This is a splendid time to repair or remodel

Beaver Board today costs less than at any time in the last few years. We can supply you with enough to do over an average-sized room for around \$15. And the work is quickly, easily done. No muss or litter. Little sawing or waste.

You can nail genuine Beaver Board over plaster and old, papered walls or directly to studding and beams. And always you get a permanent, eminently satisfactory job. There is no better, less expensive way to add new rooms, enclose offices, erect partitions, finish interiors of new buildings or give new, attractive walls and ceilings to shabby, run-down interiors.

Ask us for quotations and see for yourself how cheaply you can improve your home, office or store. We will gladly figure on any Beaver Boarding job you contemplate. No obligation on your part. See us, or phone us today.
