When Bobby Leach Went Over Niagara's Cataract

"No human being will ever go over the Falls again and get away with it," said Bobby Leach. "The powerhouse has deprived the cataract of so much water, leaving the rocks so much exposed that any person at-

tempting it would be dashed into eternity."

So said Bobby Leach, who is the only man who has ever navigated the Falls and lived to tell the tale. He is a native of Lancashire, England, where he worked in a cotton mill; also serving a term at blacksmithing. Later, however, he took to the show life and did many stunts in high diving and balloon ascensions. Now he runs a small hotel near Niagara. He seems quite happy with his daily routine after the strenuous days of excitement and hair-breadth escapes.

Bobby is very much alive, indeed. His hair is white as snow and his face has not a line to show the grim determination or the harrowing experience of that death-defying leap.

In 1908 he made an air balloon ascension, and on July, 1911 he jumped off the steel arch bridge holding a parachute nine feet in diameter in his hand as he did it. Most of us

STOMACH MISERY, GAS, INDIGESTION TAKE DIAPEPSIN

"Pape's Diapepsin" is the quickest, surest relief for indigestion, gases, flatulence, heartburn, sourness, fermentation or stomach distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.

THE PIANO PEOPLE

VIA NATIONAL RYS TO OTTAWA CARNIVAL

Many Visitors Expected to Gather at the Dominion Capital Next Week.

There will be many visitors to Ottawa during the week from January 28th to February 4th, when the Canadian National Winter Carnival will be held.

All the essential and enjoyable features of a Canadian Winter will be provided. There will be curling bonspiels, tobogganing, skiing, hockey, etc. Ottawa will be en fete, overcoming the icy grip of winter with a warm smile of welcome.

The way to Ottawa from all Maritime Province points is via Canadian National Railways. The finest of train service is afforded via the "Maritime Express" and "Ocean Limited" to Montreal. From Montreal the best of service is provided by both Canadian National and Grand Trunk trains and tickets purchased on either railway will be honored between these points.

Travelling "National" the passenger enjoys the comfort of the best equipment of all steel cars, the finest of sleepers the best of dining car service.

For particulars apply to nearest Canadian National Ticket office, or write General Passenger Department Moncton, N. B.

would have been terrified beyond consciousness. But not Bobby for he held on for dear life and landed safely amid the roar and cheers of the breathless spectators.

In 1891 he went through the rapids

HEARTBURN A SEVERE CASE

Many people are troubled with heartburn who really do not realize just what it is.

In cases of this trouble there is a gnawing and burning pain in the stomach attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, it is liable to ferment, and becomes extremely sour, causing heartburn. In such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using

**MILBURN'S
LAXA-LIVER PILLS**
and you will have no heartburn or other liver troubles such as constipation, jaundice, water-brash, floating specks before the eyes, coated tongue, foul breath, etc.

Miss Agnes Cutting, Shallow Lake, Ont., writes: "I have had heartburn for a long time. There were gnawing and burning pains in my stomach, and then when I vomited there was a sour and bitter taste. I used two vials of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn. I don't think they can be beaten by any other medicine."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DO YOU SMOKE TOO MUCH?

There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep.

To counteract this demoralizing influence on the heart and nerves there is no remedy to equal

**MILBURN'S
HEART AND NERVE PILLS**
They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco.

Mr. Frank Lutes, 71 Terrace Hill, St. Brantford, Ont., writes: "I had been troubled with palpitation of the heart for a number of years, and by spells it would bother me a lot. The doctor told me it would stop on me sometime if I did not cut out tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work; also in the night I would wake up and my heart would be going. I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 20 pounds in weight."

Price, 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

in an air chamber boat and so great was the advertisement for the Falls that he was hired to do it again. And again success crowned his efforts. In 1910 and June, 1911, he again went through the whirlpool. So encouraged by his many adventures, Leach decided to finish the job. The only way according to his way of thinking, was to go over the Falls.

