AMATEUR HOCKEY TO BOOM IN UPPER CANADA

Twenty-Two Clubs Represented at
Annual Meeting of Interprovincial
Hockey Association Saturday

Montreal, Nov. 9.—Twenty two clubs were represented at the annual meeting of the Interprovincial Hockey Association at the Windsor Hotel Saturday night. Officers for the ensuing year were elected and the groups outlined by the delegates. One of the surprises of the meeting was that both M.A.A.A. and Victoria's two clubs, which had acquired a franchise in the City Hockey League, were represented. The delegates from these clubs were not only anxious to retain their franchise, but to form a central section of six clubs for the coming season.

RED AND BLACK SQUAD RETURNED RATHER BATTERED

Players Say That Acadia Should Win
at Sackville Friday, But Will
Have Hard Game

The U.N.B. Rugby team returned Saturday night after a rather disastrous trip in Nova Scotia. The team is badly crippled and the players not particularly sorry that the season is over. The players expect that Acadia will beat Mount A. at Sackville on Friday next but think the Garnet and Gold will give the team from Wolfville an awful fight.

The Acadia team has very fast halves, particularly the outside men. The forwards are very heavy, being equal to those of 1912 and average about 184 pounds. This is about ten pounds more than the U.N.B. forwards average. This heavy line was Acadia's main strength in Thursday's game and hammered the U.N.B. scrim badly. They play the same class of football as they did last year, shoving their opponents off the ball and heeling to their backs. They do not know how to dribble or how to stop opponents from dribbling. At that play U.N.B. had them outclassed completely.

A feature of the game was Acadia's confidence that they would win. At half time Dr. Cullen, Acadia's president and an old player, gave the Garnet and Blue a little lecture that worked wonders with the team. During the same period the Acadia supporters were betting even money on their players although the score stood U.N.B. 5, Acadia 0.

The casualties in the Acadia game were heavy as far as U.N.B. was concerned. In the game against King's next day every substitute was played. Balkam was missing from the half-line, Bender from the quarters and Jewett, Brewer and Laughlin from the forwards. Some idea of the extremity in which the team was can be gathered from the fact that "Court" City, the substitute full-back, had to be played in the scrim. King's is the weakest team of the Nova Scotia colleges and this defeat by it probably will have the result of making U.N.B. play but one game on any future trips. Herbert of the King's team, is a very strong punter, say U.N.B. players.

WANDERERS WON CHAMPIONSHIP CF HALIFAX

Penalty Goal in Last Half Gave
Wanderers Victory Over Dalhousie,
Score 6 to 5

Halifax, Nov. 9.—In one of the hardest fought Rugby football games played here in years, the Wanderers on Saturday afternoon defeated Dalhousie University by a score of 6 to 5, and won the local championship. Up to within five minutes of the close of the game the score stood 5 to 3, in Dalhousie's favor, but the Wanderers were awarded a free kick and from the forty-five Phillips sent the ball between the posts, which gave them the game. Three thousand people saw the contest.

TENER SAYS NOMINATION HAS NOT BEEN OFFERED

Harrisburg, Penn., Nov. 9.—Governor Tener, who has been mentioned as a possible candidate for president of the National Baseball League, would not say whether he would accept the leadership of that organization. He was at State College attending the celebration of Governor's Day when communicated with over the telephone and he said:

"Oo offer of the presidency has been made and I have nothing further to say."

Yesterday the governor told friends in Harrisburg that he was in no sense a candidate.

THE UNITED STATES MAY NOT INTERVENE

Washington, Nov. 8.—The United States will not intervene with Mexico until every diplomatic agency at the command of the United States parliament is exhausted. President Wilson and his cabinet are fully in accord with this.

INTERNATIONAL AND AMERICAN ASSOC. TO PLAY SERIES

Round Robin Probably Will be Arranged
Between Clubs of the Two
Organizations

Chicago, Nov. 8.—Teams of the American Association and the International League will play a round robin series next summer and fall, if the officials of the latter organization agree to plan already endorsed by the club owners of the association. This was announced by President Chivington, of the association, today. Concluding negotiations between the leagues are expected to follow a general discussion of the proposal by the magnates of the circuit who will attend the minor leagues' convention at Columbus next week.

Details of the tournament have been worked out only in part. It is proposed to stop the regular campaign early in August to permit time for each game to play forty two games with teams of the rival leagues, three "on tour" with every club, and three with each on its home grounds. Thus Minneapolis would play in Baltimore, Newark, Jersey City, Providence, Rochester, Buffalo, Toronto, and Montreal, and then meet teams from these cities later at home.

The pennant-winner in each league would be the team leading when the regular season ended in August, and special honors would be given the club making the best showing in the inter-league series.

An Ancient Epitaph

To a Western art museum an Egyptologist presented the mummy, 3,000 years old, of a man who dwelt in Thebes in the time of Rameses II. and III. and held the official post of keeper of the scales. The epitaph reads:
"I have done good upon earth. I honored my mother. I loved my father. I was loved by my brothers and sisters. I was a friend to the weak. I collected corn for the poor. I gave clothes to the naked. I have not harbored prejudice nor crushed those over whom I was master. I have not said an evil word against anyone. I made sacrifices for others."
In an age whose materialistic ideas were set by cruel and rapacious rulers, each bent upon aggrandizement and fame, no matter what the toll in human lives, it is something to find this simple-minded Theban merchant of the eighteenth dynasty upholding the principles of kindness and benevolence in his personal example. Could a modern man desire or deserve a nobler record than that of Ankan Peta Hote's sarcophagus?

Poorly Paid Farm Labor

During the three summer months the farm laborer in Sweden works on an average of 10½ hours a day. For this he receives pay at the rate of 66 cents a day, providing he pays for his board and room in addition.

The girl caddy in Germany threatens to swamp boy labor in this particular field.

The wages of agricultural Ireland vary from \$2.25 to \$3.25 a week, the same as twenty-five years ago.
