## MEN WHO DON'T EXERCISE

Suffer From Indigestion, Headaches,  
Poor Appetite and Sleep-  
lessness

Nothing so Sure to "Set Up" a Man  
Make Him Feel Brisk and Vigorous  
As Dr. Hamilton's Pills

Lack of exercise and overwork were the causes that combined to almost kill Samuel S. Stephens, Jr., one of the best known citizens in Woodstock.

In his convincing letter, Mr. Stephens says:-

"A year ago I returned home after a long trip, completely worn out. I was so badly affected by chronic biliousness, so much overcome by constant headaches, dizziness, that I despaired of ever getting well.

"It was a blessing that I used Dr. Hamilton's Pills. In one week I felt like a new man. The feeling of weight and nausea in my stomach disappeared. My eyes looked brighter, color grew better, and, best of all, I began to enjoy my meals. The dizziness, languor and feeling of depression passed away, and I fast regained my old-time vigor and spirits. Today am well, thanks to Dr. Hamilton's Pills.

For health, strength comfort and good spirits there is no medicine like Dr. Hamilton's Pills, 25c. per box, five boxes for \$1.00, at all druggists The Catarrhzone Co., Buffalo, N. and storekeepers, or by mail from Y., and Kingston, Canada.

## BANKERS OF TAMMANY

(Continued from page one)

there can be no question as to the fact that the employment of married women as teachers has great disadvantages.

As Christmas is approaching, the "Spugs," as the S.P.U.G. Society for the Prevention of Unnecessary Gifts is familiarly called, are re-opening their agitation. The object of the society is undoubtedly sensible, but it is extremely doubtful whether the society will be able to make much progress. It is true, the efforts toward abolishing the unsafe and insane methods of celebrating the glorious Fourth of July have to a great extent been successful here and in many other cities, but in that case only the fireworks trust was the loser and it was in the unfortunate position of being unable to use any arguments in favor of a noisy Fourth that would have appealed to the masses. In the case of the "Spugs," however, it is quite clear that they will find arrayed against them not only a solid phalanx of merchants anxious to do big holiday business, the combined childhood of New York and an overwhelming majority of their fond parents.

The moving picture business has already grown to enormous proportions and is still developing with rapid strides. There seems to be no limit to the enterprise and advertising ability of the film companies. Now it is reported that they contemplate to invade the field of "vice plays," and the Universal Film Company has made a dramatization of the report of the Rockefeller Committee on the White Slave traffic. Films will be prepared which will be advertised under the title "The Traffic in Souls." These pictures, which, it is said, will be even more realistic than the ones of the vice plays, are to be produced under the direction of the Traveller's Aid Society and other organizations which look out for the welfare of young and inexperienced girls in the large cities of the country. The pictures are to be given a try-out at one of the New York houses in the near future.

HAD BAD FALL

A lady from the country had a narrow escape from serious injury in front of Campbell's Shoe Store this morning. She was alighting from her carriage when a delivery team passing up street collided into it with considerable force. The lady was thrown heavily beneath the wheels of her own vehicle. Some pedestrians assisted her into Campbell's store, where she soon rallied.

## BUTTER FIRMER

(Continued from page one.)

is strong at these levels.  
Our market has risen so high above market values across the line that dealers have been buying from the United States, and some arrivals have been promised for this week. Canada has been a liberal buyer of American eggs in the past and the lesson of this is that more poultry could be profitably raised on the farms of Canada.
