Conversazione at U.N.B. Brilliant Entertainment; Many Here From Outside

The undergraduates of the University of New Brunswick were hosts to their friends from various parts of New Brunswick Friday night the occasion being the Conversazione or "Con" as it is known to hundreds of alumni all over Canada.

The "con" of 1922 equalled those of former years in every particular. The decorations of the Arts building in which the entertainment has been held from its inception were particularly striking each class taking some portion of the building for its especial effort.

Upwards of three hundred invitations were accepted many from points outside of Fredericton and the scene was one of beauty. The dance program consisted of eighteen dances and three extras. The main hall of the building was used for dancing classrooms, and other rooms for sitting out and cards and the library for the serving of refreshments.

Entrance to the building was secured by the west door the main entrance being closed. The Freshman class had charge of the decorating of the old mathematical classroom turning it into "A Winter Scene." The Sophomores turned the old chapel into a Japanese Interior. The main hall was ably dealt with by the Junior class and the Library by the seniors.

The Forestry draughting-room was used as a trophy room. The cups won by the university in athletic concluded the Summer Trophy for hockey last winter and the Clark Trophy for rugby football last autumn. The intercollegiate track trophy which was awarded to U. N. B. when lastly competed for was there in addition to other trophies handed down from bygone years.

Different Committees.

The managing committee of the "Con" deserve great credit for the way in which matters were handled. The officers were:—President, J. L. W. Harris, Moncton. Vice President Miss Marjorie Tracy, Fredericton, Secretary, Raeburn S. Hawkins, Fredericton.

The Refreshment committee had Charles E. White of St. Stephen as chairman and the Decorations Committee Murray V. Cain of Fredericton as its chairman.

The chaperones were Mesdames C. C. Jones, A. F. Baird, John Stephens and L. W. Bailey.

THAT IS WHY WE WANT TO SELL YOU A

DE LAVAL Cream Separator

Users of DeLaval Cream Separators have carried away every First prize awarded at conventions of the National Creamery Buttermakers' Association during the last twenty-five years. The record is unbroken.

That ought to be proof enough that cream separated by the DeLaval is superior to any other.

The reason is that the DeLaval bowl design, together with low speed, enable the delivery of butter-fat globules unbroken in their natural condition.

THE NEW DeLAVAL is the "BLUE RIBBON" separator.

You can buy a New DeLaval from us on liberal terms. Come in and look it over and see how the Bell Speed Indicator works.

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjanga" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.
