

Suffered Intense Agony With His Back.

Kidneys Were The Cause.

Weak back is caused by weak kidneys, and on the first approach or evidence of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided.

Doan's Kidney Pills go right to the seat of the trouble, cure the weak aching back, and prevent any further complications arising.

Mr. John Briggs, Whitewood, Sask., writes:—"I am sending you this testimonial out of pure gratitude, as I am not a believer in patent medicines, but I got so run down, that I became quite willing to give anything a trial. I paid a visit to our local druggist, and told him I was suffering intense agony with my back. He told me I had kidney trouble, and handed me a box of Doan's Kidney Pills, saying it was the best thing he could possibly give me. I tried them, and the effect was certainly marvelous. They are worth \$10.00 a box of anybody's money, and I would not be without a box by me. I certainly owe my present condition to Doan's Kidney Pills."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

COST OF LIVING HIGH IN BRITISH COLUMBIA

Daniel Bruce Returns to Marysville After Long Absence on Pacific Coast

Mr. David Bruce of Marysville, arrived home yesterday from British Columbia, where he has been the past few years, working with Harry Gibson in the lumber business. Their operations were on the coast, about a hundred and fifty miles north of Vancouver. Mr. Bruce, although much impressed with the west, is glad to be home again. In conversation with a representative of The Mail yesterday Mr. Bruce said that while wages were good in British Columbia, the cost of living is much higher than it is in the east and that \$2 a day in New Brunswick is as good as \$4 a day in the west as everything is higher. British Columbia is filled up with the foreign element, Japs and Hindoos being especially numerous.

Wood's Phosphorine,
The Great English Remedy.
Tones and invigorates the whole nervous system, makes new blood in old veins, cures nervous debility, mental and brain worry, despondency, loss of energy, palpitation of the heart, failing memory. Price \$1 per box, six for \$5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. **THE WOOD MEDICINE CO., TORONTO, ONT.** (Formerly Windsor.)

DEATH AT MAUGERVILLE

The death of Dennis G. Sharkey occurred this morning at his home Upper Maugerville after a lingering illness at the age of seventy two. A widow, two sons and four daughters survive. The children are Mrs. A. J. McEvoy of Gibson, Mrs. John Chessa of Hanwell, Mrs. D. Chessa of Vancorbora, Miss Kate Sharkey at home and Lewis Sharkey and Charles Sharkey. One brother Neil Sharkey, of Boston and one sister Mrs. William Holland of Upper Maugerville also survive. The funeral will take place Monday morning, leaving the

Notes from the Rural Districts

POKUICK

Pokuick, Oct. 31.—The weather for the past week has been very unfavorable for the farmers who have not completed their work.

The many friends of Mr. John Jackson are sorry to hear that he is on the sick list but hope for a speedy recovery.

The young ladies of this place who are attending Normal School spent Thanksgiving at their homes.

Many of the young people of this place and the adjoining sections gave Mr. John Clair and bride a hearty chivari on their return home a short time ago.

Mrs. Jones who has been visiting her sister Mrs. Luit has returned home.

Mr. Thomas Gilman has gone to the woods for Mr. H. Manuel.

Potatoes are a very good crop this year. Mr. George Burden had one in his store which weighed three and a quarter pounds.

A party of young folks of this place chaperoned by Mr. and Mrs. Bert Simmons assisted by Mr. W. J. Burnett drove to Bear Island on Saturday, October 11th. They had a very pleasant drive but were somewhat saddened by a terrible accident. One of the most popular young men of the party had the misfortune to have his ear suddenly bitten by a large bull dog. He was at once driven home by Dr. Munroe and his friends are glad to hear that he is recovering rapidly.

Miss Mabel Miller of Fredericton is spending a few days at her home in Hawkshaw.

Mr. Lewis J. Huestis expects to move to Woodstock in a short time having sold his farm to Mr. Albert Carson.

BURTTS CORNER

Burtts Corner, Nov. 2.—The sun is shining again and everybody looks pleased.

Several potato buyers are here at Cardigan Station buying potatoes for the American market. Price paid today \$1.10 per barrel.

It is shameful for the farmers to have to load and disgraceful for the Canadian Pacific for not providing a better chance to load produce than there is here at Cardigan Station. A car could be loaded about as easy in a frog pond or some low sunken hole as to try to load where they do. The siding is of not half the importance as Carhigan is kept up well and it seems this one is passed by. Surely there is some C. P. R. official that will look after this and have a respectable place for farmers to load their produce.

Mr. E. Burtt is still running his mill and will not get quite all sawn out this fall. He reports no falling in price since the duty went off lumber sent to the American market.

We are glad to see Mr. Asa VanWart amongst the potato buyers here. This means five cents more a barrel.

Mr. E. Burtt has a crew of men repairing his dams on the Keswick Stream. Mr. Burtt intends to cut about three million feet this winter.

house at nine o'clock. Solemn High Mass will be celebrated at St. Anthony's Church at 10.30 by Rev. Father Ryan. Interment will be made at Sunny Bank Cemetery.

"CRUEL TEAMSTER" WRITES A LETTER

To the Editor of the Mail:

DEAR SIR,—

As I am one of those teamsters who was so falsely accused of cruelty in the recent article in your valuable paper I would like permission to say that I came along as the bystanders were annoying that lame horse and led it to the barn.

They could not get it on its feet because they did not seem to know that a horse cannot rise with its forefeet doubled under its body like a cow. I straightened its legs and had no trouble to get it up.

I was told that a passerby relieved the anxiety of the women and children who had gathered around by telling them that the animal was all right now for it was chewing its cud.

There was no "groans," no "pouring rain" (as everybody present well knows), neither was there any thought of leaving the animal out all night. These as well as lots of other statements were false. I have been driving horses for the owner of that beast for nine years and although he does not feed his horses "candy and ice cream" I can assure you they get lots of good hay and oats with plenty of hard work thrown in and every stall on his premises is over five feet wide. We all agree with him in what he said to the writer of that "article" over the telephone. He called her no "pet names" as all can testify who heard. He told her she knew little about horses or she would know that the grass was much easier on the sore foot than a stable floor. Also requested her to mind her own business and attend to her housework instead of meddling with his horses. I think everyone who knows the circumstances is of the same opinion. She informed him she knew just as much about horses as he did (although he has been a horseman for nearly forty years) and that she still intended to have the animal shot. I might also say that the disgraceful "shoeing" was the work of a well known blacksmith in this city.

Thanking you, Mr. Editor, for allowing me space to make these few explanations, I am sir

Yours very truly,

ARTHUR HILL,

The cruel teamster who kicked the horse.

Fredericton, Nov. 7th

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. Phosphonol will make you a new man. Price \$3 a box, or two for \$5. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

Sold in Fredericton by A. J. Ryan.

A GOOD DEER SHOT AT CROSS CREEK

Mr. Albert Logan, the well known and popular conductor on the Capad Eastern branch of the Intercolonial Railway returned yesterday from a successful big game hunt. While away he succeeded in shooting a very handsome deer. As it was Mr. Logan's first big game he was naturally very proud of his good luck, especially as he has been hunting every season for the past ten years. The deer was shot in the vicinity of Arnolds Brook, near Cross Creek, and it is said when the animal fell under the skillful aim of Mr. Logan that he was more surprised than the animal. It is likely he will be more than anxious to continue his trip a few days longer.

WHEN APPETITE FAILS AND DIGESTION IS BAD

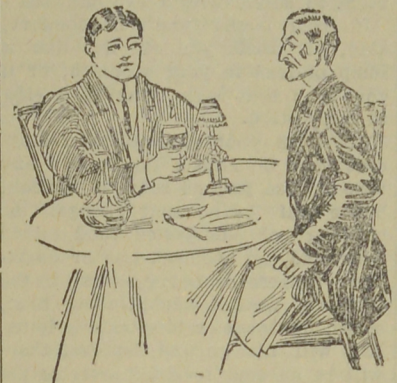

There is Danger Ahead for the Man

That Neglects Nature's

Warning

Dyspepsia Tendencies are Serious and Should

Be Treated Accordingly

There is a strong moral in the statement of James Schrum of Pleasant street, Dartmouth, N.S. Like thousands of people he was failing in health because his stomach and digestive organs were out of repair. His vitality was slipping away; he was losing ground every day.

"I could not have held on much longer. I was wasting away simply because no remedy I used gave tone and strength to my stomach. The vital forces of my system seemed dead. I was advised to try Dr. Hamilton's Pills. What hidden weakness they searched out I don't know but in a miraculous way they have made a new man of me. My stomach troubles are cured, rich blood now runs through my veins—clear skin and unmistakable evidences of health and vigor I feel every day. Dr. Hamilton's Pills have certainly mastered the secret of ruring the sickly enervated man and I strongly urge everyone in failing or lost health to use this grand remedy."

Dr. Hamilton's Pills of Mandrake and Butternut are purely vegetable—25c. per box, five for \$1.00, all druggists and storekeepers, or postpaid from the Cattarhous Co., Buffalo N.Y., and Kingston, Ont.

WE WOULD LIKE TO BE YOUR MILLINERS

It matters not to us whether you are in the habit of spending much or little on hats—we want to be your Milliners.

Of course we like to see the expensive hats being sold—that's natural. But we recognize that everyone doesn't want an expensive hat.

Plenty of people who can afford them don't want them, and there are those who can't afford them. What we are aiming at is to do the Millinery work for the largest possible number of ladies. So we welcome you all.

GREAT LABOR CONGRESS

AT SEATTLE

Seattle, Wash., Nov. 8.—The largest congress of labor leaders ever held on the Pacific coast, so far as the numbers represented and the interests involved are concerned, will begin in this city Monday with the opening of the annual convention of the American Federation of Labor. Nearly 2,000,000 organized workmen in the United States and Canada are sending their delegates—several hundred in number—to represent them.

The convention will have as its special guests Secretary of Labor William B. Wilson and Messrs. Gwynne and Grenall, two well known English labor leaders who have come over as fraternal delegates from the British Trades Union Congress. Secretary Wilson will deliver an address before the convention.

Among the well known labor leaders who will be in attendance, in addition to President Samuel Gompers and the other general officers of this federation, President John P. White of the United Mine Workers, former President John Mitchell of the same organization, President James Kirby of the United Brotherhood of Carpenters and Joiners, President A. P. Sove of the International Brotherhood of Bookbinders, Secretary-Treasurer J. W. Hays of the International Typographical Union, President Sam Griggs of the Journeymen Stonecutters' Association, and President Frank Ryan of the International Association of Bridge and Iron Workers.

Questions of unusual importance are scheduled to come before the convention. The operation of the new workmen's compensation laws in the various States will be discussed. Moral and financial support probably will be extended to the striking miners in Colorado and Michigan. Plans to distinguish the Industrial Workers of the world as a trade union movement will be considered. Questions affecting the standing of sub-ordinate national unions will be taken up, and some long-standing fights between rival organizations will be discussed.

RAISE MORE BEEF

St. Andrews Beacon: Our farmers may not be fitted out for raising black foxes, but they can raise cattle, and they can get good money for every pound of beef that they raise. The sooner they get this tune in their heads the better it will be for themselves and the country.
