

HAS NEVER FELT THE RHEUMATISM

Since Taking "Fruit-a-tives" The Famous Fruit Medicine

P.O. Box 128, PARSSBORO, N.S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up.

I tried medicines I saw advertised, and was treated by doctors but the Rheumatism always came back.

In 1916, I saw in an advertisement that "Fruit-a-tives" would stop Rheumatism and took a box, and got relief; then took "Fruit-a-tives" right along for about six months and I have never felt my Rheumatism since."

JOHN E. GUILDERSON.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

GREAT BRITAIN IS READY FOR OUR CATTLE

Calgary, Alta., Sept. 27—Great Britain will import most of Canada's surplus stock cattle to the extent of approximately 120,000 head annually when the Canadian cattle embargo is finally removed, it was stated by William Phillip Chapman president of the Livestock Traders Association of Great Britain Limited upon his arrival here with S. Everett his business associate.

"While the removal of the cattle embargo has been approved of by the House of Commons, it will be some time yet before it goes through the several processes necessary for its actual removal," said Mr. Chapman.

"However we are so confident that it will be removed that we have come to Western Canada where it is our intention to investigate actual conditions and to obtain an understanding with the cattle exporters regarding future trade possibilities."

They are the first English cattle trades to arrive here on his mission.

Now is the time when Summer duds Look somewhat dissipated When with peach ice cream and cantaloupe Our appetites are sated When naughty leaves come swirling down And slaps us on our noses Reminding us that Winter soon Will freeze our little toeses.

Football Squads Going Strong in all Sections of Maritime Provinces

The rugby football season in the Maritimes appears to have gotten away to an earlier start than usual. The first senior match in New Brunswick will take place here on Saturday when the University of New Brunswick will play the St. John Trojans. Nova Scotia is a lap ahead for a senior match was played last Saturday in Cape Breton Caledonia, which has Maritime title aspirations, defeating the Sydney G. W. V. A. 14 to 3. Incidentally the Vets held Caledonia scoreless the first half and scored one try. In the second period Sydney blew up and let Caledonia score four times.

With the Colleges

U. N. B. now well into its second week of term and rugby practice seems to have made the earliest start of the colleges. Mt. Allison also in the Western Intercollegiate Section opened for lectures on Tuesday of this week. Press reports state that the football squad was at work before the college had opened Acadia the third member of the Western Section—by the way the original Intercollegiate League in football and track events—also began lectures on Tuesday. The football squad was in Y. M. C. A. camp at Evangeline Beach the week before, however, and has had preliminary training. This beach is three miles from Wolfville and the camp is in its third year. A despatch to the Halifax Chronicle states, "The University Y. M. C. A. bears the entire expense of the undertaking."

Dalhousie University at Halifax with the largest studentbody in the provinces got its rugby squad to work this week. The matches are expected to be played at Studley where the new university buildings are located. Bleachers to seat fifteen hundred have been erected and others may be built. Coster, Moore, Bruce, Sutherland, Brittain, McKenzie, Logan, Langwith, Beaton, the two Haslams, Porter and Bates of last year's players are expected to be available.

Halifax Crescents Retire

The Halifax Crescents have decided to play no rugby. For several seasons they have been in the Halifax City League. Failure to obtain an equitable division of the gate-receipts is assigned as the cause of withdrawal the club being unable to continue football as a non-self-supporting sport. This leaves the Halifax City League an uncertain quantity with Dal and the Wanderers the only sure competitors. Wanderers have been at practice for some time.

U. N. B. Prospects

The U. N. B. rugby preparations have received little publicity this year which is wise as in the past the local college teams have been injured by too much boosting. It is no secret however that the majority of the 1921 players are again at college. The present indications are Capt. Jewett and Coach Astin will construct a team with MacKenzie, Dummer, Lounsberry, Cain, Fraser and Seely in the back division and Akerley, Jewett, Rogers, Scovil Gilmore and Miller in the scrum. That leaves two backs and a forward to be filled in. There should be no trouble in getting a satisfactory forward but there is a problem in getting the two backs in this case quarters. There is no lack of material. The selection is the problem.

