Objects to Increased Expenditure for Schools

To the Editor of The Mail.

Public attention is evidently waking up the carnival of extravagance indulged in by the present Board of School Trustees and instead of showing any disposition to economize in these hard times it is authoritatively stated they contemplate asking the Legislature to increase their annual expenditure to \$100,000 and to enable them to build and equip a new High School building at a cost including

cost of site which will probably exceed \$100,000. I suppose to accommodate the overflow of students from Devon and Arisville, within a year or two they have spent forty to fifty thousand dollars on an addition to the Charlotte street school building and a like addition to the school on Smythe street. Is there any necessity for additional school accommodation? Certainly not. Statements show the total number of enrolled scholars is

slightly in excess of 1600, two hundred of these are provided for in the Model School and another 200 in the splendid Roman Catholic School building on Regent street. This leaves 1200 and with an average attendance of about 80 per cent, leaves about 1000 to be provided for by the School Board. Why this number can be accommodated in the Charlotte and Smythe street buildings without taxing any of the ten class rooms in the York Street building, which surely cannot be all taken up with carrying out the visionary schemes of Mr. Peacock and others in providing classes for cooking, dress making, vocation and other fads, making it impossible for ordinary scholars to find time to study the three R's.

There is another gentleman, a prominent official in one of our shoe factories, who has taken the subject of education in our schools under his benevolent patronage. How much does his company pay in taxes for the upkeep of our schools? Not one cent. He secured Legislative exemption from all taxes for twenty years, with a further exemption under certain conditions for an additional twenty years without having to apply to the Legislature for its approval. Well may he exclaim "Let the galled jade wince; My withers are untrung."

Compare the present with the past. In 1911 the total assessment for school purposes was \$20,000; in 1921 just ten years later was \$74,580.

There is another important question that is intitled to and demand earnest consideration. Political economists agree that ten per cent of the property valuation of any Municipality is the extreme limit of bonded indebtedness that can with reasonable safety be incurred. The present property valuation of Fredericton is \$8,136,550. Our present bonded indebtedness including schools is \$810,299, has practically reached the limit.

In a future issue I shall endeavor to discuss the question whether it is in the interest of the schools or of

CONSTIPATION, BAD HEADACHES, FAINT, DIZZY SPELLS

Constipation is one of the commonest ills of mankind, and only too often allowed to go unlooked after, until some serious complication sets in.

A free motion of the bowels daily should be the rule of everyone then there will be no constipation, sick or bilious, spells, dizziness, heartburn, coated tongue, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc.

Keep the bowels properly regulated by the use of

MILBURN'S LAXA-LIVER PILLS

and you will enjoy the best of health. Mrs. Frank Willsey, R. R. 3, Belmont, Ont., writes: "I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells and would bloat terribly. I was nearly discouraged for I had so many things that gave me no relief. My mother got me a vial of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one vial I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world."

Price, 25c. a vial at all dealers, or mailed direct on receipt of price by T. Milburn Co., Ltd., Toronto, Ont.

MORE HOME DISCIPLINE

Superintendent Mortenson's plea for less jazz and more home discipline touches a national issue already rotely widely discussed. One parent, writing to an eastern newspaper, has urged a general revival of piano lessons as first aid to sane rhythms and parental discipline. No engine, he claims is so good as the piano for inculcating industry, endurance and exactness in the young, and no other form of home work is so easy for parents to keep under supervision.

There seems to be a good deal in this suggestion. In the modern apartment home parents cannot fail to overhear and, granted an average musical ear, to criticize every step in the daily stint. They will unfailingly co-operate in this form of discipline, incurring thereby training in endurance hardly less beneficial than that received by the child. As for the moral stamina developed by young pianists, one has only to recall how the famous Elsie Dinsmore fell off the piano stool in a faint, cracking her little head upon the floor, rather than quit her post without parental permission.

More time at the baby grand and less in the chummy roadster seems one practical way of reviving Spartan virtues in the young. "What is home without a metronome?" might serve as a slogan for the campaign. One scarcely needs to add that the family automatic piano and other lazy paths to music should be barred in the interests of sound discipline.

NIGHT COUGHS

Terribly wearing on the system is the cough that comes at night and prevents sleep.

The constant coughing keeps the lungs and bronchial tubes in such an irritated and inflamed condition that they get no chance to heal.

You will find in

DR. WOOD'S NORWAY PINE SYRUP

a remedy without an equal, for soothing the lungs, loosening the phlegm, strengthening the breathing organs and fortifying them against serious pulmonary disease.

Mrs. John McKerny, Lower Montague, P. E. I. writes: "About three years ago I caught a very bad cold accompanied with a sore throat and hoarseness, and was so hoarse you could hardly hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. Finally I saw Dr. Wood's Norway Pine Syrup advertised; got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now I always keep 'Dr. Wood's' in the house, and shall recommend your wonderful remedy to others."

Price 35c. and 60c. a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjanga" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.
