St. John River Log Driving Company Held Special Meeting Here This Morning—Another Meeting to be Held Later

The St. John River Log Driving Company met in special session at the Queen Hotel this morning for the purpose of discussing proposed changes in the system of rafting with a view toward decreasing the cost of handling the logs. Those in attendance discussed the matter in detail, but the meeting adjourned without any action being decided upon. Another meeting will be held later at a time and place to be decided upon. At that meeting additional information will be forthcoming which the members of the company may use in reaching a decision.

Present at this morning's meeting were F. C. Beattie and Charles Miller of St. John, A. F. FitzRandolph Aschbald Fraser and J. A. Morrison of Fredericton, and Boom Manager Arthur V. Rowan of Fredericton.

The company contemplates reducing the cost of rafting operations by changing the system of sorting and handling logs. Heretofore logs have been sorted according to the marks of the various operators. In the cases of mill-owners who had several operators getting out their lumber, logs though owned by one man, are handled in as many lots as there are operators. It is proposed to do away with this system and sort the logs according to their ownership and not by log-mark. Information on the mechanical arrangements necessary to sort under the proposed system is required before any decision can be

Supt. Sherwood Here Making Personal Arrangements—Offices of New Division Will be Opened by November 1st

Supt. Sherwood of the Fredericton—North Division of the C.P.R., is in the city today, accompanied by Mrs. Sherwood. They are making personal arrangements about taking up their residence here and expect to occupy Mrs. Henry Chestnut's residence, 746 Waterloo Row by November 1. They will occupy that residence for the winter only.

Supt. Sherwood's offices at the C.P.R. station will be ready for occupation about November 1, alterations to the building now being under way. When asked by a Mail reporter when the operation of the new line would begin, Supt. Sherwood said that he expected in the latter part of next month. The contractors, A. E. Trites & Son, are still at work on parts of the Fredericton & Grand Lake Railway from Gibson to Minto but are expected to be finished by November 15.

A train-service which is subject to the approval of Supt. Grout of the Atlantic Division, has been blocked out and probably will be adopted. Trains on the Fredericton-Norton line will be mixed. According to present intention a train will leave Fredericton in the morning about 9.30, after the arrival of passengers from St. John. It will go through to
