HIS FLESH HORRIBLY BURNT

His druggist sold him a cheap acid corn cure; what he should have bought was Putnam's Corn Extractor—it's purely vegetable and acts in 24 hours. Insist on only "Putnam's Extractor," 25c. at all dealers.

YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache or Sour Stomach Means Sluggish Liver and Bowels

Get a 10-cent box now.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never knew a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

EXECUTIVE OFFICE

State Savings Bank Building, Butte, Mont.

The BOSTON AND MONTANA DEVELOPEMENT COMPANY, authorized capital 3,000,000 shares, par value \$5.00 each, is a consolidation of large copper mining properties in the famous French Gulch District, Deer Lodge County, and the Elkhorn District in Beaverhead County, Montana. The Company has taken over all the developed and known valuable claims in these districts, and to insure the permanent and economic development of which it will build a standard gauge steam railroad, to be known as the BUTTE, WISDOM AND PACIFIC RAILWAY, running up the Big Hole River to Ralston, Wisdom and Jackson, with branch lines extending to the French Gulch Mines and up the Wise River to the Elkhorn Mining District. In addition to furnishing transportation for the great quantities of copper-bearing ore from the French Gulch and Elkhorn Districts, this road will furnish transportation facilities to the entire territory known as the Big Hole Basin, the richest and most extensive agricultural, timber and mining District in the State of Montana, now without the benefit of railroad facilities. The Company owns water rights from eight streams in the French Gulch territory, with approximately fifteen miles of ditches and flumes, also large acreage of virgin timber.
