BIG TIM SULLIVAN WAS MOURNED BY THOUSANDS

New York, September 15.—"Big Tim," Sullivan, passed through the streets of the East side for the last time today. His body was taken to the old Cathedral of St. Patrick, a short quarter of a mile from the rooms of the Association bearing his name, where it had lain in state since Saturday afternoon.

Tens of thousands of men and women from every section of New York has gazed on his features there, and a throng such as only the East side can furnish followed it today to the Cathedral and to its last resting-place in Calvary cemetery, Brooklyn.

A delegation of Congressmen led the mourners. Behind this delegation marched the longest funeral train the East side has ever seen. The streets through which they passed were sombre with crepe draped on the shop windows.

As Sullivan was the "greatest man" the Bowery ever produced and, in his way, answered all the East Side's ideals of what a statesman should be, so the environs of the Submerged Tenth set out to do unprecedented honors. About 25,000 were present.

Long before the body arrived at the Cathedral, it was filled with people, and police reserves were on the way to keep a lane open outside for the more distinguished mourners from up-town, Albany and Washington. Mgr. Kearney, a life-long friend of dead politician, officiated at the ceremonies in the Cathedral, and said High Requiem Mass.

Among those who took part in the ceremony were Senator Ollie James, of Kentucky; Senator James Martine, of New Jersey; Senator A. O'Gorman of New York; Senator Martine, of New Jersey; Senator Swanson of Virginia; Representatives Daniel Riordan and Jefferson M. Levy; Supreme Court Justice Gierich; Charles F. Murphy, and Judge Rosalsky.

KING COLE TEA.

One of the prettiest booths in the whole exhibition is that occupied by King Cole Tea, which is upstairs in the front of the main building. Between 2.30 and 5.30 in the afternoon and 7.30 and 9.30 in the evening tea is served to all who call free of charge. Miss Edna Belyea, who while Miss Beulah Dennison serves the hundreds of people who are daily attracted to the booth.

A WONDERFUL DISCOVERY

An eminent Scientist, the Other day, gave his Opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a Single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

Then again. As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again. As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The Tissue thus formed is worked up to the surface and literally casts off the disease tissue above it. This is why Zam-Buk cures are Permanent.

Only the other day Mr. Marsh, of 101 Delormier Ave., Montreal, called upon the Zam-Buk Co. and told them for over twenty-five yrs. he had been a Martyr to Eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. Today—over three years after his cure of a disease he had for twenty five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box or we will send free trial box if you send this advertisement and a 1c stamp (to pay return postage.) Address Zam-Buk Co. Toronto.

"SYRUP OF FIGS" FOR CONSTIPATED CHILD

Delicious "Fruit Laxative" Can't Harm Stomach, Liver and Bowels

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful of this harmless child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

PIONEER OF MONTREAL

Recalls Long Past Events of Big City's History

Mr. Charles A. Gregory of Montreal, although nearing ninety years of age, has the reputation of being the best banjo player in Canada. Incidentally he has a fund of reminiscences of what is now the biggest city in the Dominion.

Mr. Gregory faintly recalls the burning of the Parliament buildings, and the rotten eggging of Lord Elgin through the streets of the city. His first journeyed to Montreal on a trail from St. John to Laprairie, which was pulled by horses—a wooden railway in fact—the only one in the world it was understood at the time.

Almost his first experience in Montreal was the execution of twelve soldiers on Fletcher's Field, at the time of the rebellion—a fact which is stamped on his memory, but the details of which he was so young he does not remember. He recalls, however, that his father told him all about the circumstances involved in the case.

CHARLES RICHARD SHANE

of Waterloo, Iowa, a "91 per cent. pure" baby. He was weighed, measured and examined, and his ancestry delved into before a number of learned scientists gave it as their opinion that he lacked only nine points of perfection. The average baby grades much lower than this—in theory.

Handy Electric Lamp

A suction cup base is provided with a new portable electric lamp so it can be used anywhere there is a smooth surface to which the cup will cling.

Keeps Air Fresh

Electrically driven portable air pumps are provided by a big electric company to provide fresh air to its employees when working underground.

Automobile Cruiser

The Italian army has adopted a "cruiser of the desert," an armored automobile carrying seven men and two guns, one on top in a revolving turret.

Concrete Bridge Floors

Mr. L. C. Smith, engineer for the Michigan State Highway Commission, advises the use of concrete wherever possible in the replacing of floors on old steel or wrought iron bridges, even though this may necessitate the laying of new steel stringers.
