon, Manit., Trades and Labor Council are expected to bring up a proposition that the congress should go on record against union men joining the militia and against the admission of members of the militia to labor unions.

The growth of the congress is shown in figures from the last report which indicate a membership of 66,128 and an annual receipt from the small per capita tax of \$15,699. Forty-four trades and labor councils in as many cities, reaching from Victoria, B.C., to Sydney, Cape Breton, all holding charters from and maintaining financial relations with the Trades and Labor Congress of Canada, are represented at this gathering.

PRETTY WEDDING AT OROMOCTO

A very pretty wedding was solemnized at St. Vincent De Paul's church Oromocto at 9 o'clock, Thursday morning, when Miss Mary A., daughter of Mr. and Mrs. William L. Jones was united in marriage to Mr. John A. Mahoney of Gagetown. The ceremony was performed by Rev. Father Carleton.

The bride was escorted to the altar by her brother Frederick W. Jones and was wearing a gown in white, Rose V. Jones, sister of the bride acted as bridesmaid, and was daintily gowned in white. The groom was supported by his cousin Frank T. Mahoney.

The groom's gift to the bride was a handsome gold locket and chain, to bridesmaid a signet ring, to the groomsmen a handsome gold fob.

After the ceremony a wedding breakfast was served at the home of the bride's parents.

The bride who was a singer in the choir of St. Vincent De Paul's church, and was highly esteemed by all received many handsome and costly presents from friends and relatives.

Exhibition Attendance Ran Over Thirty-Two Thousand

STOCK MARKET SPECULATORS ARE OPTIMISTIC

New York, Sept. 22--A survey of the past few months suggests that the Stock Market has kept itself well posted to fundamental conditions and prospects. The fulfillment of the promises of six months ago in the matter of politics and finance has invariably found the Stock Market undisturbed so that at the present time while the general disposition is one of caution, there is nevertheless, an unrecurrent of optimism with respect to the future.

The Currency Bill, as it presently exists, is not by far, all that could be desired but it is at least a step in the right direction and precludes money panics such as were experienced in 1407 and other recent years.

FEDERAL ELECTION WITHIN A YEAR

Montreal, Sept. 20--An Ottawa despatch to The Star says:

"On the return of Premier Borden from the Maritime Provinces a series of important cabinet meetings will be held. The program for the coming session will be prepared and the date of the opening fixed."

"Few believe that the Naval Aid Bill will be before Parliament this session. The hostile senate would again block the attempt to aid the empire."

"During the next session the government's permanent policy will be introduced and an appeal to the country will likely follow."

MAYOR GAY-NOR'S BODY INTERRED

New York, Sept. 22--The body of William J. Gaynor, late mayor of New York, was taken to its last resting place today, while many thousands of citizens, by their presence and respectful behavior, gave evidence of the high regard in which they held the former executive of the city and their sorrow for his untimely demise.

Yesterday morning the body was taken from the Gaynor home, where the private funeral services had been held on Saturday, and carried to the City Hall, where it lay in state until eleven o'clock this forenoon. All day Sunday and this forenoon thousands of men, women and even children visited the City Hall and quietly and reverently filed past the bier which was guarded by a guard of honor consisting of policemen and firemen. At eleven o'clock the body, escorted by a detachment of police, was taken to Trinity church, where the public funeral ceremony was held. Bishop Greer of the Episcopal Church, presided, and was assisted by the Rev. L. L. Holden and Dr. Frank Page. Thousands of persons were unable to gain admittance and the streets in the vicinity were packed with mourning citizens. The interment took place in the afternoon in Greenwood Cemetery, Brooklyn.

ATTENDANCE RECORD AT FREDERICTON EXHIBITION.

6th Day	1,677	4,086	2,420
Total	25,721	26,840	32,161

Largest attendance at any previous fair, 30,017 at ten day fair, 1909.

The Most Successful Six Days Fair Ever Held in the City---Attendance Greater by Two Thousand Than That at the Show of 1909 Which Ran for Ten Days---Manufacturers' Delegates Visited the Show on Saturday Evening

The Fredericton Exhibition of 1913 came to a close Saturday night at 10.30 when the band of the 71st York Regt. played "God Save the King." Today the grounds are deserted by the fakers and the tents and booths are no more. Exhibitors are busy taking away their property and the Administration Building is still a lively place, Secretary W. S. Hooper and his staff being engaged in cleaning up the business of the fair.

RECORD ATTENDANCE.

In the matter of attendance, the Fredericton exhibition of 1913 was the greatest ever held in Fredericton. It far surpassed any six-day fair ever held here and has a margin of upwards of two thousand over the ten-day exhibition of 1909. The attendance as recorded officially was 32,161. The average daily attendance was more than 5,000. Saturday's attendance showed a big falling off. Had it been as large as was expected the total would have been a couple of thousand greater. The attendance at the ten-day fair in 1909 was 30,011. In 1903, at a six-day fair, the attendance was 25,721.

An announcement will be made later with regard to the finances of the exhibition. In the past the Fredericton exhibition never has had a deficit and it is expected that 1913 fair will make an excellent showing.

LEFT FOR CHATHAM.

Special trains went out Sunday taking race-horses and stock to Chatham where an exhibition is being held this week. Some of the fakers and other followers of fairs also went to Chatham but the majority of those connected with attractions, midway shows, etc., went to the States, many being booked at fairs there.

A further list of prize-winners follows:

UNIVERSITY OF N. B. HAS FORTY-TWO NEW STUDENTS

Lectures at the University of New Brunswick were resumed this morning. This marks the real beginning of the college year, although examinations began on Thursday last. Dr. C. C. Jones, chancellor of the University, announced this morning that the total attendance at the college would be equal to or slightly greater than that of last year. The new students who registered this morning number forty-two. Of that number six enter the Sophomore or second year and thirty-six in the Freshman or first year. A number of students who have attended the U.N.B. before but who dropped out have returned to resume their courses.

CLASSIFICATION.

Of the six students entering the Sophomore year two are women and four are men. Four are entered for the Arts course, one for Forestry and Civil Engineering, and one for Civil Engineering. Of the thirty-six Freshmen three are women and thirty-three men. In this class, besides New Brunswick, Quebec and the State of Maine are represented. Seventeen entered for Arts, eight for Forestry, two for special engineering courses, seven for Civil Engineering and two for Electrical Engineering.

The list of new students follows:
