

CREST OF FLOOD
EXPECTED HERE
BY MORNING

DOUGLASS LUMBER
CARRIED AWAY TUESDAY

Greater Part Recovered—Two
Breaks in Mitchell Boom
Repaired—Spring Fresh-
et Surpassed.

The St. John River at this point now is one foot and a half higher than the highest point reached in the spring freshet. It still is rising. Reports received by the St. John Log Driving Company from Van Buren Me., this morning were that the rise in the river at that point stopped last night at midnight. This is believed to indicate that the crest of the freshet will be reached here early Thursday morning.

Douglass Logs Carried Away

Stanley Douglass Limited, operating a sawmill in Devon had about one third of its lumber carried away Tuesday evening. Half a million feet went out on the flood. The greater part was caught within a few miles but some went to the Mitchell Boom.

Piling used for rafting and mooring is now entirely under water and operations are being interfered with considerably.

The St. John River Log Driving Company reports that the Mitchell Boom developed two small breaks late Tuesday but repairs were made at once.

Fraser's Dam Went Out

Rumors have been current that dams owned by the Fraser Companies Limited, went out in the freshet up river. The Victoria Mill the local mill of that firm stated that the Baker Brook dam which was near the site of the sawmill destroyed by fire a short time ago, went out with about two million feet of lumber. Beyond that no word of damage had been received.

There is not much lumber running at present the freshet having brought practically all out. There is much driftwood and rubbish however. Some damage has been done along the water front.

Succumbed to Injuries

Little Helen L. McConaghey aged two years and six months, succumbed Tuesday evening to injuries which she received on Monday when she fell into a pail of scalding water at her home upsetting it and causing terrible burns on her back. The child is a daughter of Mr. and Mrs. William McConaghey. The funeral will take place Thursday afternoon at 2.30 with service by Rev. J. S. Sutherland and interment in the Rural Cemetery.

ENCROACHMENT
NOT ADMITTED
BY F.G. SPENCER

WILL PERSONALLY
LOOK OVER SITUATION

Settlement Desired by Him
But No Acceptance of City's
Terms is Yet An-
nounced.

F. G. Spencer of St. John representing F. G. Spencer Limited the company constructing the new theatre at the corner of King and Carleton streets, is expected to arrive here tonight for the purpose of looking over the situation preparatory to reaching a settlement with the city relative to alleged encroachment of the building upon Carleton street and a city lease. If he can come F. Neil Brodie, architect the building will also come.

No Announcement Yet

J. J. F. Winslow, K. C., counsel for the company returned last night after consultation with Mr. Spencer. He stated today that he could make no announcement with regard to acceptance of the city terms proposed for settlement of the matter.

No Encroachment on Street

Mr. Winslow says that his client will admit no encroachment of the building on Carleton street. Measurement taken of Carleton street opposite the alleged encroachment showed a width of sixty-six feet four inches which is four inches more than the prescribed width of a street. Mr. Winslow states further that the company is not desirous of standing on that claim if it is in the way of a settlement.

Mrs. C. J. Osman of Hillsboro, is here attending the meeting of the women's institute.

IMPROVED
CONDITIONS
CAUSE CHANGE

RAILWAY PATROLS AND
LOOKOUTS WITHDRAWN

Municipal Councillors Will be
Permitted to Issue Fire-
Permits on Certain
Conditions.

Hon. C. W. Robinson, Minister of Lands and Mines, today announced that because of the great improvement in fire conditions throughout the province on account of the heavy rains, some changes in duties of personnel of the Forest Division were to be made and permits to use fires for various purposes were to be issued.

Councillors to Act

The Forest Division is issuing a circular to all municipal councillors giving them permission to issue fire permits under proper conditions of safety. Discretion is to be exercised in the matter of issuing permits and regard to danger is to be given.

Patrols and Lookouts

The railway patrols which have been following trains on all lines during the dry season have been withdrawn. The men on duty in the lookout towers also have been withdrawn. These men will be used on other duties temporarily. If fire danger returns they will be returned to their former duties.
