## BAPTISTS OF OROMOCTO HAVE FINE CHURCH

Was Dedicated for Worship on Sunday — Three Services Held—Almost Free of Debt.

The new Baptist church at Oromocto built to replace the edifice destroyed by fire several years ago, was formally dedicated to the worship of God yesterday. Services were held morning, afternoon and evening and although conditions for travel were not what they might have been, there was a large attendance, people gathering from both sides of the river. A contingent from Fredericton headed by Pastor Warren of the Brunswick street Baptist church drove down by auto and at Lincoln transferred to a motor boat in which they completed the trip. Rev. Mr. Warren was the preacher at the afternoon service his theme being the greatness of our task. His discourse was an able one and was followed by the congregation with the closest attention. There was appropriate music including selection by a quartette composed of Mr. F. L. Cooper, Mrs. F. A. Goodand Mr. and Mrs. F. B. Smith. There was also a duet by Mrs. Good and Mrs. Lockwood and a solo by Mrs. Cooper.

The dedicatory sermon was preached in the morning by Rev. L. E. Ackland of Woodstock who took for his subject God's Temple and man. At the evening service the preacher was Rev. D. S. Nason of Wolfville N. S., who is connected with the Home Mission Board. The new church occupies a commanding site overlooking the village and is a substantial built structure. It replaces the edifice which was destroyed by the great fire which swept Oromocto almost out of existence two years ago. The pleasing announcement was made yesterday that the new church was almost free from debt. A number of subscriptions towards the cost of the new church were received from Baptists in outside places and Mr. R. B. Smith, M. P. P. was able to collect the substantial sum of \$700 from his fellow-members of the Legislature the list being headed by Hon. Dr. Hetherington and Premier Foster.

## BROKEN LEG AND COLLARBONE BESIDES BRUISES

Quintette of Both Sexes Sent to Hospital When Car Turned Over in Kingsclear.

Michael Murphy is in Victoria Hospital with a broken leg, Leslie Patterson is in the same institution with a broken collar-bone and three young women who have been staying at the Kingswood Inn in Kingsclear for some time also are there with severe bruises and cuts about their faces and heads as well as other injuries. The injuries were sustained by the quintette when Patterson's car a public vehicle, turned turtle just above the residence of W. B. Gilman on the Woodstock Road, Kingsclear some four miles from Fredericton, Sunday afternoon.

### Turned Out For Cars

The party had left the Kingswood Inn a few minutes before, intending to run to Springhill and back. As far as can be learned Patterson met a car which was on its wrong side and turned out to the right to avoid it. His wheels were on the grass margin of the road and when he turned his wheel sharply to return to the road one of his front wheels buckled and the car turned completely over. The power of the car was sufficient to right it and turn it in the direction opposite to that in which it had been travelling. Murphy was seriously injured and it is said did not move after the upset. The other car kept right on toward Fredericton. J. C. Vermeeren who came along with a truck shortly afterward brought Murphy to the hospital. Other members of the party were brought to the hospital in other cars.

The hospital today reports the injured persons progressing satisfactorily. Murphy is suffering considerable pain. He is well known as a professional hockey player of prominence some years ago.

## THIEVERY IS PREFERRED BY FRENCH GIRL

New York, June 25—Out of work for a month, penniless and in debt Germaine La Porter, twenty-two, a pretty French girl in America but five months, could see but two roads ahead of her—thievery or immorality, she told the police last night. So she chose the first road, taking jewelry valued at \$750 from the woman with whom she lived in Brooklyn she admitted her guilt to detectives when she took them to the place where she had hidden the gems.

"If I had the choice to make again I would do the same," she said. "I had no money and could not find a position. That is all I can say."

Mrs. Emma J. Brown, whose report of the loss of her jewelry brought the police, said she would appeal to the magistrate to be lenient.
