Produced Three-cornered Tie in Intercollegiate; The Commercial Teams

The expected three-cornered tie in the West Section of the Maritime Intercollegiate Hockey League materialized Thursday night when Mt. Allison playing on home ice at Sackville beat Acadia 6 to 1. The victory of Mt. Allison is possibly more decisive than had been expected but it goes to show how uncertain a game hockey is when it is remembered that Acadia beat U. N. B. 4 to 3 at Wolfville and U. N. B. had very little trouble in disposing of Mount A. here last week 4 to 1.

Anybody disposed to figure things out on paper can now tell us what the score will be when Mt. Allison and Acadia meet on neutral ice for a play-off and also what it will be when U. N. B. and the winners meet also on neutral ice.

It looks at this distance as if the U. N. B. claim that jinx was getting in a little overtime at Wolfville when Acadia got away with the opening game, were perfectly right.

CHANGE IN COMMERCIAL

Two Postponed Matches Played at Arctic Rink Last Night—Hartt and Palmer-McLellan Teams Winners

Two postponed matches in the Fredericton Commercial Hockey League were played Thursday night at the Arctic Rink. The scores in both were close but make no alteration in section standings although the winning teams climbed up a little. The winners were Hartt Shoe Co. which defeated Smith Foundry and Palmer-McLellan Shoe Co. which beat Chestnut Canoe Co.

First Match

The first game was between Hartt Shoe Co. and Smith Foundry Co. The Hartt team won 4 to 3 and the score was close throughout the match. Owing to similarity in uniform the Hartt team wore the green and white jerseys of the John Palmer Co. The first period ended with the Hartt team leading 2 to 1. The second period passed scoreless and in the third each team scored twice. The Foundry team made a good finish.

The teams were:

Hartt Co.	Goal	Smith Foundry
Titus	Defence.	Smith
Carten	Defence.	Bidlake
Chappell	Defence.	Cadwallader
Gough	Centre.	Staples
Rickard	Right Wing.	Bamford
Kierstead	Left Wing.	Dunphy
Gordon	Substitutes.	
Harvey		Holder
		McCluskey

Second Match

The second game went to Palmer-McLellan Co. 3 to 2. In this game there was a close score the Chestnut Canoe Co. making it a fight to the last. Palmer-McLellan Co. scored twice in the first period and virtually won the game then. In the second period the Canoe Company team came along and scored the only goal of the period. In the last period there was one goal for each team.

Palmer-McLellan	Chestnut Canoe
Goal	
H. Neilson	Beatty
Defence.	
McGinn	Smith
Defence.	
Colwell	Johnson
Centre	
Bailey	Feeney
Right Wing	
Staples	King
Left Wing	
Searles	Harrison
C. Neilson, substitute.	

Charlie Fleet was the referee for both matches.

Final Games

The last scheduled games will take place Saturday night. On the following Saturday night the two section leaders will meet in a playoff. The Hartt team has played its four games and except the Foundry team beat or tie the John Palmer Co. team has the section. If it should be beaten the Hartt Co. will win. If there is a tie game three will be a tie in the section.

WET PAINT SIGN FAILS

(Ney York Sun.)

The commuter who had painted the iron fence in front of his home found that the usual "paint" sign was of small effect. Some of the passersby were continually feeling it to see whether the paint had dried. Each time they left a finger print which meant additional work on his part. Finally he put up a card which read:

"No danger. This paint is dry."

"It's an illusion of the perversity of human nature," he said. "After they read that sign they think I'm kidding them and keep from touching the fence. Some of them, I suppose, see the point."

MOLASSES COOKIES.

One egg or two, one cup granulated sugar, one scant cup shortening, one cup of molasses, one quarter teaspoon each of ground cinnamon, ginger and cloves, and four large cups of flour. Stir these ingredients together and add two level teaspoons of soda which have been dissolved in one half cup of hot water; once more stir well, then let stand overnight to grow light. In the morning shape into cookies and bake.

A CURLER'S PRAYER.

Guid Weather Clerk! Incline thine ear

Tae this request I ha'e;
I ne'er ha'e troubled thee a lot,
Noo dinna say me "Nae."
It's frosty weather we've had here—
'Tis bonnie weather braw;
We plan tae ha'e a big bonspiel—
Oh! dinna let it thaw.

We're gratfu' for oor ice sae keen—
Here's noo oor thanks tae thee;
Co-operation wi' us still
Wilt thou be pleased tae gi'e?
Hear this petition brief o' mine;
It's frae a Scotsman braw;
Gi'e frosty weather for twa weeks—
Oh! dinna let it thaw.

Ye maunna, maunna disappoint
We folks who lo'e this game—
Braw lads wha plan tae journey here
An' a' oor lads at hame.
A warmer temperature, ye ken,
Wad nae dae weel ava';
Sae it's sincerely noo I plead—
Oh! dinna let it thaw.

Oor date is February, Clerk—
'Twill be th' seventh day,
An' give ye no' will turn us doon
A bonnie time we'll ha'e.
Noo, lister, Clerk! This is R. D.
Sae hear me when I ca'—
Remember weel oor big bonspiel—
Oh! dinna let it thaw.

Nae folk ava' this plea o' mine
Wi' selfishness can blame;
Maist brither Scots, an' lots forbye,
Lo'e fine this Roarin' Game.
There's nae a "drapple" noo aboot,
Tae steal oor wits awa',
Sae let us curl tae hert's content—
Oh! dinna let it thaw.

Mack, in the London Advertiser.

Then gloves of heavy white kid, with fringed cuffs, the edge of the cuff apparently just slashed into fringe in the Indian fashion, are available. The fringe is an inch to two inches long.

We Believe That It Pays To Give Our Customers Service and Satisfaction

THAT IS WHY WE WANT TO SELL YOU A

DE LAVAL Cream Separator

Users of DeLaval Cream Separators have carried away every First prize awarded at conventions of the National Creamery Buttermakers' Association during the last twenty-five years. The record is unbroken.

That ought to be proof enough that cream separated by the DeLaval is superior to any other.

The reason is that the DeLaval bowl design, together with low speed, enable the delivery of butter-fat globules unbroken in their natural condition.

THE NEW DeLAVAL is the "BLUE RIBBON" separator.

You can buy a New DeLaval from us on liberal terms. Come in and look it over and see how the Bell Speed Indicator works.

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjinga" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.

PALMER'S Moose Head Brand Summer Packs & Plow Shoes

SLIP on a pair of Palmer's Summer Packs or Plow Boots, and you will realize what Firm Foot Comfort really means. Added to this, you have strength and durability, making a combination of good features seldom found in one pair of boots.

Palmer's Summer Packs and Plow Boots are hand made and hand sewed by expert workmen. The bottoms and uppers are made from Palmer's Famous Skowhegan Waterproof Leather, rich dark brown in color, very soft and pliable. Bottom part of uppers runs clean under, a great advantage over the lasted under boot.

Soles are attached by special clincher nailing process or sewed by lock stitch process.

A splendid boot for plowing or any kind of hard outdoor work.

Get a pair from your dealer, or order direct from us. Write us for our catalogue No. 43.
