A. D. S.Office of District Superintendent,
St. John, Feb. 20, 1922.Mr. Pinder of York
Scolds the GovernmentFollowing is a synoptic report of the
speech contributed to the debate on
the address by Mr. Pinder of York.MR. PINDER said he had listened
with wonder to the speech just given.
He had noticed that the Hon. Min-
ister of Lands and Mines (Robinson)
had left his place rather than listen
to references to old governments. He
(Pinder) had not wondered at his
departure for he had been a member
of a government which had left of-
fice with a record of wrong-doing un-
equalled. It was possible to go back
and dig up all manner of wrong doing,
but it would be better to confine at-
tention to the present. The govern-
ment in entering into a scheme for
hydro-electric development had done
what it had no business to do. Such
development would better have been
left to companies. When the Hon.
Premier first entered office he had
had considerable sympathy for him,
as he had lacked experience and had
poor material for a government. He
had commented upon the fact that its
chief spending Department had been
handed over to the present Minister.
He also had referred to the Hon.
Attorney General, but he must say
of all members of the government
that member (Byrne) to his mind
had tried the hardest to perform his
duty. He had followed closely many
of the cases and suits in which he
had appeared. The Premier evidently
was trying to emulate the Minister
of Public Works. Hydro-electric de-
velopment seemed the only way in
which to do it, and that made it
necessary for him to become rum-
seller to the province or even a
larger scale. He might be able to
carry it on. To listen to some of the
speeches which had been made one
might think that the present govern-
ment did nothing wrong, yet right op-
posite was a small brick building
which had nothing Afrow oedacHALIFAX EXPLOSION
WRECKED HER NERVESThe reader will, no doubt, remember
when a few years ago there was a
collision in the Halifax, N. S., Harbor
and one of the munition ships was
blown up, causing great loss of life and
laying a large portion of the city in
ruins, and causing a great deal of suf-
fering and distress among the inhabi-
tants.Mrs. Winfield Dill, now of Windsor
N. S., was living in Halifax at that
time and went through this trying ex-
perience and the shock wrecked her
nerves. She writes as follows: "I was
living in Halifax at the time of the
explosion and it wrecked my nerves
so that I could not do my housework.
I would make such nervous spells I
would be under the doctor's care."I saw Milburn's Heart and Nerve
Pills advertised, so I took two boxes
and they helped me so much I took six
more, and now I am completely reliev-
ed. I can recommend them to anyone
suffering from heart and nerve
trouble."To all those who suffer from ner-
vous shock we would recommend our
MILBURN'SHEART AND NERVE PILLS
as the best remedy to tone up the en-
tire nervous system and strengthen
the weakened organs. Milburn's Heart
and Nerve Pills are the original heart
and nerve food having been on the
market for the past 27 years. Price

than could a dozen private correspondents. The
one who writes to you may know only a few of
your friends at home—but your Home Town
