SUFFRAGE CONVENTION IN THE SOUTH

Important Gathering at New Orleans of southern Women Who Want the Right to Vote

INFLUENTIAL WOMEN LEAD THE MOVEMENT

New Orleans, La., Nov. 10.—“A government is not yet complete that withholds from its most enlightened women what it freely gives its most enlightened men.” This quotation from the writings of Thomas Jefferson is plastered on bill boards and blank walls, is on dodgers, in show windows and on buttons, and is being thrown on the screens of all moving picture shows in New Orleans today. The occasion is the opening of the Louisiana equal suffrage convention and a conference of Southern women in the interest of the suffrage movement.

Thomas Jefferson's prestige is so pinned in the South that the women decided to feature his view of the suffrage question. For various reasons the South up to the present time has lagged behind all other sections of the country in the battle for equal rights. The women of Louisiana have now taken the initiative in a vigorous campaign to secure the ballot rights that are enjoyed by their sisters in many States. Miss Kate M. Gordon, president of the State suffrage association, has been a power in many progressive movements and her influence is being exerted in a most determined way. She is supported by some of the most intelligent and influential women of the State, who hope to induce the legislature to allow Louisiana to be the first of the Southern States to recognize the right of women to vote.

PROF. S. M. DIXON GOES TO LONDON

Former Professor of Engineering at U. N. B. Appointed to Imperial College of Science

Prof. Stephen M. Dixon, formerly professor of civil engineering at the University of New Brunswick, has received an appointment in a similar capacity at the Imperial College of Science and Technology, London. Prof. Dixon while connected with the U.N.B. was largely instrumental in having the New Science building erected.

The Birmingham Post has the following concerning him:—

“With the opening of the new term at Birmingham University the Faculty of Science will have a new Dean, Professor Frankland having succeeded in that office Professor S. M. Dixon, who has been appointed Professor of Civil Engineering at the Imperial College of Science and Technology, London. Professor Dixon will be greatly missed at the Birmingham University, for he has been very popular during the eight years he has been there. Before coming to Birmingham, Professor Dixon had had unusually wide and varied experience. Educated at Trinity College, Dublin; he was engaged for some time in railway construction in England, but afterwards went to Canada to take up an appointment at New Brunswick University, from which he transferred to Dalhousie University, Halifax, N. S. While holding these appointments his skill in connection with railway construction enabled him to gain further experience in that work under the Government of Canada. Returning England he took up his appointment at Birmingham University where, under his direction, the engineering department has been enormously developed. He succeeded Professor Powtitz as Dean of the Faculty, and in addition has been the examiner for London, Liverpool, Birmingham and Bristol Universities and for the Institution of Civil Engineers while at the recent meeting of the British Association he was one of the vice presidents of the engineering section.”

(Mrs. Dixon is a daughter of the late Dr. Thos. Harrison of this city sometime chancellor of the U.N.B.)

HUERTA IS DEFIANT

Relations Between Mexico and U. S. Almost to the point of War

The President Will Call on a New Election as the Last One Was Nullified by Small Vote

Mexico City, Nov. 9.—Government officials, foreign residents and the people of Mexico realize that the relations between this country and the United States are strained almost to the point of war but there is perhaps no man in the entire republic who knows tonight what Washington will do tomorrow.

John Lind himself, who represents the president of the United States, is ignorant of the intentions of his chief and if General Huerta is anxious at all regarding what may develop he does not betray it. Although he has sent to the diplomatic representatives of the foreign nations a note which, in effect, is a defiance of Washington, he was conspicuous in the cafes about town long after the midnight hour and today indulged in relaxation in the company of his military friends.

In his formal statement to the diplomats, General Huerta said that it was now foreseen that the recent elections were null as too few precincts had participated in the voting and that therefore the new congress would annul the elections. New elections would then be called and he would continue his program of pacification.

More uneasiness is apparent at the American embassy than at the national palace. At the palace the opinion was freely expressed, not infrequently accompanied by sizers, that the United States would never intervene in Mexico.

Mr. Lind is fully cognizant of the delicate situation and awaits which keen interest word from President Wilson and Secretary Bryan, but today he received only assurances that the President was interested in certain developments and a request for the continuance of his observations.

