CANDIDATES NOMINATED IN MANITOBA

146 MEN AND
FIVE WOMEN CHOSEN

Election Will Take Place on
July 18th and the Result
Appears to be in Doubt.

Winnipeg, Man., July 9.—Returning officers in fifty three Manitoba constituencies yesterday collected \$200 deposits from each of 151 citizens and declared 146 men and five women officially nominated as candidates for the legislature in the elections of July 18. Polling in The Pas and Rupert's Land is deferred. There were no acclamations, candidates having announced themselves at the last minute in Ethelbert and Carillon, where it was thought the United Farmer nominees might be unopposed. Forty members of the old legislature are seeking re-election.

The United Farmers of Manitoba have forty candidates and are contesting every rural constituency. They are not represented in Brandon, Portage La Prairie and St Boniface.

The government party has thirty-seven candidates with a full slate of ten in Winnipeg, and in addition there are "fusion" candidates representing Liberals and Conservatives in Brandon and in Kildonan and St. Andrews. There are fourteen rural constituencies where the Liberals are not making a contest.

There are twenty-six Conservatives in the field, including seven in Winnipeg.

Labor has twenty candidates, thirteen running in Winnipeg and the remainder in Assiniboia, St. Boniface and two in St. Clements. The thirteen Winnipeg Labor candidates represent varied interests.

Forty-three candidates in all are competing in Winnipeg for ten places. Five women are in the field, all in Winnipeg, including Mrs. Arthur Rogers, Liberal, who sat in the last house

SAYS WORLD IS NAUGHTY

Chicago, July 8.—Wilbur Glenn Voliva, Overseer of Zion, the Holy City north of Chicago, is beset with fears that the world may come to an end in 1925. Voliva is the genial scientist who insists the world is flat and square, presumably supported by four legs or poles. He says that things are getting mighty wobbly as a result of the terrific pace people are travelling. "The world is ripe for the sickle," he shouted to his followers at the twenty-second Feast of the Tabernacle.

"It is corrupt from centre to circumference." In that statement he rather upset his own argument that the world is flat.

SAYS ROBBER RATES WILL BE EXTORTED

Senator LaFollette Speaks Out
Plainly in Opposition to
Tariff Bill.

Washington, July 10.—In a sensational assault in the Senate last week on the proposed tariff protection of the "cotton mill barons," Senator La Follette predicted Republican defeat next November if the party persists in passing the McCumber-Fordney high tariff bill as the party was defeated by the Payne-Aldrich Law in 1910.

Earlier in the day the Republican motion to limit debate 45 to 35. Against the motion which required a two-thirds majority for adoption the Democrats voted solidly and five Republicans, Borah (Idaho), Brandegee (Connecticut), La Follette (Wisconsin), Moses (New Hampshire), and Norris (Nebraska), voted with them.

The rubber rates of tariff in the cotton schedule, the steel schedule the wool schedule and other schedules in this bill, will not benefit labor in the least, but will simply enrich the great manufacturers by billions which they will thereby be able to extort from the consuming public," said Senator La Follette. "If the elections of 1910 and 1920 and 1914 and 1916 mean nothing to them, then let the leaders look to the Republican primaries held in Indiana in Iowa in North Dakota and other States within the last few months. Powerful indeed must be the influences which can bludgeon through legislation when the political leaders responsible for it means the defeat of their party and the end of the political lives of most of the leaders responsible for this bill.

MAH OSBORNE LAID TO REST AT MARYSVILLE

What is said to be the longest funeral ever seen in Marysville was that Sunday afternoon when conductor "Mah" Osborne was laid to rest in the Baptist Cemetery. The funeral was under the auspices of the Brotherhood of Railway Trainmen of which nearly two hundred members turned out headed by the York Regt. Band.

The pall bears were Conductor R. Henry, Brakeman R. Robertson, Engineer G. Matthews, Fireman E. Robinson, Station Agent G. Chalmers, Shopman G. Niles.

All pallbearers are members of the Brotherhood chosen from different departments of the railway service.

