MR. FIELDING SPRINGS A BIG SURPRISE IN PARLIAMENT

In the estimates today are many items affecting in the maritime provinces and New Brunswick in particular, including \$850,000 for St. John harbor improvements. In the public works department are three items \$35,000 for the St. John quarantine station, \$5,000 for a public building at Sussex, and \$7,000 for the Tracadie Lazarette. The first two are revotes and all three are ear-marked "appropriations not requir-

is \$1,700 for repairs to the bridge across the St. John river at St. Leonards, the State of Maine to contribute a like amount. The appropriation for the St. John and Digby steam service is increased from \$10,000 to \$15,000. The other steamship services for New Brunswick receive the same amounts as last year.

C. N. R. Requirements

Ottawa, March 24—Provision made in the estimates for the coming fiscal year tabled in the house this afternoon by Hon. W. S. Fielding, minister of finance, include votes "to meet expenditures made or indebtedness incurred (where amount available from net operating earnings may be insufficient) by or on behalf of the Canadian National Railways and the Canadian Government Merchant Marine." The railway estimates include an item of \$42,800,000 to meet such expenditures "by or on behalf of the Canadian National Railway, the Canadian Northern Railway or any company comprised in the Canadian Northern system, or any one or more of them, on any of the following accounts:

- (A) Operating deficits.
 - (B) Acquisition of property, materials and supplies.
 - (C) Interest and sinking funds on notes, securities or obligations.
 - (D) Principal and interest of maturing or matured loans secured or unsecured.
 - (E) Construction and betterments.
 - (F) Co-ordination or consolidation of railway lines and facilities.
- "The amount herein authorized may be applied from time to time, in the discretion of the governor-in-council by way of loans in cash or by way of guarantees or partly one way and partly the other."

An amount not exceeding \$25,750,000 is provided for expenditures made or indebtedness incurred by the Grand Trunk Railway Company or any line included in the Grand Trunk system excluding however, expenditures or indebtedness incurred by or on behalf of the Grand Trunk Pacific Railway, except "guarantees by the said Grand Trunk Railway Company of securities of the Grand Trunk Pacific Railway Company."

For N. B. Railways

In the railway department estimates chargeable to capital provision is made for a vote of \$2,700,000 for construction and betterments on Canad-

HON. W. S. FIELDING

ed for 1922-23." The same qualification holds for Nova Scotia, where Baddeck is given a public building worth \$10,000, Halifax a quarantine station worth \$11,000 and North Sydney a quarantine station worth \$26,000.

Harbor improvements in New Brunswick include new estimates, as follows: Burnt Church (Northumberland county), repairs to wharf, \$900; Caraquet, repairs to deep water wharf, \$2,000; Dalhousie, repairs to wharf, \$1,000; harbors and rivers, general repairs and improvements, \$40,000; Leonardville (Deer Island), repairs to wharf, \$1,500; Oak Point (Northumberland), repairs to wharf, \$1,500; Portage River, repairs to breakwater, \$1,200; Richibucto Beach, repairs to breakwater, \$1,000; Shippegan Harbor repairs to wharf, \$3,700; Shippegan Gully, repairs to breakwaters, \$4,000; Welchpool (Campobello), repairs to wharf, \$1,700.

Another item is Black's Harbor (Charlotte county), wharf extension for \$8,200 of which \$7,000 is a revote. Half a million dollars is estimated for dredging in the maritime provinces which is the same as last year. There

SCHOOL BILL DISCUSSED IN HOUSE

Continued from Page Two

HON. MR. FOSTER said that he had not learned from the Board of Education that schools in any part of the province were suffering from lack of inspection. He appreciated what the hon. Minister of Public Works had said and felt that it was important that there should be sufficient inspectors to properly do the work. More inspectors might be needed within a few years, and when that time came it would be an easy matter to amend the act. Under the present government the cost of inspectors had increased from \$14,400 in 1917 to \$20,000 in 1921. Under the circumstances he felt they would be able to get along without an increase in the appropriation at the present time.

MR. RICHARDS said he was inclined to agree with the opinions expressed with the hon. Premier and the Attorney General. In view of the fact that the Board of Education had not asked for a charge he thought it would be inadvisable to make it at the present time. All would agree with the statement that sufficient officers were necessary to see that all sections of the province received justice, and it might be necessary to have a re-adjustment of inspectorial districts.

