South and southeast winds probably increasing to gales with snow or rain, Thursday strong winds with local falls of snow or rain.

VOL. XXVIII., No. 3

FREDERICTON, NEW BRUNSWICK, THURSDAY, JAN. 5, 1922

TWO CENTS PER COPY

ARCHIE McGOIG M. P. FOR KENT HAS BEEN CALLED TO SENATE; SEAT FOR HON. MR. MURDOCK

KENT ONTARIO HAS BEEN OPENED

Other Ontario Constituencies Competed for the Honor of Being Represented by the Minister of Labor — The New Senator Has Been Before the Public Since 1900.

Ottawa, Jan. 4.—After a hard fight Kent (Ont.), has secured the double distinction of having its sitting member, A. B. McGoig, appointed a senator, and of having itself represented both in the house of commons and in the cabinet by the Hon. James Murdock. Several other constituencies competed for the honor and the advantage of this double representation but the length of service of Mr. McGoig and the high standard of his public record determined the government in his favor as compared with newer members with spurs to win.

The fact that there is a considerable industrial population in Kent has also been a factor in making the government willing to make Kent its choice. The city of Chatham and the towns of Wallaceburg and Tilbury are in this electoral division, and there in the constituency two sugar plants, one glass plant, a brass plant the Grey-Dort works, and the Auto-Top Co. at Tilbury, besides other smaller manufacturing plants. To Kent the proposal seems particularly acceptable because people of all parties there feel that in their energetic and popular young member they will always have even when he is raised to a non-representative body like the senate a keen advocate of agricultural reforms such as those he advocated last year for securing a standardization of parts for agricultural implements used throughout Canada and at the same time have in the commons and cabinet a member with a keen and thorough understanding of the industrial situation. Thus the county will have represented the two elements contributing to its prosperity.

The new senator has had a full public career ever since 1900 as a farmer and manufacturers agent. He is known in his county to both city and country. He was for five years elected alderman of Chatham, then elected for one term to the Ontario legislature then for two terms to the federal house in 1908 and 1911 for West Kent, and for one term in 1917 for the whole county of Kent. He is one of the best campaigners in Canada, and it is doubtful if any member enjoys the popularity with his constituents that does Archie McGoig.

Trade With Cuba.

The Fredericton Board of Trade has received from the office of the Canadian Trade Commissioner at Havana, Cuba, a letter giving information concerning trade possibilities of that island Cuba exports sugar both raw and refined, tobacco and fruits in imports the island takes, grain, coal, paper, potatoes, farm produce, machinery, motor-vehicles and dry goods.

WONDERFUL RECORD MADE BY CANADIAN HOLSTEIN

Montreal, Jan. 4.—De Kal Plus Segis Didie, now comfortably housed at Vaudreuil, near here, has broken all world's records in 1921 by the production of 32,668 pounds of milk, which gave 1,438.98 pounds of butter. DeKal is one of an accredited herd of Holsteins sheltered on the Raymondale farm of Donat Raymond at Vaudreuil. Her output for the year is certified by C. S. Wood, chief inspector, and R. S. Hamer, live stock commissioner for the Dominion of Canada. The best previous record for milk production was the 30,637.2 pounds by Raphaela Johanna Aaggie 3rd.

TROUBLESOME PROBLEMS OF THE CONFERENCE ARE NEARING A SOLUTION

Conversations Over the Shantung Issue Are Likely to End Today—A Final Agreement in Sight Over the Question of a Revised Chinese Tariff—Progress Made in Naval Limitation Plan.

Washington, Jan. 4.—After a five day New Year's breathing space, the arms negotiations were resumed today with an impetus that swept some of the most troublesome problems of the conference almost to the point of decision.

Uppermost among the separate discussions which appeared tonight to be approaching a conclusion was the controversy between the Japanese and Chinese over Shantung. It was indicated that the conversations may end tomorrow, one way or the other and that the predominating belief was that the result would be agreement rather than a final deadlock.

A CHINESE AGREEMENT

A final agreement was also in sight on the question of a revised Chinese tariff. After a long argument the tariff sub-committee came together on a proposal to increase China's tariff schedules under an international commission plan, and the far eastern committee of the whole is expected to ratify the decision tomorrow.

Among the naval experts so much progress was made with technical details of the naval limitation plan that in some quarters it was declared final disposition of the subject was only a question of hours. Precise regulations for scrapping ships and details of replacement were numbered among the day's agreements in the naval sub-committee.

On the question of submarine regulations, which was waited on further advice from the foreign capitals, Japan contributed another step toward decision by accepting in principle the Root resolution proposing to outlaw the use of submarines against merchant vessels and to make violations of submarine regulations acts of piracy. Italy alone remains to accept the propositions and a discussion by the full naval commission may take place late tomorrow.

At tomorrow's meeting of the Far Eastern committee, however, new troubles may be encountered through China's request that the famous "twenty-one demands" be brought up for conference discussion. A protest was lodged by the Japanese just before the last meeting of the committee adjourned and what promises to be a stubborn debate is expected by some delegates before the point is decided.

FRANCE WANTS TO STRENGTHEN TIES WITH HER WAR ALLIES

Cannes, Jan. 4.—With the air full of talk of an alliance between France and Great Britain as the only means of keeping the entente intact, Premier Briand and Prime Minister Lloyd George today resumed their conversations which were begun some days ago in London.

"The conversations are continuing," was the only comment the French premier would make after a two hours' talk with Lloyd George this afternoon.

General reticence is being observed by the principals of the British delegation on the eve of the opening of the Allied supreme council meeting regarding such an alliance. Premier Briand said before going to the British prime minister's villa this afternoon that it might be putting it rather strongly to talk of a formal alliance. Yet, he said the policy of France all along has been to strengthen her ties with her war allies, since this seemed essential to a settlement of European problems.

