QUIT SNIFFLING, STOP SNEEZING, CURE YOUR COLD NOW!

Thousands of Cases Prove the Quickest Cure is Catarrhazone

When germs attack the lining of the nose, make you sneeze and gag—when later on they invest the bronchial tubes—how can you follow them with a cough syrup?

You can't do it—that's all. Cough syrups go to the stomach—that's why they fail.

But Catarrhazone goes everywhere—gets right after the germs—kills them—heals the soreness—cures the inflammation—makes catarrh disappear.

"Nothing I have ever used gives the warm, soothing sensation of Catarrhazone," writes Isabel Fry of Seguin Falls, Ont. "I was in a frightful way with catarrh of the nose and throat—had droppings, hard breathing, bad breath and indigestion. Catarrhazone relieved at once and cured me thoroughly. It is invaluable in colds, sore throat and bronchial trouble." Not difficult for Catarrhazone to cure because it contains the essences of pine balsams and other antiseptics that simply mean death to catarrh. Large size costs \$1.00 and contains two months' treatment; smaller size, 25c. and 50c., all druggists and storekeepers, or The Catarrhazone Co., Buffalo, N. Y., and Kingston, Canada.
