PRE-HISTORIC TREASURES

Discoveries of immense importance to knowledge of pre-historic times are being made in Southern Sardinia under the auspices of the Rome ministry of public instruction. Beneath the ancient Christian Church of Ste. Anastasia has been found a large subterranean temple, whose date reaches back fully 1,000 years before Christ. The temple is constructed of huge, unheaven masses of stone which enshrine a sacred fountain called "The Fount of Pains" which the explorers found still running. It is said to possess medicinal properties.

Sacred images were found intact. The mural decorations are well preserved. These indicate the worship of the earth goddess and the prevalence of bull worship, as there is a ponderous statue of a male divinity with a bull's head. Excavators are now busy clearing the beautiful side chapels which are richly adorned with ceramic work.

The sepulchres disclose remarkable statues of ancient warriors which the archaeologists declare are proof of the correctness of the contention of the illustrious Schiaparelli and other Egyptologists, that the Sardinian fighters, alluded to under the name Sardan in the monuments of the nineteenth dynasty, really participated in arduous enterprises and piratical campaigns on the Coast of Lower Egypt. This is the most interesting of all the finds on account of the considerable modification it is bound to effect in scientific ideas accepted regarding the relative origin of copper and bronze in the Mediterranean. There is being uncovered at Ortù, alongside some ancient copper mines at Grest, a prehistoric foundry with all the furnaces for smelting. The moulds for casting are just as they were abandoned a thousand years ago in the transition periods between the ages of stone and bronze. The methods then obtaining in the Sardinian foundry as here demonstrated were most ingenious.

The Presbyterian Witness says: We regret very much to learn that construction work on the new terminals branch of the I. C. R., Halifax, was carried on all day last Sunday. This is a violation of the Lord's Day Act, and offensive to the Christian sentiment of an overwhelming section of the people of this Province. We suppose it is the contractors who are responsible for this Sunday labor. If so, we hope they will be reminded before next Sunday that the laws of our land forbid unnecessary Sunday labor. Badly as Halifax needs new terminal facilities, we do not believe her citizens would vote for the work.

...Grafters great and grafters small seem to be having the time of their lives these days. And the best of it all is that the big fellows are afraid to shut down on the little fellows for fear that they squeal.

PERSONAL

Mr. Herbert Cooper of Iowa, Michigan, is here visiting his uncle Mr. W. M. Cooper. Globe: Rev. Miles E. Swland, of the Cathedral of the Immaculate Conception, arrived home today from Fredericton where he was spending a few days at St. Dunstan's rectory. Mr. L. T. Joudrey of Campbellton, is among the visitors to the exhibition.

FINE EXHIBIT OF CREAM SEPARATORS

The Empire Cream Separator Co. of Canada Ltd., with offices at Toronto have a splendid booth at the exhibition and it is attracting great deal of attention. This well known firm is showing the famous Empire Cream Separator which has several well established reassuring features. It is said for every Empire machine that it is sound in principle, correct in design, and perfect in construction. The Company will not allow any separators to leave their factory until it has proved itself, by rigid test to be perfect. The Empire people are also showing at this fair the Sta-Rite Gasoline Engine which for perfect construction is unsurpassed anywhere.

The redeeming feature of the Sta-Rite Engines are that they are simple to run and has none of those useless trinkets, small springs, hooks, etc., so commonly found on ordinary engines which are so troublesome. The durability of this engine is also above reproach and is built for long service while the saving on the running is a great advantage. The Sta-Rite has all the good qualities combined which are found in other makes.

A visit to either of these exhibits is very interesting and the obliging men in charge find it a pleasure to answer all questions concerning both the Empire Separator and the Sta-Rite Gasoline Engine.

TEACHERS' INSTITUTE

Division." Miss E. M. Harvey of the Model School staff, gave a demonstration of "A Device in Teaching Long Division." "Teachers' Problems" brought out a very interesting discussion.