Mr. Lind expressed the view that this waiting policy would not be continued for many days. It is known here that he has recommended that all diplomatic negotiations with Mexico be terminated.

MRS. J. ALFRED WISLEY DIED IN BOSTON

Former Fredericton Lady Passed Away After Brief Illness From Paralysis

Mrs. J. Alfred Wisley, formerly of this city, passed away in Boston on Sunday after a brief illness from paralysis. She was a professional nurse and had been making her home in Boston for some years. On Saturday her sister, Mrs. James Laurie, received a telegram notifying her of Mrs. Wisley's illness and left for Boston by the evening train. Her sister passed away soon after her arrival. Mrs. Laurie accompanied her sister's remains to this city today.

The deceased was a daughter of Mr. James McGuire of Kirkland, Carleton county, and was about forty years of age. She is survived by her father, one brother and two sisters. Her husband, who was a son of the late Mr. Alex. Wisley of Lincoln, died about eight years ago. The deceased was a frequent visitor to Fredericton and was highly esteemed by all who enjoyed her acquaintance.

The funeral will take place tomorrow from the residence of Mrs. Laurie, St. John street, at 2:30 o'clock.

AT THE GEM.

A great show at the Gem, including a Reliance feature in three parts, entitled “The Glow Worm,” a powerful drama of adventure. We know you will like it. Also a Majestic comedy featuring Fred MacC. Watch for the great Western show.

ST. JOHN BOY SHOT DEAD BY COMPANION

The Two Were Putting on a Cowboy and Indian Stunt at Silver Falls When Tragedy occurred

CORONOR ROBERTS WILL HOLD INQUEST

St. John, Nov. 10.—Imitating, it is said, what they had seen in moving pictures, Arthur Donovan, the twelve year-old son of ex-Councillor Jeremiah Donovan of Silver Falls, and Joseph Caples, aged fourteen years, son of Michael Caples of the old Westmorland Road, were participating in a skirmish with an imaginary enemy yesterday afternoon in the field in the rear of the Donovan home, when the Caples lad was shot in the right temple and almost instantly killed by a bullet from young Donovan's 22-calibre rifle, which he was using in play to protect his comrad from the enemy.

As in the picture, which, it is said, the boys had seen, the Caples boy had fallen from “make believe” wounds. The other boy was kneeling behind him with levelled rifle to protect him. The trigger was pulled and at the same time Caples raised the right temple. He died before his head and received the bullet in any one could reach him.

About six-thirty o'clock, about two hours after the accident occurred, J. W. F. Roberts, coroner, was called. Although it is beyond his territory, he has decided to hold an inquest, and a jury will probably be empanelled today.

BOY TERROR STRICKEN.

Terror stricken, the Donovan boy did not know what to do. He hurried to his home and told them excitedly what had happened. Persons in the house rushed into the field but when they arrived the boy was dead. Rev. Father O'Neill of St. Joachim's church, Silver Falls, was summoned.

The body was carried into the Donovan home and was later taken to the home of the lad's parents. Needless to say they were overcome by the calamity and the lad's mother became hysterical. Little less was the grief of the Donovan family.

Much indignation was expressed last night on account of the fact that a twelve-year-old boy was able to purchase a rifle in a hardware store in this city.

The Caples lad is survived by his father, mother, brothers and sisters. His father is employed on the Bishop's farm at Silver Falls and the unfortunate boy had also been working there. Sergeant Caples of this city, is an uncle of the boy.

BANQUET OF N. Y. CANADIAN CLUB

New York, Nov. 10.—Elaborate arrangements have been concluded for the annual banquet of the Canadian Club of New York, which is to be held at the Hotel Plaza tomorrow night. The Dominion government will send several members of its cabinet to represent it officially and one of more members of President Wilson's cabinet are expected to attend. As this is the first dinner of the club since the new tariff went into operation, the occasion is expected to be one of unusual interest in view of the distinguished representatives of both countries who have accepted invitations to be present.