A special train left Fredericton at 1.45 with the delegation of Brotherhood men who had marched to the train from there hall, headed by the band. The train went to Sandyville after taking a large number on at South Devon and Marysville.

The service at the house was conducted by Rev. Mr. McNeill pastor of the Main Street Baptist Church, the choir of which church also rendered favorite hymns. The address of Rev. Mr. McNeill was excellent and many wet eyes were noticeable among the large gathering. The Brotherhood service was used at the grave and was ably conducted by Chas. H. Sterling and Walter S. Long. The service was very impressive and was well conducted, Conductor Harold Logan was marshal.

The flowers sent by sorrowing friends were beautiful and filled a large motor.

Free State Troops Take Positions From Irregulars

WEEK END WAS QUIET IN DUBLIN BUT FIGHTING WAS
KEPT UP IN THE PROVINCES—NATIONALISTS TAKE
A NUMBER OF PRISONERS AND SEIZE A QUANTITY OF FIREARMS—SITUATION IN CORK
DESCRIBED AS NORMAL.

Dublin, July 9.—The week-end here was quiet, but in the provinces operations on a large scale continued. The National troops have taken numerous positions from the Irregulars.

The biggest engagement occurred in North Wexford, where the Irregulars held strong positions.

An official report issued at National headquarters at midnight Saturday night said the troops in Wexford had continued manoeuvres that were entirely successful. This morning a convoy, which proceeded from Gorey to Ferns, encountered many obstacles along the route, particularly trees, which had been felled across the road.

IRREGULARS SURRENDERED

On the arrival of the National forces at Ferns, thirty one Irregulars occupying the post office were ordered to surrender. They did after short resistance in which four Irregulars were wounded. All others were made prisoner. The National troops secured twenty-one rifles, twelve revolvers and a quantity of ammunition. The town is now being held by volunteers acting under orders from army headquarters.

From Ferns, the troops proceeded to Enniscorthy. They found that the Irregulars had retreated into the country, and the Nationals occupied the town.

More than fifty prisoners were taken today in Wexford. Some of the Irregulars in this area are said to have had in their possession flat nosed revolver cartridges.

Another bulletin issued at headquarters today details successful operations by the Nationalist forces in Donegal, South Lirim, Roscommon, Queens county and West Meath. The situation in Cork is described as normal.

Belfast, July 9.—It was rumored in Enniskillen tonight that fighting was in progress between the Free Staters and Republicans for possession of Sligo. A train due to reach Enniskillen through Sligo was held up at Collooney by Irregulars who had it taken to Sligo where they seized a large amount of foodstuffs on board.

Before surrendering Skeogh, the Irregulars made a determined attempt to burn the place, but the National troops saved it before serious damage was done. The Mansion House however, presents a scene of wanton desolation. There was also evidence that the Irregulars who were besieged in the Mansion House had enormous supplies of foodstuffs that had been seized from trains or in hold-ups.

QUIETNESS NOW PREVAILS AT CAPITAL

Premier King is Off to Washington on an Important Mission.

Ottawa, July 10.—With the prime minister leaving today for Washington and at least five other members of the cabinet out of the city this week promises to be a quiet one in the capital. It is possible that there will not be a single meeting of cabinet council, at any rate until the return of the prime minister which is expected toward the end of the week.

Sir Lomer Gouin, minister of justice who has been spending a few days at his home in Murray Bay will probably return to Ottawa on Tuesday or Wednesday and there are more than enough members of the cabinet in town to make up a quorum if a meeting of the cabinet should be called.

Several matters await government action although it is safe to say that some of them have already received consideration. Appointment of suitable men to serve on two committees one of which will investigate the G. W. V. A. charges of maladministration by the pensions board and the other to look into the Canadian fisheries has yet to be made.

There are also several judicial vacancies to be filled, among them that on the supreme court bench of Saskatchewan, for which former Premier Martin of that province is supposed to be slated. There is also a senatorial vacancy in New Brunswick.

