DARING THEFT AT
MURRAY ESTEY'S

Disabled Bicycle Found Beside Highway Near the Place Believed to Furnish a Clue.

The theft of a horse and wagon under circumstances which showed that the thief possessed an abundant nerve was reported this morning to the Fredericton police. Murray Estey of Kingsclear living some five miles west of Fredericton was the owner of the horse and wagon. Wednesday night or early Thursday morning some person entered the barn on his farm and took a bay mare from the stable and harnessed her to a light express wagon and drove away. The direction from which the thief came or the direction in which he left is unknown.

Disabled Bicycle Found.
A clue to the theft is believed to have been discovered in the presence of a disabled bicycle on the highway west of Mr. Estey's farm. It is believed that the thief was proceeding by bicycle and when he suffered a breakdown of the wheel proceeded to the farm and stole the horse and wagon.

The mare is described as a bay, good driver and of showy appearance the wagon had been used considerably and was shabby in appearance.
