HEARTBURN A SEVERE CASE

Many people are troubled with heartburn who really do not realize just what it is.

In cases of this trouble there is a gnawing and burning pain in the stomach attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, it is liable to ferment, and becomes extremely sour, causing heartburn. In such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using

MILBURN'S LAXA-LIVER PILLS and you will have no heartburn or other liver troubles such as constipation, jaundice, water-brash, floating specks before the eyes, coated tongue, foul breath, etc.

Miss Agnes Cutting, Shallow Lake, Ont., writes: "I have had heartburn for a long time. There were gnawing and burning pains in my stomach, and then when I vomited there was a sour and bitter taste. I used two vials of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn. I don't think they can be beaten by any other medicine."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DO NOT NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing and a feeling of tightness through the chest.

There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

In **DR. WOOD'S NORWAY PINE SYRUP** you will find a remedy that will stimulate the weakened bronchial organs, subdue the inflammation, soothe the irritated parts, loosen the phlegm and mucous, and help nature to easily dislodge the morbid accumulation.

Mr. John H. Root, 40 Maple Ave., Hamilton, Ont., writes: "I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning and good results followed." "I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Wood's Norway Pine Syrup, so I got a bottle and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since. Be sure and get 'Dr. Wood's' when you ask for it; price, 35c. and 60c. a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Other Food Products," by Miss Helen C. Campbell, Milk Utilization Specialist at the Dairy Division, Ottawa; Address, J. A. Ruddick, Dairy Commissioner, Ottawa.

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjanga" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.