Practices have been good but steps are to be taken to produce larger turnouts. With the first game only two days off there is little time.

Intercollegiate Fixtures

Thursday October 19 is the date for U. N. B. to clash with Mount A. at Sackville. Acadia is to play here on Thursday November 2nd. The playoff between Eastern and Western sections is to be on Thursday November 9th.

MADE OFFICER AT 18 YEARS

Rome, Sept. 27—When Prince Humbert, heir to the throne, recently celebrated his eighteenth birthday and coming of age Rome was gay with flags and bands played all the afternoon and evening. The Carabinieri were resplendent in best uniforms and red and blue feather cockades. Humbert, who is as modest and simple as most princes outside of fiction, was not so much thrilled by the ceremonies in his honor as with his promotion from corporal in the infantry to a Second Lieutenant. Upon recommendation by the Minister of War the King signed a decree making his son an officer as soon as he had spent several months at strenuous drill as a common soldier at the barracks near Rome.

Some folks make their joys mere incidents and their sorrows great events.

FARMERS HIT BY U. S. TARIFF

Toronto, Ont., Sept. 27—The new United States tariff regulations will be almost prohibitive to Canadian produce marketers, in the opinion of J. J. Morrison, secretary of the United Farmers of Ontario, who admits at the same time that Canada has nothing to gain by retaliating. He felt that the United States farmer would shortly realize the mistake. The hardest blow would be at livestock, with general produce coming next. The duty on butter and eggs would not be felt to any extent as there is but little exportation of these commodities to the States, but the duty on poultry would do much to demoralize conditions in that business here. The Maritime provinces would be hit by the duty of 50 cents a hundredweight on potatoes, and the \$4 toll on Ontario hay would cut the business seriously. The increases from 10 to 60 cents a bushel on peas would be prohibitive to exporters, though some shipments were made last week to beat out the new duty regulations.

NAMING THE BABY.

"I've decided on a name for baby said the young mother. I shall call Euphrosyne.

Her husband did not care for the suggestion; but being a tactful fellow he was far too wise to say so. "Splendid" he said cheerfully. "The first girl I ever loved was called Euphrosyne and the name has very pleasant memories for me."

There was a brief silence. Then: "We will call her Elizabeth after my mother" said the young wife firmly.

PATERNAL WISDOM.

"My boy I hear you are hanging around stage doors."

"Why—er—dad, I'm thinking of writing a play."

"You can't learn anything about Shakespeare from a chorus girl."

FOOT BATH EXTRACTS CORNS

PAINLESS TOO. COSTS LITTLE

Corn agony can be stopped almost at once, and the corn removed in a brief time. The hot water method takes the place of knife or the finger nail, which often cause blood poisoning. You proceed in this way, it only takes a minute or two and the results are magnificent. Cover the corn or callous with Putnam Painless Corn Extractor. It keeps the part antiseptic during the brief time required for treatment. Later take a hot foot bath and off comes the corn leaving the foot as smooth as a baby. It's grand to get such quick results. Remember Putnam Painless Corn Extractor, the antiseptic corn remover. At druggists, condition and they all say it is a wonderful remedy."

NEW BOOKS

"THIS FREEDOM"
by A. S. M. HULZHINSON
A novel that in the opinion of some discriminating critics is a finer piece of work than "If Winter Comes"
by the Same Author

"ROBIN"
by FRANCES HODGSON BURNETT
An absorbing sequel to the "The Head of the House of Coombe"

"CHARLES REX"
by ETHEL M. DELL
The struggle against a hidden secret and the love of a strong man and a courageous woman make this story one that is certain to add to the appeal of this already popular novelist.

THE COUNTRY BEYOND
by JAMES OLIVER CURWOOD
With a master hand Curwood has woven tense situations and swift adventure into this new story of his.

DOORS OF THE NIGHT
by FRANK L. PACKARD
At eight o'clock of that evening Billy Kane was the respectable, law abiding private secretary of rich Old David Ellamore. But read the story.

The McMurray Book & Stationery Co., Ltd.