ANTI-SALOON LEAGUE CONVENTION

Columbus, O., Nov. 10.—A mighty army of foes of the liquor traffic, recruited from every section of the country, invaded Columbus today for the biennial convention of the Anti-Saloon League of America. The sessions will continue three days and will be followed on Friday by a joint conference of representatives of practically all of the prohibition and temperance organizations of the country. At this conference plans will be laid for the most notable campaign ever undertaken in behalf of the movement for nation-wide prohibition.

LABOR MEN AT SEATTLE

The American Federation Gathered Today and Organized for Business

President Samuel Gompers Reviewed the Work of the Organization During the Year

Seattle, Wash., Nov. 10.—With an attendance including representatives of organized labor throughout the United States and Canada and two internal delegates from the British Trades Union Congress, the annual convention of the American Federation of Labor assembled in Seattle today and organized for business. The sessions will continue probably two weeks. At the initial session President Samuel Gompers delivered his annual address to the delegates and Secretary Frank Morrison and Treasurer John B. Lennon presented their annual reports. In his address Mr. Gompers reviewed at length what the federation had accomplished during the year and he made numerous recommendations.

Hundreds of delegates and visitors filled the hall at the opening of the proceedings. Occupying seats upon the platform were Secretary of Labor William B. Wilson and the two British delegates, Messrs. Gwynne and Grenall. Their appearance in the hall was greeted with loud cheering. Similar demonstrations were given in honor of Presidents Gompers, John Mitchell and other noted labor leaders as they took their seats on the platform. The delegates were welcomed to Seattle in an address by Mayor Robert Hesteth, who enjoyed the personal acquaintance of many of the visitors by reason of the fact that he has long served as an international vice-president of the hotel employees' union.

FREDERICTON BOY IN THE FAR NORTH

Mr. Guy B. Whitehead Writes of His Experience With a Pack Train in Alaska

Mr. Guy B. Whitehead, son of Mr. and Mrs. W. T. Whitehead of this city, is now on his way to Shusland, Alaska, near which place a big gold strike was lately reported. He left Seattle in August for the north and when he completes the trip some time this month he will have walked over 1,000 miles. Writing to his parents under date of October 18th, Mr. Whitehead says: “We are now within twenty-five miles of the town we are heading for. As so many other parties have lost their horses we are getting along pretty slow, helping them as they have women in their parties and are pretty well up against it. However, from here on there is nothing but easy trail and we will have our own outfits as well as the other peoples' into the town about the first week in November. The people we are packing for are paying us in oats—100 pounds for a day's trip and they are worth a dollar a pound. They also feed their horses while we are working for them. My partner and I are thinking some of opening a store and keeping one pack train on the trail all winter. We have seven horses in all now as one outfit we helped gave us the only two they had left. The camp looks like a butcher shop with mountain sheep hung up all round and they are certainly good eating.”

MONCTON PASTOR CALLED TO PEMBROKE

Pembroke, Ont., Nov. 6.—Calvin Presbyterian Church, Pembroke, at a meeting of the congregation last night, unanimously decided to tender a call to the Rev. Donald MacOdrum, of Moncton, N. B.

Col. T. L. Alexander of Fredericton Junction is in the city today.

LONDON'S LORD MAYOR INSTALLED

Time Honored Show Took Place Today and was witnessed by many Thousands of People

RISE OF NEW LORD MAYOR HAS BEEN RAPID

London, Nov. 10.—The time-honored Lord Mayor's show took place today and the new Lord Mayor of London, Sir Thomas Van Sittart Bowater, was formally installed in office, succeeding Sir David Burnett. The route of the procession, from the Guildhall to the Law Courts and return, was elaborately decorated with flags and bunting. The procession was exceedingly spectacular. Crowds of unemployed workmen and women were massed along the Victoria Embankment and at other points on the route, but their demonstrations were entirely orderly and outside of keeping the throngs from breaking over the wide walks into the roadway the forces of metropolitan police that were massed along the line had little or nothing to do.

Sir Thomas Bowater, the new Lord Mayor, is fifty-one years old and a native of Manchester. As a young man he came to London and engaged in business. He is now at the head of a large firm of paper makers. His rise to the office of chief magistrate of the city has been rapid. In 1889 he became a representative of the Court of Common Council and in 1906 was elected sheriff and later alderman. He is a great lover of outdoor sports and expects to do a great deal while in office for the Olympic Games.

