

DANDERINE

Stops Hair Coming Out;
Thickens, Beautifies

35-cents buys a bottle of "Danderine" at any drug store. After one application of this delightful tonic you can not find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.

ROBBED BANK
AT DANFORTH

Dartmouth, Me., April 27—Fred Keaton, of this town and about forty years old with no vocation so far as known appeared in the role of heavy villain yesterday in a thrilling episode—the holding up of the Danforth Trust Co., cleaning out the cash drawer driving the treasurer and his assistant into the vault and attempting to close the door on them which had he accomplished would have turned a rather picturesque and bungling hold up into a tragedy or near tragedy. Retribution overtook Keaton as he was the quarry of a general man hunt, soon captured, the money recovered and today he is in the jail at Machais.

POLITE DESIGNATION

Old Human Nature's ways are strange
In time of stress or storm,
And every time he wants a change
He calls it a reform.

PALMER'S
Moose Head Brand
Summer Packs & Plow Shoes

SLIP on a pair of Palmer's Summer Packs or Plow Shoes, and you will realize what Farm and Comfort really means. Added to this, you have strength and durability, making a combination of good features seldom found in one pair of boots.

Palmer's Summer Packs and Plow Shoes are hand made and hand sewed by expert workmen. The bottoms and uppers are made from Palmer's Famous Skowhegan Waterproof Leather, rich dark brown in color, very soft and pliable. Bottom part of uppers runs clean under, a great advantage over the lasted under boot.

Soles are attached by special clincher nailing process or sewed by lock stitch process.

A splendid boot for plowing or any kind of hard outdoor work.

Get a pair from your dealer, or order direct from us. Write us for our catalogue No. 43.

Nova Scotia Decides
To Make a Change
In Rule of the Road

(Halifax Chronicle)

India may no longer boast exclusively of the Sacred Ox. Lunenburg County evidently holds that bovine beast of burden in as holy regard as the pagan priests of the Orient, according to the arguments advanced against the change of the rule of the road from the left to the right, the bill for which passed the House of Assembly late yesterday afternoon, and now awaits the concurrence of the Legislative Council. The only amendment made to the original bill as introduced was to fix the date by which the change will go into force as January 1st 1923.

While the bill was reported up from the Committee of Law Amendments without any dissent, and it went before the Committee of the Whole without any discussion, its passage across that boundless sea of verbosity was not so placid. The tempest was engendered by the insurgency of Messrs. Kinley and Sperry, members for Lunenburg, who erected a sort of verbal shrine to the adult calf. They strongly opposed the measure and fought it at every stage, their chief argument being that the change of the Rule of the Road from left to right was a great hardship to people wherever oxen were beasts of burden as they are in Lunenburg County and other parts of Nova Scotia. Oxen would not recognize the Government's proclamation. Once being trained to pass or turn to the left they could not be induced to turn right; in other words, they would stand upon the order of their going and continue the left movement.

Mr. Kinley and Mr. Sperry had support from Mr. Bauld of Halifax, and Mr. Smith, of Colchester (Farmer), the latter wishing that he had the power of moving a fifty years' hoist for the bill. With the exception of these two gentlemen all members who participated in the debate paid their tributes to the Ox. Undoubtedly Messrs. Kinley and Sperry impressed the House with the earnestness and seriousness of their positions, but otherwise it did no good, for there was no doubt the attitude of the majority of the Assembly was strongly in favor of making the change now and bringing Nova Scotia into conformity with the rest of the American continent. What the House did give momentary consideration to was Mr. Kinley's warning that Nova Scotia should be sure that New Brunswick fully intended to carry out its assurances that it would change the rule when Nova Scotia was ready to do likewise; otherwise it would lead to greater confusion than now obtains.

Hon. H. H. Wickwire replied that he had every assurance from New Brunswick that they were only awaiting the passage of the Bill through the Nova Scotia Legislature, when they would put into force the law which they had passed some time ago but was awaiting proclamation at a date concurrent with Nova Scotia. Mr. Wickwire told that every precaution would be taken to insure against accidents until the people became accustomed to the change. He introduced an amendment to the Motor Vehicle Act, whereby all motor cars for the first six months of 1923 are to carry conspicuously on the front placards with the inscription "Turn to the right." And the amendment provided for a change in the Motor Vehicle Act of the words "right" and "left" as required to conform to the change in the Rule of the Road.

Messrs. Kinley and Sperry told, to a detailed extent, the inconvenience it would mean to the hundreds of people of Lunenburg County who drive oxen, as these animals are so trained that, they contended, it would be impossible to have them make the change in custom of driving.

Need For a Change.

This brought Mr. Richardson, of Cape Breton to his feet with the remark, "I thank God that I was not brought up to drive an ox. I knew they were bad for the morals of the boy, and now I have found out (referring to the arguments of Mr. Sperry), they have a bad effect upon mentality. (Laughter.) Mr. Richardson emphasized the need for the change to be made from the viewpoint of the danger to the women and children as pedestrians on the country roads. It was frequently the case that people did not know which way to pass under the present conditions, where there is really a double rule with American and Canadian cars visiting the province, accustomed to drive one way and native cars driving the other. He would be willing to be defeated supporting such a mea-

sure as the proposed change of the rule of the road.