However, when this decision was reached, Bobby showed himself to be head and shoulders above the other candidates for fame; at least among those who had attempted the navigation of Niagara Falls. Because unlike the others, he did not shut himself up in a barrel and trust to fate. Instead, for nearly a year, he sent over barrel after barrel containing dogs, cats and chickens, 54 in all. Losing the whole 54, however, did not daunt his courage, but only made him the more determined.

He went right along showing the bull-dog grit with which Lancashire had blessed him, and this carried him through his greatest adventure. On Nov. 10, 1910, Mitchell, an aged inventor, tried to persuade him to go over in a contrivance which he himself had made. It was of wood, steel and iron. But Bobby wasn't to be caught napping. He sent the barrel over first. It was dashed to pieces on the rocks at the foot of the Falls. This experiment cost Leach over a thousand dollars.

But money was no object to Bobby, for he immediately set himself to have his own barrel constructed. It was a cigar shaped structure of steel and iron weighing half a ton.

"I was stopped four times by the police on the Canadian side," said Bobby when telling of his adventure. "But during the night I told them I had to have it fixed at the machine shop on the American side, and at 1.30 a. m., I started for the machine shop at Lafayette. Instead, I towed the boat to Navy Island. Here I stayed all night watching the barrel, taking 11 carrier pigeons with me to notify the 16 moving picture men when I was going to start. All night I watched. It was a dreary vigil, for I did not know but that it might be my last on earth. Then the morning, which, none the less trying, dragged itself along. At last 2 p. m. came, I stepped into the barrel, the pigeons flew and the machines began to click. I was strapped in a hammock with 72

PIMPLES ON FACE

DIDN'T LIKE TO GO OUT

Those nasty little pimples that of the body are simply indications that break out on the face and other parts the blood is out of order and requires purifying.

There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine

BURDOCK BLOOD BITTERS
and when the blood is purified the pimples will vanish and you will have a clear, healthy complexion.

Miss Mary E. Flanagan, R. R. No. 3 Stella, Ont., writes: "I suffered for about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad I didn't like to go out among a crowd of people. One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters chased them'."

B. B. B. has been on the market for the past 45 years, so you are not experimenting with some new and untried remedy.

feet of rope and a double set of harness. I could not move an inch, and the only admission for air, was through an aperture one and a half inches in diameter. At last I was closed in, alone a solitary atom against the roaring cataract into which I was to be so suddenly hurled. The barrel began to move; swifter and swifter the current carried me. I lost consciousness from the strain. At 2.21 I took the drop and regained consciousness long enough to feel the terrible sensation of dropping space—to perhaps—eternity.

"Again my mind lapsed, and I knew nothing until I was picked up exactly 39 minutes from the time I was cut loose. I was unconscious 20 minutes, and it was a merciful relief. For it was hell.

"Dr. Wilson, now physician of the power house, was there to see me through, and I had two broken kneecaps and a broken jaw, the hammock having broken away from the force of the impact. I was in the hospital 23 weeks."

And as the recital was finished a frail little woman started to apply the dustcloth to the various pieces of furniture in the dining-room.

"Were you not terrified to have your husband make such a perilous trip?" I asked, wondering how such a calm exterior could hold to the grim determination not to check the unusual course ambition had laid out for her husband.

"Yes, I can never forget it; he still worries me to death," and the twinkle in her eye told me it was all one might expect from being the

dutiful wife of the average male.

"Will you ever take another trip?" But Bobby shook his head, the recital had duly affected him. "But I want to tour the West with my moving pictures and lecture during the performance," and his face brightened up. "They are there in the trunk, and I can go any time."

THE COUGH WITH THAT TICKLING SENSATION

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

**DR. WOOD'S
NORWAY PINE SYRUP**
is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. P. Johnson, Port Alberni, B. C., writes: "I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief, in fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the house."

Be sure and get "Dr. Wood's" when you ask for it. Price, 35c. and 60c. a bottle; put up only by The T. Milburn Co., Ltd.
