**Soft Coal Strike in The U. S. About Over**

Cleveland, Aug. 15—Immediate settlement of the nationwide coal strike was predicted today by John L. Lewis, chief of the union miners. He said that 75 per cent. of the country's bituminous mines would be in operation within ten days.

The miners' leaders announced that the most gratifying reports have been received from the bulk of the bituminous operators of outlying districts, indicating that they will accept any agreement reached here. The miners have won the labor battle of the century.

The policy committee of the United Mine Workers ended its meeting at noon with the decision to start immediately the negotiations with the operators with a view of seeking a settlement.

Following the meeting, Lewis announced that developments had been reviewed and that the policy committee had instructed the scale committee to proceed with negotiations.

"It still appears that Indiana and Illinois operators are sharply divided regarding the advisability of entering this conference," Lewis said.

"We shall be glad to have them if they will come. If they continue their arbitrary refusal, it will make no difference. We will proceed with the proper work of this conference."

"In any event, we have definite assurances that if a basic scale is agreed upon here, important producing interests in Illinois and Indiana will break away from any negotiations in their respective States, sign the scale and resume work."

**THESE EGGS WERE VERY FERTILE**

New York, Aug. 15—Three hundred bottles of whiskey, which had been shipped in crates as fresh eggs, were seized this afternoon by General Prohibition Agents in the Manhattan Malt Shop, 99 East Second street.

The agents took into custody Samuel Cohen of Madison avenue, and Otto Braun, East Second street. Braun was said to be the owner of the place, while Cohen was charged with having negotiated for the sale of the liquor to one of the agents for \$47 a crate of 12 quarts.

One of the agents said that their investigations led them to believe that an extensive bootleg business had been carried on through the malt shop, liquors being received and shipped out as eggs in regular egg crates. The agents believe that egg crates are being used quite generally throughout the country in the shipments of liquors.

**GALA DAY AT BURTT'S CORNER**

Dr. O. E. Morehouse ex M. P. P. chairman of the committee which is erecting a monument at Burtt's Corner in honor of the gallant boys of that place was in the city yesterday. In conversation with the Mail he said that work on the monument was about completed and it was proposed to have the unveiling ceremony take place on the afternoon of Thursday August 24th. "We propose," said the doctor, "to make it the biggest day ever seen in the Keswick valley. There will be speeches by prominent public men five hundred school children will sing Canadian patriotic songs, there will be a brass band in attendance and I can assure you we are going to look after the people who patronize the affair."

The doctor went on to say that an energetic committee of ladies were in charge of the culinary arrangements and would begin serving dinner at ten o'clock. He added that crops were good on the Keswick this season and the ladies will see that to it that the hungry ones are all looked after. "Tell the people," said the doctor in conclusion, "to plan to spend the afternoon of the 24th at Burtt's Corner."

**MR. MARSHALL SPOKE BEFORE ROTARY CLUB**(Continued From Page Eight)  
Spoke at Experimental Station  
Hon. Mr. Marshall this afternoon was the chief speaker at the picnic held at the Dominion Experimental Station in this city. This picnic was in connection with the organized movement introduced by Supt. Bailey to bring the Station and its work more closely to the attention of the farmers of the province. Today's picnic was attended by people from along the main line of the C. P. R. from Welsford to McAdam and along the Fredericton Branch of the same railway.

Hon. D. W. Mersereau, Minister of Agriculture, is in attendance at the picnic.

**Complaints of Drifting**

There have been complaints that Indians have been drifting at night over Hart's Island Pool and cleaning out the salmon. Anglers express the opinion that a special officer should be appointed to look after this.

**PREMIER KING WELCOMED IN SOUTH ESSEX**

(Continued From Page Three)

gressive, but which, if the words have any meaning at all, are alternative expressions for one and the same attitude."

**Should Be United**

There was no need to split the forces of democracy and it was a mistake to have them divided, for "I want to see Toryism always where it is now, in opposition and the forces of democracy enthroned in power", he said.

The Premier then stated that when the Liberal government found that Canadian cattle were shut out of the United States market they went to work to secure the removal of the embargo imposed by the British Government and he believed their efforts in this line would soon be successful. Negotiations had also been opened looking to the restoration to the western provinces of the control of their natural resources. These had been interrupted and would soon be resumed.

**A BIG STILL WAS SEIZED**

Sydney, Aug. 15—An eighty gallon still, one of the largest rural moonshining outfits so far picked up in Cape Breton, was seized by Inspector H. W. Karn at Gillis Lake on Friday afternoon.

Dan MacDonald, on whose premises the still is alleged to have been found, will be charged before Magistrate A. G. MacLean.

Constable Malcolm MacDonald accompanied Mr. Karn, and after some searching they found the moonshine plant located in the woods on the mountain side about half a mile from the MacDonald residence.

**PRAISE FOR CHAUTAUQUA MUSIC.**

This Year's Entertainments Surpass all Previous Years, is Opinion of Critics. Everywhere.

Geo. M. McDonald, now director of Vocal studies at Halifax Ladies College and Conservatory of Music, and late principal baritone of Beecham and Carl Rosa Operas, London, writes: "In criticizing an ensemble the highest praise that can be given is the impossibility of individualizing. The Great Lakes String Quartet evidenced his completely. Their perfect self-subservience together with their absolute sympathy one with the other gave us that feeling of beautiful harmony and modulation that is one of the aims of ensemble playing to convey. In the Hayden Quartet the manner in which the subject of the movement and the accompaniments were handled, showed a beautiful perception of tone value and nuance such as I have seldom heard excelled. As one who is working for the better and more common appreciation of Classical music I thank you for sending this combination. The heart of the people will always respond to melody and the applause last night was evidence of this and should certainly encourage you in your efforts for the furtherance of music and the other fine arts."

**Settling Up Business.**

The Fredericton Driving and Sporting Club held a meeting in the purpose of settling up the business of the Midsummer Harness Racing Meet. Some accounts are still outstanding. It is possible that there will be a small deficit on the meet. Weather conditions were against the attendance.

**U. S. WARSHIPS DEPART FROM HALIFAX, N. S.**

playing Auld Lang Syne the four ships of the United States Midshipmen Practice Squadron passed in line down Halifax harbor Sunday evening just as the sun was resting on the western sky. Their visit to Halifax was at an end. It was a striking marine spectacle, enhanced by the brilliant sunset striking across the harbor, and witnessed by thousands of Haligonians with feelings of deep regret that the end of such a happy occasion had arrived.

The four stately ships steaming slowly down the majestic harbor, increasing their speed toward the open fairway, were bearing away four thousand men who, in their twelve days' visit, had won the admiration and the friendship of the citizens of Halifax.

Impressive was the departure of the Midshipmen Practice Squadron from the waters of the "Warden of the North." As the church bells were summoning worshippers to evening service the four ships weighed anchor and moved seaward. They came here strangers, but they had not departed as such. For nearly two weeks they had enjoyed Halifax as if this noted naval station was their home. Officers, Midshipmen and men had made scores of friends in this short time; they had been wonderfully entertained, for which words could not manifest their thanks and appreciation.

**BOY KILLED BY COMPANION**

Charlottetown, Aug. 14—Edward McCloskey, aged ten, was accidentally killed here this evening, when he was struck by a bullet from a twenty-two calibre rifle in the hands of Leonard Connolly, fourteen, who was firing at a target in his yard. Coroner McGuigan decided that an inquest was not necessary.