HON. MR. VENIOT said that having listened to the statement of the hon. Premier he was willing, with the consent of the seconder, to withdraw his amendment. While the Board of Education had not recommended the change, the Chief Superintendent had personally expressed his opinion that it was necessary. He had stated that eight inspectors were not sufficient and before another year he (Veniott) would endeavor to have a recommendation from the Board of Education to increase the number.

HON. MR. FOSTER said that he trusted the legislation would go through the House without the proposed change. It was his opinion that all the services of the province could be improved if they had the money to pay for an increased number of officials. In the case before the House he wanted the matter to stand for another year.

HON. MR. VENIOT said that he would withdraw his amendment. There was considerable discussion on the section relating to school assessment and it was finally agreed by the Committee to allow it to stand for further consideration.

HON. MR. BYRNE moved that the Committee rise and report progress.

Adjourned at 11.25 p. m. until Tuesday at three o'clock.

LOCAL NEWS

Fire in Devon.

P. S. Watson of Devon narrowly escaped having a serious fire at his residence Friday morning. An oil stove which he had lighted burst into flames while he was out of the room, and ignited the interior. The flames were extinguished with some damage to dwelling and furniture. The building was insured in companies represented by W. S. Hooper and the furniture in companies represented by W. Rainsford.

Mock Parliament Tonight.

The Mock Parliament at U. N. B. with the Liberal party in power opens tonight with the usual features the Governor General will read his speech from the Throne and the mover and the seconder of the address will be heard. Debate on the speech will be conducted at the second session on April 1st. At the conclusion of the speeches tonight a dance will be held in the main hall of the Arts building.

Chimney Fire at Noon

At noon today the firemen answered a call from Box 36. A chimney at the residence of Mrs. Thomas Morris, Charlotte Street, had become plugged with soot and this catching on fire the house became filled with smoke. The residents thought that the whole house was in flames. Upon the arrival of the firemen the source of the smoke was ascertained and the fire quickly extinguished. Slight damage resulted from the smoke.

Mrs. J. D. Palmer has left for Boston where she will visit her sister for ten days.

Provision is also made for the purchase of Moncton and Buctouche Railway at \$70,000, and the Caraquet and Gulf Shore Railways at \$50,000. Both of these are revotes. For railway equipment and materials and for improvement to existing equipment, etc., a vote of \$2,800,000 is provided as against \$1,903,000 last year. The Port Nelson terminals vote is reduced this year to a revote of \$40,000.

SHE DIDN'T WANT TO LIVE

"I felt so ill and wretched that I didn't care whether I lived or not."

This was Mrs. W.'s experience. If you are not feeling well you should read every word of her letter. She says, "Unless you have actually experienced what it means to be ill, really ill, you don't know what suffering is. I felt so ill and miserable that I didn't care whether I lived or not. I am naturally of an active temperament and as a result I must have overworked myself, because I began to feel tired and weak after the least exertion. At times my face took on a deathly pallor, I was sore all over. I was troubled with dull pains which at times produced nausea. My body felt as if somebody had been pounding it—every bit of it pained. When I laid down at night I could not get into a comfortable position and the consequence was I got very little sleep. The pains, which followed sleeping in one position for any length of time, gave me frightful dreams from which I awoke weak and perspiring. I consulted doctors and they told me that I was completely run down and needed something to build me up. Their prescriptions only helped me for a while. One day I found a circular about Carnol and the statements in it sounded so honest and true and free from any exaggeration that I decided to try it. In six weeks after taking the first bottle I was as well as ever. If any one had told me that Carnol would do what it did for me I wouldn't have believed them."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 7-122

DESERTED WIFE'S CASE CONSIDERED

(Continued From Page Eight.)

and she left last evening for her home in Pineville.

Major Scott will take up this case with the proper authorities and within two weeks at least, the much sed wife will be obtaining the proper "pay and allowance" to which she has been entitled all the years of her desertion. She indeed was a happy woman after her interview with the local Secretary of the G. W. V. A.

This is typical of the cases, averaging four a day, which Major Scott clears up and obtains justice for the injured one. No matter from what part of the province anyone comes with a grievance to him and no matter whether the returned man in question belongs to the G. W. V. A. or not, that grievance is investigated and the authorities at Ottawa are properly notified. In nine out of ten cases, the grievance turns out to be substantial and investigation secures the proper remedy.

BABY'S HEALTH IN THE SPRING

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to enrich the blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the spring anemia, rheumatism, indigestion, neuralgia, and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every nerve and every organ in the body, bring new strength and vigor to weak easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.