MARYSVILLE

Gypsy Simon Smith Holding Forth at Olivet Baptist Church

Marysville, Nov. 10.—Gypsy Simon Smith the well known evangelist of London, England, conducted three services in the Olivet United Baptist church yesterday, at 11 a. m. 3 p. m. and 7 p. m. on which occasions large congregations were present especially at the afternoon and evening services. In the afternoon Rev. Simon Smith chose his text from St. Luke and preached a very interesting, practical and instructive sermon from the words “The unexpected will happen.” The speaker handled his subject in a very able and pleasing manner and told some very interesting experiences of his christian life in different parts of the world. Rev. Mr. Smith is a good speaker and has a faculty of holding the attention of his hearers to the end. The speaker also sang a very pleasing solo. Services will be held nightly during the week, and no doubt abundance of good will be the result. Rev. K. C. McLennon the pastor is to be congratulated in securing ‘the services of so able a speaker as Gypsy Smith.

Marysville Lodge No. 18, Knights of Pythias will meet this week on Friday night, instead of Thursday on which occasion a large number of the members are requested to be present.

Mr. George Bradley Smith formerly overseer of the roller-shop at the cotton mills left last week for New York via St. John, where he has secured a position in a large leather concern. Mr. Smith, who has worked in the cotton mill for the past twenty three years will be greatly missed as he had a large number of friends and was very popular.

Workmen are getting along rapidly with the new Methodist church.

There are rumors of several weddings to take place the later part of this month and in December.

Miss Nina Charters is home on a well earned vacation, the guest of her mother. Her many friends are glad to see her looking well.

Mrs. and Mrs. W. W. Maxwell of Gibson, were the guests yesterday of Mr. and Mrs. William McElwain.

FINES IMPOSED.

A cyclist found guilty of riding upon the sidewalk, was fined two dollars in the police court this morning. A citizen found guilty of allowing cattle to be at large was fined two dollars.

BIG SLUMP IN THE MARKET

Stocks sold off sharply During the First Hour of Trading

Canadian Pacific Down to 227 and Union Sags to 147—Other Issues Weak

New York, Nov. 10.—The Market opening was moderately active and stocks showed fractional losses as a whole over the week-end holiday. During the first hour the Market sold off sharply, caused in all probability by the unfavorable Mexican situation, which shows no improvement and if anything looks worse than ever. U. S. Rubber sold off a full three points from opening figures but other leaders seemed satisfied with a loss of a point.

TORY POLITICIANS VISIT THE CAPITAL

O. S. Crockett, M. P., and J. K. Pinder M.P.P., Make a Pilgrimage to Ottawa

Mr. J. K. Pinder, M.P.P., and Mr. O. S. Crockett, M.P., went to Montreal last week to arrange with the C.P.R. authorities for leasing and operating the Southampton Railway. It is understood that everything has been arranged and that the road will be operated by the C.P.R. in the course of a week or so.

From Montreal Messrs. Pinder and Crockett proceeded to Ottawa on a semi-political mission. They want the Dominion subsidy paid over to the company with the least possible delay and they also want York's M.P. elevated to the Supreme Court bench. They discussed matters very fully with Ministers Rogers and Hazen and it is expected will accompany them to New Brunswick tomorrow.

TEMPERANCE SUNDAY IN CITY CHURCHES

Yesterday was observed as Temperance Sunday in the churches of the city and the pastors of the evangelical churches delivered strong sermons dealing with the evils of the liquor traffic. In the course of an able sermon to the congregation of St. Paul's, Rev. Dr. Smith took occasion to point out that Canada's drink bill now amounted to \$11 per head. Compiling the population of Fredericton at 8,000 he said this meant an annual expenditure of \$88,000 per year, which amount, he pointed out, would provide a splendid new school house and enable the trustees to increase the pay of the teachers.

FOSTER GUEST AT N. Y. BANQUET

Ottawa, Nov. 9.—Hon. Geo. E. Foster will be the guest of honor at the Canadian Club annual dinner in New York on Nov. 11th.

More than six hundred thousand men are employed by the railways of the United Kingdom.