Railway co-ordination and the appointment of the new board which will control the national railway probably awaits the return of Hon. W. C. Kennedy minister of railways and canals, who has been spending some days at his home. In this connection the name of Hon. G. P. Graham has been mentioned as a possibility for presidency of the new board. The experience gained by Mr. Graham when minister of railways would, it is thought be of value in administering the government system. Whether or not the minister would be satisfied to accept the post is not known.

Rumors of cabinet re-organization are current but nothing definite is known and it seems likely that no action will be taken for some time.

M'DADE'S MILL AT WOODSTOCK BURNT SUNDAY

(Special to The Mail)

Woodstock, N. B., July 10.—Fire yesterday morning destroyed the saw mill owned and operated by Edward McDade. This is the second time the mill has burned within a year. The loss was very heavy and there is no insurance. The mill has been running day and night for the past six months and its burning is a great loss to the community.

DOUBLE DEFEAT AT MONCTON

Row Between Catcher Olsen and Umpire in Evening—Regrettable Incident.

The Fredericton Baseball Club dropped two games at Moncton on Saturday. In the afternoon Moncton won 10 to 3 and in the evening 3 to 1. Paynter started to pitch for Fredericton but was batted hard. Moncton made nine runs in the first inning. Fred McLean finished the game after the fourth inning holding Moncton down. Blanchard started to pitch in the evening but because of a sore arm was relieved by Clancy who showed well. The evening game went nine innings and was close and interesting.

There was a regrettable incident connected with the evening game. Captain-Catcher Olsen of Fredericton did not relish some of the umpire's decisions and said so. A clash between the two ensued and other players mixed in. For a time it looked like a free-for-all but the trouble finally was ironed out.

THE STRIKE SITUATION IS UNCHANGED

RAILWAY BOARD
IN CONFERENCE

Sunday Holiday Passed Off
Without Incident — Roads
Preparing to Resume.

Chicago, July 10.—With soldiers on active duty in Illinois and troops mobilized in five other states, the ninth day of the strike of railway shopmen passed quietly while many railroads prepared to resume active operations in their shops tomorrow. Several carriers having warned striking employees to return by that date or forfeit seniority rights.

B. M. Jewell, head of the railway employees department of the American Federation of Labor had nothing to say at strike headquarters here and no news was forthcoming from either the carriers of the United States railroad labor board.

While the Sunday holiday was uneventful the rest of the week was fraught with possibilities. Tomorrow members of the labor board who averted a strike of 400,000 maintenance of way men and 14,000 signalmen through negotiations with union officials last week, are expected to confer with E. H. Fitzgerald head of the clerks union in an effort to prevent the assurance strike orders to this organization.

Confidence was expressed here to night in quarters close to the labor board that the clerks would follow the example set by the maintenance of way employees and signalmen.

With the carriers urging striking employees to return to work at once preparations were practically complete to-night on a score of lines to attempt to resume active shop work tomorrow.

Vacancies in the ranks, according to the railroads, will be filled by the hiring of new men. Realizing the possibilities for trouble with such a programme some of the railroads have asked for soldiers to protect their shops while others expected to afford private protection to those who worked.

While the railroads predicted that many strikers would flock back to work when assured that protection would be afforded, union headquarters here have maintained that the strike is daily becoming more effective.

NO EIGHT HOUR DAY FOR THEM

Ottawa, July 8.—Cabinet Ministers are continually violating the eight-hour day law. So much work has accumulated that ten and twelve hours a day is the common period of employment.

Hon. Charles Murphy, in addition to having to discharge the multitudinous duties of Postmaster-General, is, in the absence of Hon. Chas. Stewart, in charge of the portfolios of the Interior, Immigration and Colonization, and Superintendent of Indian Affairs.

The Prime Minister and the other Ministers are compelled to work night and day to get abreast of their program.

Vice President Won

Vice-President G. A. Taylor turned the tables on President Robert Fitz-Randolph at the golf links Saturday afternoon defeating him 11 to 2 in the second match of the season. The match was a mixed two-ball foursome, a nine-hole match. Play was interesting throughout the match.