As to the problem of the "Ox," Dr. Smith, of Queens, would make short shift of that by simply putting "the off ox on the high side." (Shouts of laughter.)

Mr. McCelarn, Dr. Smith's colleague from Queens, said that he had owned oxen for many years and always found them most amenable animals to change, which led him to believe that Queen's County oxen must be much more intelligent than those of Lunenburg. (Laughter.)

Mr. Macgillivray, of Antigonish was so enthusiastic regarding the change of the rule of the road that he proposed they "take the male bovine by the horns" and have the enforcement of the change begin May 1st this year. When at last it dawned upon the House that "the Male Bovine" was the renowned bull, there was a faint flicker of smile touching the rising light of intelligence.

The comedy of the debate was being appreciated when Mr. Smith, Farmer member for Colchester, arose in his most Oxfordian manner and declared upon the uselessness of the change. He endeavored to prove his position by telling that he had been a resident of the United States, where they drove to the right, and he had never met with any accident except once when he forgot and turned the wrong way. The House began to think that Mr. Smith was proving the rule by exception. Mr. Smith was evidently not in favor of the tourist and endeavored to establish his position by quoting an alleged remark of the Attorney General last year to that effect that Mr. Daniels had described a tourist as "A man who brought to the province a soiled shirt and a two dollar and changed neither." Mr. Smith then sat down and it remained only for some member of the House to exclaim in bovrilian terms, "Alas my poor brother."

Hon. H. H. Wickwire in answer to the various questions asked regarding the operation of the change and the criticism of the bill, said that Prince Edward Island was now considering the same change in order that every part of the American continent might be in conformity with the drive to the right. Since the bill was before the House he had received most appreciative letters and communications from every province and many of the States of the Union, congratulating Nova Scotia on at last moving to make the change of the Rule of the Road which motorists, if they visited the province, had hitherto found dangerous and an impediment to their return. Dr. Smith of Queens, said that, although he had been always against making any change in the rule of the road, he had at last to admit that there was nothing else to do or Nova Scotia was going to be at a very great disadvantage.

QUITE CONVINCING

"Henry Thompson what do you mean by tracking mud all over my clean floor?"

"I was merely trying to convince you my dear that I have been working in the garden."

HEART WOULD BEAT
LIKE A TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S
HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a triphammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

A friend suggested I try Milburn's Heart and Nerve Pills so I procured three boxes and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year I feel like a young girl no dizziness or heart-thumping, and can walk miles without fatigue. At time of sickness I weighed 120 lbs., now I weigh 150."

Price 50c a box at all dealers, or mailed direct on receipt of price by the Milburn Co., Ltd., Toronto, Ont.

SAYS THAT EVE
ACTED WISELY

Philadelphia, April 27—The first schoolmaster entered the Garden of Eden in the guise of a serpent and forced Eve to choose between virtue and an apple.

And Eve made the intelligent choice said Prof. Lightner Witmer, professor of psychology at the University of Pennsylvania, addressing the opening session of the ninth annual Schoolmen's Week at the University.

Eve's decision was inspired by curiosity and was motivated by discontent, said Professor Witmer, and those two qualities have come down to us as the background of science.

Prof. Witmer added that individuals must be given every opportunity for making mistakes. That is nature's way of promoting intelligence he said.

He declared students should be taught to disregard authority. That is the way, he said, to teach them to think for themselves.

In defining intelligence Professor Witmer said:

"Intelligence is ability to solve a new problem. We must remember an old problem is a new problem until a way to solve it is known. Intelligence may appear at any intellectual level."

IT WAS NOT COPPER

Richmond, Va., April 26—Federal prohibition agents seized a solid car load of bottled whiskey packed in barrels at the freight yards of the Seaboard Air Line here today. The whiskey was consigned as "barreled copper" from Savannah Ga., to Jersey City, N. J. There were 65 barrels and each barrel contained about 60 quarts of Scotch Irish and rye.

TIME WAS UP.

Curious—"What went wrong at the wedding? Did the bride faint?"
Sarcastic—"No—the license expired."

UNFIT TO LIVE—MUST DIE

This verdict is rendered a thousand times every week—no corn can live, it must pass out, drop off, if Putnam's Extractor is applied to corns and use "Putnam's Painless Corn Extractor, 25c at all dealers.

CRIPPLED WITH
RHEUMATISM

Then She Took "FRUIT-A-TIVES"
And Has Been Well Ever Since

Mrs. CLARA SLOAT

PERTH JUNCTION, N.B., Jan. 22nd, 1920

"For many years, I was a great sufferer from Indigestion, Constipation and Rheumatism. My Stomach was weak and gave me constant distress, while Rheumatism in my joints made me almost a cripple. I was treated by two different doctors but their medicine did me no good."

Then I tried "Fruit-a-tives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared. For twelve years now, my health has been first class, and I attribute it to the use of "Fruit-a-tives" which I take regularly."

Mrs. CLARA SLOAT.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

SMOKING WOMEN CAUSE FIRE

Wakefield, April 28—Women smoking cigarettes caused a brush fire in the woods near Crystal Lake yesterday afternoon, which burned over two and a half acres. People living in the district told the fireman that just before the blaze was discovered two women were seen smoking cigarettes in the woods.

NO ARGUMENT.

Wife as they return from party—"Do you realize what you did?"
Hub—"No, but I'll admit that I was wrong. What was it?"