A HANDSOME EXHIBIT.

A very pretty and attractive booth at the Exhibition is that of Mr. Geo. H. Davidson of Rossville, York county, who has a collection of mounted birds and animals which he shot, trapped and got together himself. The assortment is a good one, consisting of several specimens of New Brunswick birds of different kinds. Besides the heads of large animals there is also smaller animals mounted. The work was all done by Mr. Davidson himself. Although he never took any lessons along that line, his work is a credit and compares favorably with any showing of the kind anywhere. Mr. Davidson's collection which is situated in the gallery, got first prize and is much admired by the large number of visitors who daily attend the fair.

CATARRH OR COLDS

NEVER QUICKLY CURED BY SWALLOWING DRUGS

Cough Syrup, Tablets, etc., go to the Stomach, Perhaps Sicken It, But Don't Kill the Germs of Catarrh

THE DIRECT BREATHING CURE IS BEST

To cure an ailment in the throat, or chest, to rout out Catarrh or Asthma, it is essential that the medicine be conveyed direct to the affected parts. This is why no other remedy has achieved such world-wide success as Catarrhazone, which alone can be breathed in one second to every air cell in the breathing organs. The healing vapors of Catarrhazone mix with the breath and descend through the throat, down the bronchial tubes, to the deepest air-cells in the lungs—all parts are saturated with the rich piney essences that ease, heal and cure.

"No one ever contracted a more obstinate attack of nasal catarrh than I suffered a month ago," writes Mrs. G. E. Root, a well-known resident of Bridgetown, W.I. "My head ached terrifically, I sneezed about every three minutes but still my nostrils were entirely closed and I could not breathe through them. Ten minutes inhaling Catarrhazone gave me a little relief, so I continued to use Catarrhazone every hour and before the day was out I had improved. Catarrhazone quickly cured me. I am well ever since."

There is no remedy so certain and safe as Catarrhazone, but being a good remedy it is imitated. Beware of the substitutor. Large Catarrhazone lasts two months, price \$1.00; smaller sizes 25c. and 50c. At all storekeepers and druggists, or The Catarrhazone Co., Buffalo, N.Y., and Kingston, Canada.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time "Pape's Diapepsin!" In Five Minutes all Stomach Misery is Gone

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

GOOD SINGERS.

Mrs. W. A. Ralston of St. Mary's, has on exhibition in the Poultry and Pet Department some very fine canary birds of different breeds, including Yorkshire Greens, Scotch Fancy, Goldfinch and so forth, all of which are prize winners and good singers. All are for sale.

FOREST CITY

Forest City, Sept. 15.—We are having some very cool weather just at present, not very good for harvesting.

Mr. and Mrs. Herbert Lydic, Miss Hazel Lydic and Mr. H. Blakely made a trip to Danforth by auto the last of the week.

Our former school teacher, Chester Eagles, who is teaching this term at Green Mountain spent the week-end at his old boarding place here.

Mrs. C. Harvey, who has been ill for some time, is still very low. Her daughter, Mrs. Corey of Portland has been taking care of her and lately they have secured the services of Mrs. Boone as nurse.

Mrs. G. H. Clark and Mrs. Geo. Gould paid a short visit to friends at Eel River Lake this week.

The saw mill, grist mill, etc., belonging to Ludlow Veysey was destroyed by fire on Friday evening.

Miss Amelia Nason of Waasis, Sunbury Co., is teaching the school at Pemberton Ridge.

There were two services in the Baptist Church on Sunday last. Rev. Mr. Collier of Bangor preached to us in the morning and Rev. Mr. Sloane in the evening. These two men are old college friends and with their wives are enjoying a few days of quiet in our little town. Mr. and Mrs. Collier are staying with Mrs. D. Witham and Mr. and Mrs. Sloane with Mrs. J. Blanchard.

There is to be a necktie social in the town hall on Thursday evening of this week.