Members of both the French and British delegations are agreed that the situation is grave and that the entente powers must come closer together or they will drift more widely apart. The difference of opinion appears to centre around the question of who ought to make the concessions necessary to bring about closer accord. The atmosphere throughout the day was generally pessimistic. Premier Bonomi of Italy arrived on the scene late this afternoon and he expected to see Premier Briand and Lloyd George during the evening.

TWO MILLION PERS IN CHICAGO

Chicago, Jan. 4.—Charles A. Gregory, prohibition director for the Chicago district, today announced that doctors in the district issued 2,189,000 liquor prescriptions in 1921. At an average cost of \$3 a pint for the liquor and \$2 for each prescription, this liquor cost nearly \$11,000,000, it is estimated.

CAME IN WITH THE NEW YEAR

Revere, Jan. 4.—The first 1922 baby to be born in this city arrived at 12:01 a. m. Sunday. The parents are Mr. and Mrs. George Baragell of 41 Beachland av. It is their sixth child and second girl. L. A. Gagnor, Chief Game Warden, is a guest at the Queen.

MANIFESTO ISSUED TO THE PEOPLE OF IRELAND BY THE SEIN FEIN PUBLICITY DEPT.

COMMISSION REPORTS ON HYDRO WORK

Survey of St. John-Moncton Transmission to be Finished in Few Days—Moncton Wants Current.

The New Brunswick Power Commission composed of E. A. Smith, ex-M. P. P. of Shediac, L. A. Dugal, ex-M. P. P., of Edmundston and C. O. Foss of St. John, is here today in the connection with the meeting of the Provincial Government. A report was presented to the government this morning, stating the progress made by the Commission on the work during the month.

Dr. Smith chairman of the Commission stated today that the work of hydro-development which is being carried on in various places in the Province was proceeding satisfactorily. For some time past a survey for a transmission line from St. John to Moncton has been under way. Dr. Smith states that it will be completed within a day or two. If arrangements are not made for consumption of current at St. John, Moncton is ready to take current and Dr. Smith expects that a line will be constructed to that city.

Partnership Dissolved.

Thomas R. McIntyre of St. George and John S. Knight of St. Stephen have dissolved a partnership existing under the name Magaudavie Garages at St. George and St. Stephen. In future Mr. McIntyre will conduct the business at St. George and Mr. Knight that at St. Stephen.

OFFICIALS ARE HELD

New York, Jan. 4.—Three high officials connected with federal prohibition headquarters in this city, two politicians and several alleged fake drug concerns were named in a secret indictment charging conspiracy to defraud the government returned a few weeks ago by the federal grand jury investigating enforcement of the Volstead Act and unsealed today.

The jury took two months to formulate the indictment, which charges collusion between government officials and others to procure issuance of large quantities of liquor in excess of the amount called for by basic withdrawal permits.

Returned To Halifax.

Walter Horncastle who has been visiting his parents here for the past three weeks, had returned to Halifax to resume his duties with the Royal Bank of Canada in that city.

S. S. Ryan, ex-M. P. P., of Moncton is in the city today.

WILL RECOGNIZE KING GEORGE

DeValera Asks Irish People to Save Reconciliation From Being Lost Through the Short Sighted Expediency of Politicians — Alternative Proposals Contain Seventeen Heads.

Dublin, Jan. 4.—The Sinn Fein publicity department immediately after adjournment of the Dail Eireann late this afternoon issued a long manifesto to the Irish people in the name of Eammon De Valera, accompanied by his alternative proposals to replace the Anglo-Irish treaty, now being considered by the Dail. Mr. De Valera in the manifesto urges that there is opportunity for general reconciliations between Ireland and Great Britain and asks the Irish people to save reconciliation from being lost through the "shortsighted expediency of politicians."

Mr. De Valera's alternative proposals contain seventeen heads, with detailed schedules, and contemplate association with the states of the British commonwealth.

In addition the proposals declare that for purposes of the association Ireland shall recognize his Britannic Majesty as head of the association. The document while laying down an independent status for Ireland is similar in detail to the text of the treaty negotiated at London.

NO OWNERSHIP OF LAND ALLOWED IN RUSSIA

Moscow, Jan. 4.—The All-Soviet Congress, before closing tonight, adopted a number of land reform plans suggested by M. Ossinsky, Commissar for Agriculture who said the indefinite land policy of the Soviet had created distrust and uncertainty among the peasants. This fact, he declared, had contributed to the decline in agriculture.

M. Ossinsky said the Government must make clear the fact that the peasants do not own the land and that it must be neutral and not decide whether they should cultivate the land as communes, as cooperative organizations or in small holdings. He urged however the necessity of encouraging the cooperative societies as much as possible, without prescribing the form of their cooperation.

Miss Marie Feeney has gone to Montreal, where she will study nursing in the Montreal General Hospital.

STEWART IS DENIED APPEAL; LIKELY TO BE SENTENCED TODAY

Newcastle, Jan. 4.—When the supreme court resumed this morning, Daniel Mullin, K. C., on behalf of Millet Stewart, who was convicted of manslaughter, moved for a reserve case on the grounds that the jury was improperly summoned, that the judge did not charge the jury on the point of accomplices and that the protection of the prisoner, who did not testify on his own behalf, was not granted, as the prosecution had made reference to the fact that the prisoner had given evidence before the coroner's jury.

After hearing arguments by both Mr. Mullin and Hon. W. P. Jones, K. C., Judge McKeown refused the application for an appeal case.

The prisoner will be sentenced before court adjourns, likely tomorrow. The trial of William Stewart charged with a serious offence, was begun behind closed doors this afternoon.
